Editor Parnell Hurt
In Aeroplane Accident
Mebane, Sept. 5.—An Aeroplane piloted by William H. Fillmore, carrying as a passenger C. S. Parnell, editor of The Mebane Enterprise, fell 200 feet, slightly injuring Parnell and damaging the plane to the extent of \$2,000.

Co-Operation Necessary
While Dunn ranks high as a well-kept and sanitary town, there is room for improvement. Realizing that this is true, N. B. Bass, superintendent of streets, has asked The Dispatch to again urge upon the citizens of the town the importance of their co-operation in keeping the town clean and sanitary.

Would Open New P. O.
In Sampson County
A plan which would result in a direct mail service between Dunn and Clinton is being advocated by W. I. Bass, who operates a bus line between the two towns.

Guessed Wrong
One Earl of Birkenhead, who recently came to America to deliver himself of some opinions of his, missed the mark of popular chord when in his first public speech he undertook to belittle the idealism of former President Woodrow Wilson.

Eclipse of Sun Next
Monday Afternoon
There were four eclipses scheduled for this year, two of the sun and two of the moon, and the last of these, an eclipse of the sun, will take place on Monday.

Motorist Driving Near High Point
Failed to observe the stop law and the result was "one killed and six injured." It says to stop, look and listen.

August has gone away and left its heat and humidity with September.
So many unexpected things have happened since Sept. 1, including the appearance of European war clouds and the greatest earthquake in all history, that the coal strike was lost sight of. We wonder if the strike is really on.

From the Dearborn Independent we learn that there is one town in America that is run on a strictly cash basis. That town is Regent, North Dakota, and while it is free from indebtedness, it also has \$4,000 cash on hand, it is said. And yet we doubt if it is the sort of a town that one would be proud to call home.

Thanksgiving Service
Held At Smithfield
Smithfield, Sept. 4.—Dr. Herman H. Horne, of New York University, was the principal speaker at Johnston county's thanksgiving service in the Methodist church here Monday morning at 11 o'clock.

Nice, Sept. 3.—Isaac R. Strayhorn, of Durham, N. C., who was injured when a sight seeing bus fell over a 300-foot precipice near Guilmae last month, died suddenly here today from the effects of a blood clot on the brain. He underwent a trephining operation ten days ago.

It is not generally known, but eclipses of the sun and moon go in pairs, about two weeks apart. The one of the moon to mate this one of the sun occurred on the early morning of August 26th.
Monday, September 10, also is the day on which the year 5684 of the Jewish era begins, at sunset.

A Barber, A Banker,
And A Circus Spool
"Go to the circus?" asked the cashier of the Bank of Fentonville as he dropped back in the barber's chair for his Saturday afternoon shave.
"Yeah; I went a little while last night after I closed up. Some circus!"
"Some circus is right," said the banker, "and it was some advertising stunt we pulled. You saw our big sign and heard the ring-

master tell about our big sign and heard the ring-

They were laughing at clowns or getting nervous about the lions. If you want to do some advertising, you take your \$112 and pay the editor of The Bugle \$2 a week as long as the money lasts. Your ads in the paper will tell all of those people about your bank every time they look it over, something different every week. It won't go in one ear and out of the other.
The barber was quiet for almost a minute. The banker was quiet too. He was thinking. The barber had told him something.
Then from the barber, rather gently, "Did that fellow deposit

the \$112 in your bank? No? Well, whenever you pay the editor's bills he puts the money right back in circulation here."

"Razor hurt? No? I thought you kinda scinged a little."
