

THE DUNN DISPATCH

VOLUME X.

DUNN, NORTH CAROLINA, APRIL 20, 1923

NUMBER 9

BLOODHOUND FINDS HUSBAND

Life Of Bridgeton Farmer Despaired Of When He Left Home

New Born, April 18.—Ending a day of anxiety for the family of the man, a bloodhound late last night led a party of searchers to Ed Gaskins, well-to-do Bridgeton farmer, who had disappeared from his home in the morning armed with a shotgun, behind a tree some 400 yards in the woods back of his farm.

Mr. Gaskins, a man of between 55 and 60 years, had been in failing health for several weeks, and when his family learned shortly after 10 o'clock yesterday morning that he had gone off into the woods with his gun they became alarmed and began a search. During the afternoon over a hundred relatives and friends gathered at the Gaskin farmhouse, two miles west of Bridgeton, and took up the hunt.

Late in the afternoon the report of a shotgun was heard in the direction which Mr. Gaskins was thought to have taken, and it was concluded the fatal act had occurred. When renewed efforts to locate him failed a bloodhound was ordered from Washington. It arrived at 10:30 and in less than thirty minutes after it had been given the scent from a piece of the lost man's clothing, the dog led the searchers to Mr. Gaskins crouched behind a tree.

Mrs. Gaskins who was near a collapse when her husband was found was unable to account for his actions, further than charging them to his mental condition. Members of the searching parties also were unable to explain why they did not find him as they scouted the woods through the afternoon and night. It was concluded that he had evaded them. He told his son, Lon Gaskins, who was first to approach him in the woods, that he was lost.

Judge Lets World War Hero Off Light

First American Prisoner Of Germans Tried On Liquor Charge

Staunville, April 17.—Edgar M. Hallyburton, world war veteran, the first American soldier to be made prisoner by the Germans was up before Judge E. Yates Webb in Federal court yesterday charged with transporting whiskey. The evidence showed that the young ex-soldier was with another man who had in their possession forty gallons of liquor. Both had a hearing before the local authorities and bound over to the April term of Federal court which convened here yesterday. Hallyburton's companion in the difficulty, who had been in trouble of this kind before, failed to appear for trial. Hallyburton's conspicuous part in the world war, his good character and the fact that he had never faced a similar charge before was greatly in his favor, the presiding judge let him off with a fine of \$150.

WOMAN FRUSTRATES AN ATTEMPT AT BOLD BANK ROBBERY AT COUNCILS

Wilmington, April 18.—An attempt to rob the Bank of Councils, at Councils, Bladen county, early today, was frustrated by Mrs. A. G. Holmes, who attracted by a noise in the rear of the bank building, flashed a light in her home across the street, frightening the robbers. The intruders broke open the outer door of the building with axes stolen from a section rhynt and battered the outer door of the heavy safe before they were frightened away.

A BUSINESS CHANGE

The Barnes & Holliday Company Tuesday moved their furniture stock from the building now owned by Fleishman Brothers Co., Broad St., into the building formerly used only as a hardware department and into the company's warehouse. A furniture show room has been arranged in the warehouse, which will be used for that purpose until more suitable quarters can be secured.

The Fleishman Brothers Company will begin at once to remodel their building, which they will use for their department store when it has been thoroughly overhauled and converted into what will be one of the most modern store buildings in this part of the State. They expect to move into the building next fall.

M'GOUGAN HEADS MEDICAL SOCIETY

Well-Known Fayetteville Physician Elected President State Medical Society

Asheville, April 18.—Dr. J. Vance McGougan, Fayetteville, was elected president of the medical society of North Carolina and Raleigh was selected as the next meeting place of the society at its session here this morning.

The report of the committee submitting nominations for all offices and committees was made to the house of delegates of the organization shortly after that body convened to take up the business matters of the second day's meeting of the doctors. This report was compiled at a meeting of the committee last night and was placed before the house by Dr. Albert Anderson, its chairman. It was unanimously adopted, which was equivalent to an election of all nominees, and the selection of the next convention city.

The other officers chosen were as follows:

Dr. J. L. Spruill, Sanatorium, first vice-president; Dr. Eugene B. Glenn, Asheville, second vice-president; Dr. D. A. Garrison, Gastonia, third vice-president; Dr. L. B. McBrayer, Sanatorium, secretary-treasurer.

