

**TRUE DEMOCRACY.**

True ideal Democracy is on the platform we make ourselves to bring about the brightest and best for our fellow creature, eliminating self when we are about to hurt the cause. Hon. Zebulon Weaver is on the road to accomplish big things for Western North Carolina, his length of service and getting the appointment on committees which stands for much for this western section. The entering in on the race by Mr. Felix Alley and Mr. J. Q. Gilkey of Marion, means a division of votes, thereby electing a Republican for Congress from this district. Why disturb the Democratic current which is flowing to make our section so rich and prosperous. We Democrats are more than pleased with our present Congressman. Why tear up the house and cause disorder?

Is it fair to us who are loyal? Were there any reason, we would endorse Mr. Alley and Gilkey at once; but there is none except "they want of run." When Mr. Weaver enter the Senatorial race then we Democrats will send Mr. Alley to Congress, for there is no better Democrat in old Haywood or Jackson counties and one we Democrats will be proud of.

**DONATING SPACE.**  
 The Waynesville Mountaineer has given over one hundred and twenty inches of ree space to the exponents of the park idea. We are charging thirty cents per column inch to the exponents of the forest idea. We are informed that opponents of the park

idea had to pay in order to present their side of the argument in the Asheville papers; while the park has been given miles of columns free of charge.  
 This week we are again giving free space for the park adgitation; but to be consistent we suggest that they pay the same as the other side.  
 We believe in being fair to all, but our editorial space is reserved for our own opinin.

**It is good citizenship to be prosperous**

**T**HE South has just completed a prosperous year. Many Southern enterprises have contributed to and shared in this prosperity.

Prosperity is a give and take proposition. It is prosperous industry that gives consumers better products; that gives regular employment and pays good wages; that distributes earnings in dividends which add to the purchasing power of the consuming public; that pays a large share of the cost of carrying on the business of our local, state and national governments.

Prosperous industry, prosperous agriculture and prosperous railroads make for good citizenship.

Southern Railway System also has just completed a successful year both in service rendered and in earnings. The public comment, in the press and elsewhere, on this record has sounded a unanimous judgment that it is to the best interest of the South that the Southern's prosperity continue.

Only a prosperous railroad can render the transportation service needed by the people of a prosperous country.

The South's prosperity has helped education. About \$125,000,000 for the construction of new school buildings has been spent in the last 12 years in the states served by the Southern Railway System.
