RELATES STORY OF BATTLE AT MINE
Inquiry into Clifton Mine Clash Adjourned Until Friday; Testimony

Wellburg, W. Va., July 18.—The inquest into the death of Sheriff M.H. Duval and three other men who were killed in the attack on the Clifton mine, near Cliftonville yesterday, was adjourned late today until Friday when it became evident there was some confusion in the mind of a foreign witness who was testifying through an interpreter.

The witness, a Hungarian non-union, while reciting his story of the fight, said he saw two men standing near the tent colony and firing at the deputy sheriffs. He later withdrew this statement, and it was explained that the interpreter was unable to

determine just what the witness meant.

Other Witnesses
Deputy sheriffs who took part in the fight were the other witnesses. George Caldwell, a prominent Wellburg business man, testified that the invaders rushed down the hill firing and yelling as they ran, and drove the deputies to cover behind a freight car. Here they were subjected, he said, to a heavy fire from the tent colony. He detailed the fight around the tipples, saying that the mob charged the deputies three times before they were finally driven off. High J Radcliffe, another deputy, started the jury by declaring that he had seen six dead men during the fight. The official account of the dead so far is Sheriff Duval and three of the attacking party. Another witness, J. C. Edwards, mine superintendent, said the wounded had been taken from the mine and given first aid at a farm nearby. The owner of the farm, who was said to have been a former union miner, was arrested and taken to Wheeling.

W. S. Wilkena, prosecuting attorney of Brooke county, said tonight that as soon as the inquest is completed, the evidence would be laid before a special grand jury, and if indictments were found the accused would be brought to trial within a month.

JOHNSTON COUNTY CAN BOAST 3 BEST JERSEY COWS IN STATE
Smithfield, July 18.—Johnston county has the distinction of having the three best jersey cows in the state. I. F. Uzzle, who lives six miles

of here at Wilson's Mills, owns these cows, being a part of his dairy herd. Mr. Uzzle has just received a letter from Stanley Combs, Dairy Experimentalist, which informed him that his three Jersey cows, Pogue, Mona's Damsel, and Grace, had beat the former senior 4-year-old state record. Pogue exceeded the state record by about 150 pounds. This goal was not reached all at once but is the result of persistent effort on the part of Mr. Uzzle. He now has a herd of 50 cows all of which are of eminent blood.

LOCATING THE KNOCKERS
The men who knock a town in which they live, usually are the very one who fail to pay poll taxes, and neglect to vote on election day—Marion Program.

How seldom do we have anything to say that is worth saying.
If it wasn't for the payroll, business would be a happy pastime.

Every member of an organization is a salesman and the goods themselves are salesmen, too.

Every man enjoys being cheated by a taxi driver at least once, because he can then boast about it.

A salesman can't help gathering in a decent quota of orders if he will expose himself to enough buyers.