Forest Protection Week April 22-28

Harnett County Is Now Co-operating in Forest Fire Prevention Program

Forest Protection Week, April 22-28 has been designated and set apart by the President of the United States and endorsed by the Governor of North Carolina for the purpose of impressing on the minds of the people the necessity of protecting the forest lands from destruction by fires and other agencies. It is difficult for

the need for this work. We have always had an abundance of timber but the fact is that if the present rate of cut and the forest fires continue in fifteen years our old timber will be removed and the State will hardly be self-supporting in the timber industry. With two-thirds of the State now potential forest land there is no reason for such a condition except that forest fires are building up great areas of waste land where should be stands of young timber approaching maturity. Every year through the thoughtlessness and carelessness of the people the State is losing over a million dollars from forest fires, and with a shortage of timber almost upon us we must stop the fires or suffer the consequent timber famine.

The North Carolina Geological and Economic Survey is handling the cooperative fire prevention work of the State and National Government. Work is conducted on a county basis, the Survey supplying as much as the county for the work in any county. At present inadequate State funds have delayed the work, but the last General Assembly slightly increased the appropriation and more counties will be allowed to co-operate after July 1. Counties now cooperating are Avery, Beaufort, Buncombe, Burke, Caldwell, Cherokee, Clay, Columbus, Craven, Cumberland, Harnett, Haywood, Henderson, Madison, McDowell, New Hanover, Pamlico, Pender, Robeson, Sampson, Swain, Transylvania, and Watauga. In cooperating counties work is conducted by an organization of local forest wardens under the supervision of the Forestry Division of the Survey.

Harnett county is cooperating with the Survey in forest fire prevention and the interest of the people is gradually being aroused to the work. With the present limited funds it is more a case of what can be done with money rather than what should we do. The forest wardens in the county are making the money go as far as possible by working hours for which no charge is made and every month more people are careful with fires. As the interest of the people increases the number of fires decreases. It is the duty of every person who does understand the necessity for forest protection to inform those people who do not yet understand and it is also the duty of every person to help fight fires. Every fire is very small at one time and some one sees nearly every fire while it is small and could stop it with but little effort. The solution of the forest fires menace is then that every person must first start no fires and second that every person should go to a fire at once and stop it.

Negroes To Hold Garden Meetings

Meetings To Be Held At Duke And Lillington On Tuesday, April 24.

A meeting for colored people will be held at the colored school building at Lillington on Tuesday, April 24, at 2 o'clock in the afternoon and at the colored school building at Duke at 7 o'clock in the evening of the same day. The meetings were called by Asa D. Herring, colored farm demonstration agent in the Dunn District, in the interest of the "Live-At-Home" program now being waged.

The meetings will be addressed by L. E. Hall, colored district demonstration agent. As has been stated in The Dispatch, Herring is organizing a "Negro Garden Club," the motto of which is "Live at Home." The purpose of the club is to encourage every negro family to have a garden this year.

The week of April 22-28 has been designated as "National Garden Week" and the following plan for observing the week has been outlined:

1. Clean Up—Get rid of all rubbish, broken down fences, and other unwholesome objects about the premises.
 2. Brighten up—Paint the building, plant the barren spots with grass, flowers and shrubs. Define the avenues of travel. Give the place neatness and order.
 3. Plant shade trees of some good native variety.
 4. Plant a good all the year garden to serve vegetables fresh from the garden every day.
 5. Keep it up—Don't stop when the week is over. This is just the beginning. Plant perennial flowers and shrubs. These bloom or live over year after year and get better as they grow older.
- Take good care of the whole plantation.

MR. ALEX. NORRIS PASSES

Alex Norris, aged about 74 years, died Wednesday morning at 4:30 o'clock at his home, two miles south of Dunn, of the infirmities of old age and was well and favorably known. He was a member of the Primitive Baptist church in Dunn, and was a good man. Interment was made yesterday afternoon at 3 o'clock in the family burying ground.

Girl Is Held On An Incendiary Charge

Thrice Kidnapped 13-Year-Old Edna Eatmon And Tomlinson Held Under Heavy Bond

Wilson, April 18.—Edna Eatmon, the thrice kidnapped 13-year-old daughter of D. B. Eatmon, of Oldfields township, who eloped with 18-year-old Richard Ernie Tomlinson, and was married at Dillon in February 5, is again in trouble.

Monday night last her father's home with contents was reduced to ashes, supposed to be the work of incendiaries. Tuesday afternoon she, with her husband, was arrested and brought to this city, where she spent the night in jail. Arrangements had been perfected to send her to the state reformatory, but this morning a warrant was sworn out charging her with aiding and abetting in the burning of her father's home. She is being held in default of a \$5,000 bond. Young Tomlinson is under heavy bonds for kidnapping.

Ernie Tomlinson and his father have each sworn out warrants against Mr. Eatmon, asking that he be placed under peace bonds.

