

BOX CAR AVENUE BEATS KINSTON HOUSING PROBLEM

Kinston, May 19.—Boxcar avenue has come into being here. It isn't much of a street yet, but it is an interesting experiment. Five families, two white and three colored, are occupying box cars on the Norfolk Southern yards here and are getting along quite happily, thank you. The landlord calls for the rent and there is no bother about repairs; the company owns the "dwellings," and it is understood the occupants have to rent to pay. The cars are on little-used sidings, and there is only one possibility of a family going to bed in the vicinity of East and Cass streets and waking up next morning on the other side of town. Of course, such a thing could happen, but if it does the trainmen will take pains to avoid any unnecessary jostling and smashing of furniture and shunting of babies from cribs into coal boxes.

The heads of the families on Boxcar avenue are section workers of the Norfolk Southern who could not find suitable houses elsewhere nor lodgings at reasonable prices. They have fitted up the "dwellings," loaned them by the company as easily as possible. There are curtains at the windows, furniture nicely arranged, cook stoves and all the other paraphernalia which goes into the making of a well-ordered cottage home. If the box car community becomes a permanency there will probably be gardens and chicken yards.

PAGE PROMISES HE WILL NOT BE A RUBBER STAMP

Ahokee, May 19.—"If I am elected governor of North Carolina I will not be a rubber stamp," Robert N. Page told a large gathering of Hertford county voters here today when he began the third day of his which wind invasion of the east, which is to take him as far as Beaufort before the close of next week.

The assertion was a reply to the charge that the executive's office had been deprived of all its power. "No one," he said, "can say that Vance and Aycock were without power. They were backed by the sentiment of the people of this great commonwealth and accomplished the things they had promised the people they would accomplish."

'YES' OR 'NO' WHICH DO YOU SAY?

Folks With Thin, Pale Blood Hesitate—Feel Uncertain SHOULD TAKE PEPTO-MANGAN

Red-blooded Men and Women Know What They Want To Do and Do It

If maybe you are just recovering from a sick spell—or maybe your system is run down and your blood so weak that you are in a poor shape to resist infection—

But if you don't feel and look robust you are not robust. Such state is often due to weak blood, not enough red blood cells, a condition known as anemia.

The best remedy for anemia (bloodlessness) with its low mental and physical vigor is Gude's Pepto-Mangan.

Pepto-Mangan supplies the weak, watery blood with the very elements it needs to put new life into it. It repairs, re-creates, and re-builds the exhausted blood, the vital fluid of health and life. Try Pepto-Mangan if you are "run-down." It cannot harm you—it will certainly help you unless you have some deep-seated physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. For sale at all druggists.—Advertisement.

BANKERS URGED NOT TO LEND FOR SPECULATION

Kansas City, Mo., May 21.—"The Kansas bankers of the country are determined there shall be no more \$25 shoes and \$150 clothes," Richard S. Haves, St. Louis, president of the American Bankers' Association, told the annual convention of the Missouri Bankers' Association here today. He urged the bankers to refrain from lending money for speculation in food and land.

MURDER MATE NOT GUILTY OF MURDERING HIS CAPTAIN

Washington, May 19.—Charles Lacey, negro mate of the ill-fated schooner William H. Sumner, was found not guilty in federal court today on charges of murder of Robie E. Cornwell, master of the ship. Lacey was arrested in September. It had previously been reported that the skipper had committed suicide and that later the ship had gone down at Topsail In-

let. Lacey was tried in November, but J. L. Cornwell, wife of County Auditor Cornwell, which occurred shortly after midnight as the result of a self-administered dose of creosoline. Mrs. Cornwell had been in ill health for some time, and despondency is thought to be the cause of her rash act. She was most prominently connected throughout this section, the Rocky Mount, May 21.—Sad news death coming as a most unexpected death last night in Nashville of Mrs. Lacey in the community.

BARNES & HOLLIDAY CO.

They used to call a man a "sport", when he bought an automobile

THAT was before the days when pretty nearly everybody owned one—or could, if he wanted to.

There was a lot of waste about motoring in those days. A man spent a lot of money on his car and never thought very much about what he was getting in return.

When a man buys a tire nowadays he has a pretty definite idea of what he expects to get out of it.

The dealer who sells him one that gives him less than he expects isn't likely to get any more of his business.

That's one of the reasons why we handle U. S. Tires—and recommend them to the

motorists of this community.

The U. S. reputation for quality is not built on any one tire.

There is not one standard for large U. S. Tires and another standard for small ones.

Every tire that bears the name "U. S." is built the best way its makers know how to build it. The oldest and largest rubber concern in the world cannot afford to play favorites in seeking its public.

Come in and tell us what you are looking for in tires.

We can probably tell you whether you need a U. S. Nobby, Chain, Usco, Plain, or a Royal Cord.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cord.
