OBITUARY

Carl Sexton Suggs

On Friday May 18, 1923, death entered the home of Mr. and Mrs. Johnnie Suggs and took from them their dear baby, Carl Sexton. He was a dear little boy of 18 months and 27 days.

Little Carl Sexton was sick about twelve days with measles and pneumonia, and all was done for him that faithful parents, physicians and friends could do, but it was all in vain.

It seems so hard to have a dear child of that age taken from you, but dear parents weep not for its suffering is all over, only look forward to the time when you can go and share the heavenly joys with it.

The remains were laid to rest in the cemetery at Pleasant Grove Saturday afternoon and the funeral service was conducted by Revs. J. W. Lucas and Charlie Johnson and was attended by a large crowd of sorrowful friends and relatives. The floral offerings were many and beautiful.

He leaves to mourn their loss a father, mother and one little brother.

FINAL ARE NOW ON AT COLORED SCHOOL

The commencement of the Harnett County Colored Training school began last Friday and lasts through Thursday evening of this week. The baccalaureate sermon was preached Sunday afternoon at 8:30 o'clock in the school auditorium by Rev. Dr. J. D. Digs of Winston-Salem. A crowd that filled the large auditorium to overflowing, including a number of white people, heard the sermon. His subject was, "God's Way of Providing Leaders," and those who heard it declared it most fitting and eloquent. After the sermon Rev. E. N. Johnson, pastor of the First Baptist church of Dunn, made a short talk.

Last night's program consisted of exercises by the second, third and fourth grades. This evening there will be exercises by the fifth, sixth, seventh and 8th grades; tomorrow evening the high school department will hold the boards. Thursday evening there will be an oratorical contest and class day exercises.

Prof. Jaa. W. Vines is principal of the school and has been re-elected for another year.

ORTHOPAEDIC CLINIC

An orthopaedic clinic will be held in Raleigh Thursday, June 7, for the benefit of all crippled children in this section of the State.

The superintendent of public welfare in Harnett county is anxious to have all children in the county who may be in need of orthopaedic treatment attend this meeting. Dr. O. L. Miller, surgeon in chief of the State Orthopaedic hospital, Gastonia, will be in charge and make the examinations. If a child is found to be in need of the treatment given at the State hospital, arrangements will be made for his admission. If the surgeon finds that hospitalization would not benefit the child, he will be saved the trip to Gastonia, where the regular clinic work is done.

All children under fourteen years of age are eligible for admission and parents are earnestly requested to see to it that children in need of orthopaedic treatment attend this clinic. It will last one day only, and will be held in the Wake county clinic rooms from 9 a. m. to 5 p. m., Thursday, June 7th.

Governor Morrison Saturday appointed Heriot Clarkson, a member of the Charlotte bar and a widely known citizen of the State, as Associate Justice of the North Carolina Supreme court to succeed the late Associate Justice Platt D. Walker.

The appointment was made early Saturday morning and Mr. Clarkson accepted the appointment later in the day. Mr. Clarkson managed Governor Morrison's campaign in the two primaries which he entered three years ago.

IMPORTANT MEETING AT SHADY GROVE JUNE 8TH.

The initial meeting of the proposed Sampson County Drainage district will be held at Shady Grove school house on Friday, June 8, at 8 o'clock in the afternoon. The plans for organizing the district, the cost of the proposed drainage and other matters of special interest to the land-owners in the district will be outlined at this meeting.

P. A. Bartel, an engineer from the U. S. Drainage Department, Washington, D. C., and H. L. Godwin, former Congressman from this, the sixth, district, will be among the speakers. Other speakers are also expected to be present and it is important that all who are interested in the project be on hand.

As has been stated in The Dispatch, the drainage district is under consideration covering lowlands in Sampson county.

I joined the Co-operative Marketing association because I thought it would be a good thing for the farmer, not that I expected it to do me any good. But I was sure, and am sure, it can't be a bad thing for farmers to get together and sell their main money product, get in position to hold some and sell some along so as not to glut the market at any one time.

The first year of the association cost more to operate, and get in good running shape, and it is no use to get discouraged. I feel that the "Co-ops" have already accomplished some things; don't think cotton would have reached the high level it did but for them. I have lived a third of a century in this section, and want to see the farmers prosper, and then all can reap some benefit. I hope that I will never be so selfish as to knock anything that is for the good of the entire farming class. Let's give it a fair trial and then decide.