T. E. Cooper Again Charged With Fraud

C. E. Bethes Also Named Defendant in Suit Brought By The Bank Of Pembroke

Raleigh, April 17.—T. E. Cooper and C. E. Bethes, former officers of the defunct Commercial National Bank, of Wilmington, are charged with fraud in a suit brought by the Bank of Pembroke against them for the recovery of \$2,500, alleged to have been obtained on false securities, it was learned at the state banking department today.

The suit has been filed in Robeson Superior court and is scheduled for hearing May 16. Cooper and Bethes are alleged in the proceedings to have given as security for the \$2,500 loan a sealed envelope, containing stock in a bank liquidated several years ago. The envelope was not opened, it was said, until after the failure of the Commercial National Bank.

WADE NOMINATED AGAIN FOR MAYOR OF TOWN OF DUNN

Defeated J. W. Whitehead In Tuesday Primary By A Vote Of 459 TO 222

Female Vote Almost Equals That Of Males

Board Will Have Two Old and Two New Members

Wesley B. Thompson Defeated W. H. Newberry In Third Ward—Primaries As A "Friendly Affair" In Lucknow Square This Morning

J. I. Wade was nominated mayor of Dunn in Tuesday's primary over J. W. Whitehead, Wade receiving 459 votes and Whitehead 222. E. M. Warren was nominated as commissioner of the first ward over his two opponents—N. B. Lee and G. W. Butler. Warren received 327 votes, Lee 288, and Butler 54, giving Wade a majority of 18 over his opponents. F. A. Lee was nominated as commissioner of the second ward over P. T. Manning. Lee receiving 547 votes and Manning 112. Wesley B. Thompson was nominated as commissioner of the third ward over W. H. Newberry, incumbent. Mr. Thompson received 332 votes and Mr. Newberry 324, giving Mr. Thompson a majority of 8 votes. E. M. Warren was nominated in the fourth ward without opposition. Ellis G. Newberry, incumbent, did not offer for re-election.

A total of 681 votes in a registration of 621 were cast in the number voting 331 men, the woman vote being equal to that of the males. Candidates and their "friends" were heard in getting out the vote. The primary passed off quietly and what might be termed a "friendly affair." As will be seen from the contest in the primary, the world over, the most enlightened and progressive agricultural districts are found where livestock products are one of the chief sources of income.

The new board of commissioners will be composed of two old members and two new. The members holding over are R. M. Warren and P. A. Lee, while the new members will be E. M. Warren and Wesley B. Thompson. Mr. Goldstein, who did not offer for re-election from the fourth ward, and Mr. Newberry who was defeated by eight votes, have both served on the board for a number of years and have served the town faithfully, always standing for the progressive measures that presented themselves for consideration by the town fathers.

A primary or election without an issue would be a very tame affair, indeed. The issue of the recent primary was Lucknow square. Just how this matter became an issue only the trained politicians seem to know, but it had its weight.

The unusually large vote cast by the female voters was another feature that is hard to account for. The ladies became interested and they voted and voted strong.

Recorder's Court

Number of Law Violators Faced Recorder Godwin at Yesterday's Session

A number of cases were "adjudged" before Recorder R. L. Godwin yesterday, most of the defendants being charged with violation of the prohibition laws. Eight defendants, six white and two negroes, were found guilty of being drunk. Six of these were fined \$5 each and the cost, while two whites were allowed to go free upon payment of the cost. Other cases disposed of included one white man found guilty of trespass and taxed with the cost, one negro found guilty of assault upon another of his color, fined \$10 and cost, and one negro woman found guilty of immoral conduct, who was taxed with the cost and required to stay out of Dunn for a year.

Henry Ford (not the one you've heard so much about) was found not guilty of enticing labor away from the Tilghman Lumber Co. Alton Sorrell of Duke township forfeited a \$50 bond put up recently for his appearance in court to answer the charge of being drunk and an assault.

Six of the cases appearing on the docket for trial at yesterday's session were continued until next Thursday's "term."

Serious Shortage Of Labor In South

All States Except Florida and Alabama Need Hands. Farm Work Delayed

Atlanta, Ga. April 17.—Serious shortage of labor is indicated for all states except Florida and Alabama according to the semi-monthly crop report today of southeastern states by the United States bureau of agricultural economics.

Excessive rains have delayed farm work, the report said, especially of the heavier lands in the upper part of the belt as normal progress has been made in Florida and the southern part of Georgia. Corn will have to be re-planted in some sections due to failure to obtain stands from low temperatures and heavy rains.

Early cotton prospects were reported "good" in Florida, extreme south Georgia and Alabama. Planting and preparation have been "seriously delayed throughout the balance of the territory," the report asserted.

