Electric Poker

A few instances in the history of plants were profitable. But not so here. Dunn, according to members of the board of commissioners, is losing a about \$0,000 a year through operating its electric plant.

An offer of the full value of the plant is made by the Carolina Power LOST .- ON THE NIGHT THE MIand Light Company and a guarantee of adequate service is made by the same company—at a lower price.

The Newberry case, in which the admitted expenditures were nearly \$200,000, is one of the most notorious scandals of American politics.

A. B. doesn't like to bring trouble to anybody, but if one invites trouble, A. B. is there to give it to him.

It is probable that the agent and his deputies will make an active drive in the near future against the distillers in this section. He will play no favorites. Wherever evasions of the law are reported, there he will too And wherever he finds trouble, there he will tackle it.

Gloring Lights

Everybody is against the speeder—even those who themselves speed. But it is seldom that we hear anything against the fellow who has a glaring headlight and neglects to "dim" when he meets another autoist in the read.

headlight and neglects to "dim" when he meets another autoist in the read.

Speeding is dangerous to those he travel with the speeder, but the fellow who refuses te dim his giaring lights is a danger to innocent persons. There, is of course, a law against glaring lights, but the law is too vague to enforce.

The Dispatch wishes to appeal to all who drive cars to exercise a little thoughtfulness while traveling at night.

bringing the delegates face to face with some of the most complicated questions of the whole negotiations. Meantime, naval experts will continue their work on details of the American reduction plan and the land armament negotiations will wait for the more pressing topics of discussion to be disposed of. Sub-committees will be organized to begin investigation of such collateval issued as airplanes, poison gas and the rules of warfare, but if a compressive plan for land armament limitations is to be worked out at all it will be in a later stage of the conference.
