

# THE DUNN DISPATCH

VOLUME X.

DUNN, NORTH CAROLINA, TUESDAY JULY 10, 1923.

NUMBER 20

## HIGGINBOTHAM IS DECLARED GUILTY

Former Whipping Boss Convicted Of Murder In The Second Degree

Lake City, Fla., July 7.—Thomas Walter Higginbotham was late today found guilty of the murder of Martin Tabert, of North Dakota, in the second degree by a jury here. The verdict carries a sentence of twenty years. The jury was out one hour and twenty minutes.

The former convict whipping boss was accused of having caused the death of Tabert as the result of a beating administered while the North Dakotan was serving a term in the Putnam Lumber Company convict lease camp. The trial consumed thirteen days.

**Result of Inquiry**  
The death of Tabert finally resulted in an investigation of the whole convict leasing system and its abolition by the Florida Legislature. That body also prohibited corporal punishment. Before the Florida legislature convened, the Senate of North Dakota adopted a memorandum asking the Florida law-makers to investigate the death of Tabert.

**No Demonstration**  
There was no demonstration in the court room when the verdict was reported. Attorneys for the defendant immediately made a motion for a new trial. The verdict carries a minimum sentence of twenty years and a maximum of life imprisonment. Higginbotham was in court when the jury announced its decision.

Higginbotham was sentenced to twenty years imprisonment. He was released on \$10,000 bond pending hearing of appeal.

During the trial the State charged Higginbotham with having whipped Tabert so severely that it brought about thrombotic pneumonia, which resulted in death four days later.

**Defense Claims**  
The defense admitted the charges, but contended it was "within the law" from 8 to 10 lashes were struck. The Florida convict camp regulations permitted administering ten lashes. The defense contended Tabert died from lobar pneumonia.

Charges were made by defense counsel that one of the States witnesses had been offered a bribe to testify and that a "slush fund" had been raised in North Dakota to aid in the prosecution and pamphlets distributed among witnesses to prejudice them.

Tabert was whipped while a convict in the lumber company's camp, January 27, 1922. The defense claim on he died on February 2. G. Grimsen, assistant attorney general of North Dakota, investigated the death, spending several weeks in Florida. On his return to North Dakota he submitted his findings to the North Dakota legislature, then in session, and which approved a resolution calling upon the State of Florida to investigate the case.

**WARREN COUNTY BOY KILLED BY LIGHTNING**  
Henderson, July 7.—Bennie Jarrell, aged 17, was instantly killed by lightning about 7:30 o'clock Thursday evening at the home of his father, J. H. Jarrell, in Warren county, twelve miles from this city, and his two brothers, whose names were not learned, were severely burned and shocked by the same bolt, but will recover, according to information reaching here. The three boys were sitting on a porch during the severe electrical storm which passed over this and adjoining sections late Thursday, and it was during that time that the lightning struck the boys.

## SAVE-A-STEP GROCERY TO SERVE DUKE TRADE

A grocery store on wheels is the latest addition to the business life of Dunn. This new and novel enterprise was inaugurated by Pearce's Bakery, and is known as the Save-a-Step Grocery. The store is moved around by one of John Henry's motors, and will be used in delivering bread and groceries in Duke. The truck is so arranged that a full stock of both staple and fancy groceries can be carried to the homes of the people living in Duke.

## BUSINESS FAILURES SHOW BIG DECREASE

New York, July 4.—A total of 1,378 business failures in the United States in June, the smallest number for any month in the last two years, is proof that slackness in certain lines of trade has had no effect upon general conditions, according to Bradstreet's.

In the first six months of this year there were more than 2,000 failures, a decrease of ten under the total for the six months preceding.

Summer heat has the same effect on fertile eggs as the hen or incubator. The fertile germ will quickly make a blood ring, which spoils the eggs for market or food.