Tobacco transplanting was said to be progressing in Florida, South Carolina, and south Georgia with active preparation for the crop in North Carolina.

Increased acreage in peanuts was indicated in Florida and in north Georgia. The situation in south Georgia was described as "spotted." Movement of Irish potatoes was declared to be underway from Florida and a fair stand reported on commercial acreage in South Carolina.

Watermelons and cantaloupes were said to be growing off nicely in the southern part of the belt. Gardens in the Piedmont section and Tennessee were described as "badly delayed" and freezes on April 1 "very disastrous to the truck crops in North Carolina. North Carolina peaches were reported "almost all killed," except in the main sand hill or peach belt where one-fourth crop is expected. Peach prospects were said to be improved in other sections and the citrus movement is now decreasing in volume."

Young clover in Tennessee was said to have suffered severely from the heavy rains.

The world over, the most enlightened and progressive agricultural districts are found where livestock products are one of the chief sources of income.

It Was Too Much For Hog And Buzzard

Modern Blockade Liquor May Not Kill You Instantly, But It's Something Awful

Winston-Salem, April 18.—Although a man may drink modern blockade "hootch" and survive, a hog and buzzard cannot stand its heady qualities, according to a discovery made a few days ago by a Forsyth county deputy sheriff in the Lewisville section. Mr. Waggoner, the officer, was out looking for moonshine plants when he ran upon a small one made out of a five-gallon oil can with a half-gallon lid bucket for a cap. The other fixtures were just as crude. Around the still were several old fish tubs in which the beer had been made. The fish odor, combined with that of the decaying still refuse, created a terrible smell, says the deputy. Leading out from the still through a wheat field, the officer noticed a path which appeared to have been traversed by both human beings and hogs. Following this path, Mr. Waggoner came upon a dead hog, while close by lay a dead buzzard. The deputy figured out that the hog had yielded the still and ate of the refuse and that before he could get very far away sickened and died in its tracks. The death of the buzzard is attributed to its feeding on the carcass of the hog that had eaten the slop.

Won't Investigate Charges By Dudding

Governor Morrison and Pison Board Confer And Decide Not To Hold Inquiry

Raleigh, April 17.—No investigation of the charges of E. E. Dudding, president of the Prisoners' Relief society of Washington D. C., to the effect that inmates of the state prison, Raleigh, have been treated inhumanly, will be made, the board of directors announced tonight, after a long conference with Governor Cameron Morrison.

One good picture that you can't live without is better than a dozen on the walls that you oughtn't to live with.

EARLY MORNING TRUCK ACCIDENT

Two Fayetteville Trucks In Smashup On East Broad Street Yesterday

A near-serious motor vehicle accident occurred at the intersection of Broad street and Magnolia avenue about 7:30 o'clock yesterday morning, when a large high-powered truck owned by the Coca-Cola Bottling Co., of Fayetteville, struck a smaller truck owned by the Townsend Candy Co., also of Fayetteville. The smaller truck was driven by R. V. Hudson of Godwin, while his brother, E. O. Hudson of Godwin, and N. G. Duncan of Route 4 from Dunn were with him on the truck. While all of them escaped serious injury, they were all slightly hurt when the truck turned over and the windshield was shattered. Mr. Duncan was seriously hurt, suffering a cut on the nose and upper lip, besides other minor bruises.

The Coca-Cola truck was entering Broad street from South Magnolia avenue, while the Ford truck, driven by Mr. Hudson, was going east on Broad. The Ford was practically demolished, while the Coca-Cola truck was not damaged, it striking the smaller truck with such force as to turn it over. The Ford truck was loaded with candy, which was scattered about the street.

D. B. Eatmon's Home Destroyed By Fire

His Daughter, It Is Alleged, Had Been Abducted Prior To Fire. Loss Heavy

Wilson, April 17.—The home of D. B. Eatmon, in Oldfields township, was totally destroyed by fire last night, loss \$5,000, with no insurance, threatens barely escaped with their lives. Besides the household effects, Mr. Eatmon lost \$800 which he had in his pants pocket. It is thought the fire was of incendiary origin. After the excitement had subsided, Mr. Eatmon's daughter, Edna, was found under the impression that she had perished in the flames. Later in the day it was learned that she was at the home of Richard Ernest Tomlinson, the young man who kidnapped her from school on February 23, and eloped to South Carolina, where they were married. Again she was kidnapped after being restored to her father by Judge Kerr, from Buies Creek academy. Tomlinson, his uncle and a brother-in-law are under bonds to answer to charges of abduction. The father of the young lady has sworn out a warrant for Tomlinson's arrest, charging abduction.

