MILK DRINKING IN THE JOHNSTON CO. SCHOOLS

Surveys Made in Benson, Clayton and Smithfield; Tests To Be Conducted Here

As a result of the surveys made by Misses Garrison, Bridge and Swain who put on a "Milk Week" demonstration in three towns of the county last week, it was found that a larger per cent of school children in Smithfield are drinking milk than in Benson or Clayton. However, the per cent of the children drinking milk here is only 63 per cent. Benson comes close with 60 per cent, while only 47 per cent of the pupils at Clayton are reported as milk drinkers. The comparison is based upon 445 pupils present at Smithfield the day the survey was made, 280 drinking milk, and 214 drinking tea and coffee; at Benson, 342 pupils present with 206 drinking milk and 136 drinking tea or coffee; at Clayton, 472 pupils present, 220 drinking milk, 232 drinking tea or coffee. The survey from the Ivanhoe Mill school was not included above.

As a result of the study in the local school plans are being made to make some milk tests. Certain children who are underweight will be given milk at regular intervals during the day and their progress watched. Miss Kennette, primary supervisor, will probably have charge of the test. Mr. James Myatt, our enterprising dairyman, has kindly offered to furnish the milk free of charge for the test. Mr. Myatt has been very much interested in the campaign and has offered a number of cash prizes for essays and posters in the school.

Not only has Mr. Myatt shown an interest in the work but the drug stores, women's club, pupils and teachers of the school, merchants and others have all contributed to make the campaign a success. Cash prizes have also been offered by the drug stores.—Smithfield Herald.

He is a native Texan and was educated in Tennessee. He is a typical Southerner, but he says of himself—"I am more an American."

What others say of him: "Twelve thousand people simply went wild.—San Francisco (Calif.) Call.

WHITFIELD MAY BE CANDIDATE IN THIRD

Clinton, April 12.—Capt. Fitzhugh Whitfield announces that he will probably be a candidate for Congress in the event Congressman Brinson declines to run again.

Capt. Whitfield served in the World War, seeing active service as captain of company H, 119th Infantry, 30th Division. He had previously served on the Mexican border as a Lieutenant, receiving his promotion to the captaincy while on the German front. He was mentioned as a possible candidate for Congress in 1918, but declined to consider the idea, as he thought that his duties in the army, from which he had not at that time retired, were more important than any service he could then render as a member of Congress. Capt. Whitfield has been active in politics for a number of years. He managed the Wilson pre-convention campaign in this section in 1918, he served as a member of the Congressional committee for the Third District and is now Chairman of the Democratic Executive Committee for Sampson county.

JOHN MCCORMACK IS BATTLES FOR LIFE

World-Famous Tenor, Reported Seriously Ill At New York

New York, April 13.—John McCormack, world-famous tenor, tonight was reported to be battling for life in his Park Avenue home, where he is suffering from a severe attack of the throat. His physicians announced that, while they believe the crisis was passed last night, the danger was not out of danger.

Mr. McCormack, who was taken seriously ill last Saturday at his home, he was feared to be suffering from a combination of throat afflictions.

These complications were due to a general infection of the throat, causing blood poisoning. On Monday, according to the physicians, the singer's throat had become so swollen that he was threatened with death by choking. He suffered a similar attack on Tuesday night, and was seriously ill all day yesterday.

According to the physicians, Mr. McCormack's singing voice will not be impaired through the attack, although they say he will be unable to sing for at least three weeks.