## PAY REWARD FOR WHISKEY MAKERS

Will Pay Officers \$20 For Both The Still And Operator

Under the new schedule of compensation for the capture of whiskey stills in Harnett county, the officer making the capture will receive \$10 for a complete still, and when the operator or proprietor of the still is captured he will receive \$20. This schedule was formulated by the county commissioners at their regular monthly meeting on July 2. A provision of the new pay schedule provides, however, that the sheriff make affidavit with each still "turned in," showing the township in which it was captured.

Rewards paid for stills captured in the county by the commissioners at their July meeting totalled approximately \$600, it is said. However, with all the stills captured, the supply seems to be unlimited, and it would appear that whiskey is being manufactured on a large scale. While the capture of the still has had but little effect in curbing the blockade business, the commissioners are hopeful that under the new pay schedule more of the men who operate the stills will be brought into court.

In their effort to stamp out the illicit manufacture of whiskey in Harnett county, the commissioners and other county officers must depend largely upon the co-operation of the law-abiding citizens throughout the county.

## JOHN D. REACHES 84TH MILE STONE

"Old King" Spends Day At Pocantico Hills; Attends Services at Church

Tarrytown, N. Y., July 8.—John D. Rockefeller observed his eighty-fourth birthday today by attending

ing a few friends at dinner. As he left the church Mr. Rockefeller was surrounded by a group of 15 children, and in honor of the occasion, he handed each youngster a nickel.

Mr. Rockefeller, attired in an overcoat and a muffler and with brown goggles protecting his eyes, appeared in good health. He chatted smilingly with newspapermen and photographers. He invited them inside the church, promising to grant an interview afterward.

When he emerged from the church, he said to the group of motion picture and newspaper photographers:

"There are so many of you that if you were not such good fellows I'd be afraid of you."

Mr. Rockefeller obligingly enacted a scene in which he gave a nickel to Robert Irving Hunter, aged two, four times, but balked when he was asked to do it again.

When the newspaper writers asked his opinion on prohibition, the League of Nations, the 8-hour day in industry and other questions, he exclaimed:

"There are so many people talking nowadays that I think I'd better get a new style and say nothing. Please excuse me."

Because of the fact that his birthday fell on Sunday, Mr. Rockefeller did not give the customary band concert at his estate at Pocantico Hills. Mr. Rockefeller rose about 6 o'clock as usual, enjoyed a short stroll about his estate and ate breakfast at 8 o'clock. Then he read the papers for a while and at 10:45 he started for church.

The church, a small gray stone structure, was built through the donations of the Rockefeller family and the townspeople, and was dedicated last November.

## Help Move Crops

Washington, July 7.—A special circular was issued by the Federal Reserve Board today calling the attention of all reserve agents to the "importance of the Federal Reserve system functioning effectively in providing adequate financing for the orderly marketing of agricultural products" during the market season just ahead.

## Secure Farm Loans

Kinston, July 7.—Thirty-nine farmers in this section have been extended loans by the Federal Farm Loan Bank at Columbia. Numbers of others have applications pending. So far loans totalling \$158,300 have been approved and loans for \$124,700 closed, it was stated.

In the absence of milk or butter-milk, either fish meal or tankage is as necessary to the growth of the pig as nitrogen is to corn or cotton, says W. W. Shay, swine extension worker.

## WOMAN SENTENCED TO BE ELECTROCUTED

Mrs. Anna Buzzi Calmly Protests Innocence; Appeal To Delay Execution

New York, July 9.—Mrs. Anna Buzzi was taken to Auburn Prison today to await execution in the electric chair at Sing Sing for the murder of her lover, Frederick Schneider, a wealthy Bronx contractor.

Sentenced this morning by Supreme Court Justice O'Malley, Mrs. Buzzi calmly made a statement to the court protesting her innocence and as calmly prepared for her trip to Auburn.

Although Justice O'Malley set the date for her execution as the week of August 6, it is not expected that Mrs. Buzzi will pay the death penalty for a year, if she ever does. Her counsel gave notice of an appeal, which acts as an automatic stay of execution pending the long drawn out court proceedings. If the appeal fails, Mrs. Buzzi's friends are planning to ask Governor Smith for a commutation of sentence.

