

DUNN, ROUTE ONE

Just a few lines to tell some of the happenings of this community. Harvesting of corn and potatoes is the principle work here now. The crop is short. Potatoes generally are scarce. The farmers are almost through picking cotton. They are pleased at the crop, also the prices paid for the fleecy staple.

Rev. Miles Naylor continues very sick. Hope he will soon be better. Mrs. Lily Sutton, of Edenton, is visiting relatives here for a few days.

Mr. W. M. Warren, of Fayetteville, was the guest of Rev. M. W. Naylor Sunday.

Mr. Vernon Tew, left Sunday for an extended visit in the Southern States.

Messes H. P. Naylor of Thomasville and Joseph U. Naylor of Wake Forest spent the week-end with their parents, Rev. and Mrs. M. W. Naylor.

Prof. and Mrs. I. M. Page of Antrimville were visitors here Sunday.

Miss Lella Jackson, student at Pinebluff, spent the week-end with her parents, Mr. and Mrs. E. B. Jackson.

Mr. Mack Hawley of Wilson visited relatives here the past week. Mr. Aubrey Baggett, who has been on an extended visit to Winter Park, Fla., is home for a few days. He contemplates returning soon.

Mrs. Geo. L. Baggett, who had been sick for some time, died soon Thursday morning. Mrs. Baggett had been a great sufferer for quite a while, and all had been done that skilled physicians and loving hands could do to stay the awful disease that was sapping her life, but in vain. Mrs. Baggett was the daughter of Mr. W. D. Hawley. She leaves two brothers—Messrs. S. D. of Sampson, and W. M. Hawley of Wilson and one sister, Mrs. E. B. Jackson. Also husband and one child. Funeral services were held at the home Friday afternoon, conducted by Rev. W. J. Jones of Salemburg.

Rev. S. W. Phillips preached his farewell sermon at Wesley Chapel Sunday. His subject being "Divine Love." Mr. Phillips goes to Fairview next year. He is an able preacher, and makes no compromise with the evil of the day. We hope for him a successful year at Fairview.

Quite a beautiful scene was witnessed at Wesley's Chapel Sunday morning, when Mr. Samuel Phillips led Miss Esther Lee to the hymnal altar of marriage. Mrs. Dewey Jackson of Dunn played the wedding march. Rev. S. W. Phillips said the words that made the two hearts beat as one. Both parties are well and favorably known here. We hope for them a successful voyage on the sea of life.

SIMPLEX SCIENCE.

Art For Schools

(Reported)
Books! pictures! music! Could we overestimate their value in the cultural education of a community? It is not enough that our schools train in the fundamental academic subjects, reading, history, mathematics and the languages. "The happiest man is he who thinks the most interesting thoughts"—and he who thinks the most interesting thoughts is the person who has culture—who can appreciate the fine things of our civilization.

On November 7th an Art exhibit of pictures loaned by the Elson Art Company will be held in Dunn, the place to be announced later. At this time 200 excellent copies of the world's best pictures will be on display and it is earnestly hoped that every person in town who is interested in the cultural uplift of our community will visit the exhibit. The price of admission will be 10c for school children and 25c for adults. The entire net proceeds from this exhibit will be used for purchasing good pictures for the schools.

Few of us will have the opportunity to visit the Paris, Dresden and Italian art Galleries—and see the originals of these famous pictures. But this offers to everyone an opportunity to study excellent reproductions of these paintings and to aid in placing copies in our schools permanently for our children to enjoy and appreciate. Remember the date—November 7 to 9, inclusive, and watch The Dispatch for an announcement of the place.

Former Kaiser On A Mysterious Mission

Dunn, (Holland, Oct. 27)—Former Emperor William and ex-Crown Prince William accompanied by two other personages left the Kaiser's home here at 6 o'clock last evening in an automobile in the direction of Arnheim, about 10 miles from the German border, and returned at 2 o'clock this morning.

They were followed by three other automobiles, according to a person well informed regarding affairs at the Chateau.

It is reported here that the ex-Crown Prince wishes to return to Germany at any cost and that he has had conversations on this subject with representatives of the Dutch government.

Rural Schools Open With Good Prospects

Dunn, Route 2, Oct. 28.—The schools of this section began their 1923-24 session Monday morning with perhaps one of the brightest outlooks for one of the best years in their history. A perusal of the faculties of these schools shows the instructors to be highly trained and with a determination to make this the most successful year these schools have ever enjoyed.

