OUR RIGID INSPECTION IS YOUR PROTECTION

Back of the growing preference for Oldsmobile, stands performance. Back of that performance, stands quality. Back of that quality, stands a manufacturing policy that does not tolerate the slightest variation from accuracy.

One inspector to every seven workers, is the ratio in the Oldsmobile factory. Every material is tested to the highest standards, every measurement verified, with the greatest precision, every driving demand anticipated and provided for.

The firm foundation upon which the growing confidence in Oldsmobile has been built, is just this strict observance of care and accuracy in every detail, by every man at every bench and lathe and drill.

You can depend upon a car built like that. You can recognize the difference the moment you take the wheel. The more you drive the Oldsmobile, the more you will appreciate these exacting standards. For they guard that fine performance steadily, as months and miles roll by.

The car illustrated here is the De Luxe Sedan, priced at \$1115, at Lansing.