## SENATOR W. H. KING EXPRESSES VIEWS

Charges That President Is Insincere In His World Court Talk

United States Senator William H. King of Utah, who delivered an address in Dunn during the fair two years ago, recently attacked the Harding Administration in strong language. The following from an associated press story of his recent address before the Young Men's Democratic club of Utah will be of interest to many Dispatch readers:

Declaring that President Harding "is insincere" in advocating admission of the United States to the world court and chasing the disarmament conference called by the President as "a delusion and a

delusion," Senator King, Democrat of Utah, last night launched an attack upon the Republican administration.

Senator King speaking before the Young Men's Democratic club of Utah, also declared "the cards are stacked, so far as the Republican nomination for President in 1924 is concerned, and no power on earth can defeat Harding for re-nomination."

He asserted President Harding's nomination is already settled in the same manner that it was settled prior to the 1920 convention.

"The policy of the Republican administration was one determined by the plutocratic forces of that party and not by the masses of the party," he continued.

"President Harding has deceived the people by honeyed words and shriveled nationalism," the senator said. "He came to the senate and told us we must join the world court. I didn't believe him sincere, but called his bluff and introduced a resolution calling for a vote on the treaties as they were presented by the court."

Continuing, Senator King declared:

"Senator Lodge, the sinister and intriguing force which has so often been manifested against the American people, got to work, subsidized the Republican press and brought pressure to bear upon President Harding which frightened him. Harding, being always an opportunist which seeks a policy of expediency, yielded, but when he got to St. Louis he thought he found a good opportunity to put himself straight with Senator Reed of that State and others, so he changed his front again.

"The disarmament conference, which has been pointed to as the greatest achievement of the Republican administration, was a delusion and a snare and a means of deceiving the American people. Republicans point out that the conference was the means of disarming the great nations of the world to a great extent, yet we find the big army and navy officials of the country advocating a big army and navy."

## Secure Farm Loans

Kinston, July 7.—Thirty-nine farmers in this section have been extended loans by the Federal Farm Loan Bank at Columbia. Numbers of others have applications pending. So far loans totalling \$158,300 have been approved and loans for \$124,700 closed, it was stated.

In the absence of milk or butter-milk, either fish meal or tankage is as necessary to the growth of the pig as nitrogen is to corn or cotton, says W. W. Shay, swine extension worker.

## FIELD ARTILLERY IS CAMPED AT BRAGG

Best Of Feeling Obtains Between National Guardsmen And Regulars

Fayetteville, July 8.—The 117th Field Artillery regiment, North Carolina's own, now in summer training at Fort Bragg, was getting on famously at the Artillery training post in the woods. They are quartered in barracks with the 17th Field Artillery, which, like the 117th, is a motorized regiment. The best of feeling obtains between the National Guardsmen and the Regulars, who are doing everything they can to be of assistance in the training and to make things pleasant for the Tar Heels.

The North Carolinians have been out on the pistol range twice, yesterday and Tuesday, and it is understood that they made an excellent record. They have not yet been sent to the artillery range, but expect to start that branch of their field training Tuesday. They will use the 155mm. howitzers of the 17th Field. Some of the new units of the regiment are also using the motor equipment of the 17th, though the older organizations have their own equipment.

Capt. A. J. Ives, of the Regular Army, National Guard instructor stationed at Raleigh, is with the regiment as instructor.

The regiment is under the command of Lieutenant Colonel W. T. Joyner, of Raleigh. The staff officers are Major Edward K. Michaux, of Goldsboro; Major Godfrey Cheshire, of Raleigh, and Captain John H. Bonnell, of Raleigh, regimental adjutant. Major Michaux has command of the First and Third Battalions and Major Cheshire of the Second.

The organizations making up the regiment are Battery A, Goldsboro; Captain E. L. Lott, Battery B, Raleigh; Captain J. R. Lott, Battery C, Washington; Captain John R. Stedman; Battery D, Newbern; Captain Willis B. Henderson.