Dies From Injuries Received In Tornado

MATTIE DEDMON, WIFE OF COL. ORED FARMER OF WENDELL, DIES AT RALEIGH

Wendell, April 17.—Mattie Dedmon, colored, wife of Jones Dedmon, one of the storm victims, died Monday night at St. Agnes hospital, from injuries received during the tornado that recently passed over this section. A large piece of timber was driven three feet through her side by the wind. She was rushed to the hospital for treatment but pneumonia soon set in and she never rallied. She was buried Tuesday afternoon at Nightwale.

The other storm victims are reported getting on as well as could be expected although a number of them are still in the hospital in a serious condition.

THINK ILL HEALTH CAUSE OF WOMAN'S SUICIDE
Elizabeth City, April 17.—Mrs. Lloyd Halstead whose body was found late last night hanging in the attic of her home near Salem Church in this county, committed suicide because of ill health is the opinion of members of her family expressed today. Mrs. Halstead who was about 27-years-old is survived by a husband and five year old child.

DEMONSTRATION AGENTS WILL MEET HERE TUESDAY

A meeting of the farm demonstration agents of Harnett, Johnston, Wayne, Lee, Cumberland and Sampson counties will be held in Dunn Tuesday of next week. The meeting was called by W. Bruce Mabey, who is in charge of the local boll weevil field station, for the purpose of outlining plans for fighting the weevil this year.

ORGAN RECITAL HIGHLY PLEASING

Program At Methodist Church Last Evening Delighted Large Audience

Musical lovers of Dunn enjoyed a rare treat last evening at the Methodist church when Chas. O. Vardell, Jr., dean of music at Floss McDonald college, Red Springs, gave an organ recital. Mr. Vardell was assisted by Mrs. Bortram Robeson, violin instructor at the same institution. Both Mr. Vardell and Mrs. Robeson are artists in their line, and the recital was highly pleasing to the large crowd present. It might be added that two of the most pleasing numbers on the program were of Mr. Vardell's own composition, these being "Serenade Mignonne" and "Scherzo (from Sonata)." He masters the organ with ease, and "The Sketches of the City," one of the numbers, was vivid with its description and was heartily received, as were the other numbers.

The recital was given under the auspices of the Woman's Auxiliaries of the Dunn Methodist and Presbyterian churches. It was a success in every respect, being one of the very best musical entertainments ever rendered in Dunn.

SEVENTEEN CARS DERAILED ON A. C. L. NEAR WILSON

18 CARS ON A RAILROAD TRUCK TRAIN ON THE ATLANTIC COAST LINE RAN OVER AT CONTENTMENT CREEK, THREE MILES SOUTH OF THIS CITY. A SPLIT SWITCH WAS THE CAUSE OF THE ACCIDENT WHICH TIED UP TRAFFIC FOR SEVERAL HOURS. NO ONE WAS HURT.

DUNN HIGH SCHOOL FROM SELMA HIGH SCHOOL
Dunn playing the second home game of the season beat Selma six to three. The features of the game was the pitching of Stewart, allowing only two hits and fanning twelve men. The heavy hitting of the Dunn team was a feature, out of the seven hits only one was a single. Dowd came across with a triple with two on in the third frame.

BETHUNE GOES OVER TO SUPERIOR COURT

Raleigh, April 17.—William Bethune, State college student, charged with manslaughter on two counts as the result of an automobile accident in which two young Raleigh men were killed several weeks ago, waived hearing when the case was called in city court this morning and was bound over to Wake county superior court for trial. He was placed under \$1,000 bond in each case.

Bethune was driving an automobile which collided with another car driven by Robert Chapell. William Taylor, one of the occupants of Bethune's machine, was instantly killed, and Chapell was so badly injured that he died the following day. Three other occupants were more or less seriously injured.

MARATHON DANCERS STOPPED BY POLICE OF CONNECTICUT
New York, April 18.—The police of East Porter Chester, Conn., today stopped Vera Sheppard and Thelma Gill, marathon dancers, who toured three states after they had been one-stopping continuously in dance halls and moving vans for 68 hours and 40 minutes, a world's record.

Chief of Police James J. Naibley stopped the dancers after they had watched them for about 20 minutes. Chief Naibley said the dancers came to East Porter Chester on their own hook and asked no one's permission to stage the dance. They did not have a license, and neither did the club where the affair was staged, he said. In view of the fact that police officials in other cities had decided to keep the marathoners moving, he did not see that he should be an exception.

THE DANCER'S ACCEPTED THE CHIEF'S POINT OF VIEW A DANCING

The dancer's accepted the chief's point of view a dancing.
