

**POLITICAL ANNOUNCEMENT.**

The friends of Mr. J. D. Mallonee of Murphy announce that he has definitely decided to become a candidate for the democratic nomination for judge of the 20th Judicial district, to succeed Judge T. D. Bryson who will not be a candidate to succeed himself as recently announced.

Mr. Mallonee was born and reared upon a farm in Macon county, living upon the farm until after he became twenty-one. He was educated in the public schools of Macon county and the Cullowhee high school of Jackson county. After teaching school in Macon county for two terms he entered the law school of the University of North Carolina, and was licensed by the Supreme Court of North Carolina at August term, 1904, to practice law. After obtaining license he moved from Macon county to Cherokee county in December, 1904 and began the practice of law with the late Hon. Ben Posey at Murphy, N. C.

Mr. Mallonee has had and now has

a large and successful practice and has the confidence and esteem of the people who know him.

The friends of Mr. Mallonee say that he is well qualified for the judicial honors to which he aspires, having had an extensive practice and wide experience as a lawyer, and being a lawyer of excellent character.

Mr. Mallonee has never before been a candidate for office, and has held no office except he has been mayor of the Town of Murphy and has been chairman of the board of education of Cherokee county, but he has been an active democrat.

Mr. Mallonee is an active member of the Masonic order, being a Knight Templar, a Thirty Second Degree Mason and Shriner.

The friends of Mr. Mallonee say that it is needless for them to eulogize him for his qualifications are well known over the district.

Mr. Mallonee is from Cherokee county and Cherokee has never had a judge or solicitor, and Cherokee is urgently asking that the nomination for judge this time be given to Mr.

Malonee, who is eminently fitted for this honor.

Any favor shown Mr. Mallonee will be greatly appreciated by him and his friends.

**STOP THAT BACKACHE!**

Many Waynesville Folks Have Found the Way.

Is a dull, nerve-racking backache wearing you out? Do you feel older and slower than you should? Are you tired, weak and nervous; find it impossible to be happy, or enjoy the good times around you? Then there's something wrong and likely it's your kidneys. Why not get at the cause? Use Doan's Pills—a stimulant diuretic to the kidney. Your neighbors recommend Doan's. Read what this Waynesville resident says:  
Mrs. Ida Gaddis, Water Street, says: "My back ached a sight and I was almost down and out. I tired quickly with the least task and my back gave out completely. Being on my feet long made the trouble worse. I had dizzy spells when specks before my eyes blurred my sight and everything appeared black before me. My kidneys acted too freely. I used Doan's Pills and they drove the trouble from me."

**Is More Than One Car Extravagance?**

We say no. Have you ever thought of the advantages of owning two cars?

Since the average man uses his car for business purposes, a second car is often needed so that his wife may go shopping, make social calls or take the children to school.

Instead of trading in the car you have one of these days why not buy now the new Ford you want and have it as an additional means of transportation for the family?

What better low priced, dependable car could you buy than the improved Ford which is so easy and economical to operate?

The closed cars in colors are now on display in our show room. Come in and look them over.

DODGE BROTHERS, INC.

**Over a Cliff in this STEEL BODY without injuring the DRIVER!**

**A careless driver . . . A triple somersault over a cliff . . . and this is the car—a Dodge Brothers all steel safety car.**

A triple somersault over a cliff with the car you see in this picture! Such was the experience of its owner, who came through the fall uninjured.

After an hour of repair work, he drove the car from Montana to Minneapolis—a more sensible driver and much wiser.

All steel construction saved his life, as it has saved many other lives in the past, and will save thousands more in the future . . . . .

Dodge Brothers print this advertisement because they believe motorists are entitled to all steel safety and should insist upon it.

That's why Dodge Brothers introduced all steel construction more than eleven years ago—and recently announced additional all steel safety features.

The streets are swarming with 20,000,000 motor cars—millions more are on the way.

Safety is the issue. Armor yourself and your family with steel.

Dodge Brothers Motor Cars—both open and closed—are all steel in the strictest sense of the term. Steel reinforced by steel—framed, braced and buttressed by steel—with all seams solidly and permanently welded together by electricity.

Slim steel pillars replace the old bulky wooden corner posts—permitting unparalleled driving vision—a safety feature of the first importance.

Compare such bodies with the usual wood, or wood-and-metal body, and you will be astonished that every automobile builder has not adopted this advanced safety construction.

Remember, also, that safety is the watchword of Dodge Brothers construction throughout, as witnessed by Dodge Brothers exceptionally large, quick-action brakes, and the exceptional ruggedness and dependability of Dodge Brothers axles, frames, steering parts, and other vital units.