The Sorrell school has three members numbered in its faculty this year with Miss Novella Hamilton, of Dunn, as the principal. Associated with Miss Beardon are, Misses Male Crumpler, of Fayetteville, and Miss Minnie Turlington, of Duke, route 2. The school had a very encouraging attendance on the opening day, considering the fact that many children are not in school yet because of the harvesting of the crops.

The Turlington school with R. McLeod, the efficient principal of last year back at the helm, is looking forward to having the biggest year it has ever had. An opening day attendance of 84 was present Monday morning with the prospects of about fifty more coming in later. With Mr. McLeod in the faculty are the following: Miss Ethel Ashe, of Webster,

and Mrs. Katy Matthews, of Buies Creek. The Parker school also had a very encouraging enrollment on the opening day Monday with a large number yet to come in. W. M. Fowler, who taught here in Kinston last year, is the principal this year. He received his training at N. C. State college and is well versed in the technique of teaching. Associated with Mr. Fowler are Mr. O. M. Johnson, of Duke, route 2, and Miss Mollie Morris, also of Duke route 2. This school has outlined a rather ambitious program this year in all lines of work.

Toy Moonshine Still Discovered In Lenoir

Kinston, Oct. 28.—A toy moonshine still was preserved by prohibition officers here today as a curiosity. They found it in woods in the Trent township section of Lenoir county, a humble affair of copper. The still was properly bricked up. The apparatus was of five gallons capacity, with a worm and kettle properly proportioned and made by a rustic workman. The average still in this section has a capacity greater than 40 gallons, officials state. The "play still" was in full blast when raiders swooped down upon

it, arresting Zacharias and Clyde Turner, two youths in the vicinity. One possessed one of the alleged stills at the spot, and another might be he attempted to get out of the cops. The stills contained about five quarts of mash, the quantity of liquor capable of turning out in a week one gallon, it was estimated. Had they found adults of the moonshiners' children at play, the officers said. Nearby was a full-grown plant with a capacity of 50 gallons. This had been fired up, also. The officers accused the same man of operating both stills. Davis Turner gave bail.

Half Million Bales Ginned In This State

Washington, Oct. 27.—Cotton ginned prior to October 16 totalled 6,400,579 bales including 173,924 round bales, counted as half bales, and 8,745 bales of American Egyptian and 240 bales of Sea Island, the Census Bureau announced today. To October 18 last year 6,978,381 bales including 124,869 round bales counted as half bales; 8,467 bales of American-Egyptian and 2,325 bales of Sea Island were ginned. Ginning by states to October 18 this year was: Alabama, 498,816; Arizona, 22,242; Arkansas, 74,531; California, 11,574; Florida, 9,989; Georgia,

114,119; Louisiana, 246,882; Mississippi, 351,510; Missouri, 34,418; North Carolina, 563,717; South Carolina, 509,909; Oklahoma, 215,459; Tennessee, 85,806; Texas, 3,214,900; Virginia, 14,014; all other states, 6,662.

"The doctor said he'd have me walking again in two weeks." "Well, didn't he do it?" "He did, indeed. I had to sell my auto to pay his bill."

A doctor who was superintendent of the Sunday-school in a small village asked one of the boys this question: "Willie, will you tell me what we must do in order to get to heaven?" Said Willie: "We must die." "Very true," replied the doctor. "But tell me what we must do before we die." "We must get sick," said Willie, "and send for you."—Newark Speed-up.

FOR SALE CHEAP

5,000 ACRES OF GOOD FARMING LAND ON 10 YEARS TIME

Three farms are located near Clinton, Beaufort, Buies' Creek and Lillington. The land is quick. Plant the variety I plant you will have your fields spotted with blossom: June 20 and and by August 10th, if a good year, you will have 800 to 1,000 pounds of seed cotton on the stalks.

I have not seen a well day in over 11 weeks and am forced to quit farming and am going to close out 5,000 acres of upland at even a sacrifice. I cannot look after it.

To buy land you got a home—to buy a car you buy trouble and often ruin. Buy Finery, Graphophone, or a car, and it soon goes. Buy land, as I used to do and you will have something to rest on in old age.

Do you move around? Have you settled all your boys? Come and see me and I will help you fix you a home. Stop moving and live at home. Let the car go for a while.
