### WHY SUFFER SO?

Get Back Your Health as Other Waynesville Folks Have Done.

Too many people suffer lame, aching backs, distressing kidney disorders and rheumatic aches and pains. Often this due to faulty kidney action and there's danger of hardened arteries, dropsy, gravel or Bright's disease. Don't let weak kidneys wear you out. Use Doan's Pills before it is too late. Doan's are a stimulant diuretic to the kidneys. Doan's have helped thousands. They should help you. Here is one of many Waynesville cases:

S. C. Milner, mechanic, 112 Depot St., says: "The grip disordered my kidneys and sharp catching pains darted across the small of my back when I stooped or leaned over. Even when I straightened up after sitting the pains shot through my back. I had to get up some at night on account of the weak, too free action of my kidneys. After using one box of Doan's Pills, every symptom left." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

### DEATH OF MR. LISH SMATHERS.

(Contributed.) On Friday morning, April 15, at 6:15, the death angel visited the home of Mrs. Sarah Smathers and took from them the loving husband and father. Mr. Smathers had been very ill for two months and was not expected to live for sometime. The death angel had been hovering over him awaiting its time to carry away the spirit of our friend and loved one, while his many friends stayed by his bedside, doing all they could to keep him with them, but when God sends His angel for our dear ones we must submit to His will.

Mr. Smathers had the attention of four skilled physicians and the tender care of friends and loved ones. All was done for him that could be and the family I know appreciate all the loving kindness that was shown to them during his illness. Brother Smathers once professed faith in God and was a member of the Baptist church, but was excluded for some reason, but his name being erased from the church book did not erase it from the Lambs Book of Life. We firmly believe that when God places a name on that roll it will be there when the roll is called up there and when Brother Lish's name is called we believe he will be there to answer to the call. There is no man who has lived a perfect life and never will be but Christ, but we are shown plainly in the tenth chapter of the Acts, the fifteenth and twenty-eighth verses to call no man unclean for what God has cleansed not to judge, for Christ came not to judge, but to call sinners to repentance. And He tells us in many places that whosoever believeth that Jesus is the Christ is born of God. First John the fifth and first. Brother Lish was known believed in God and his last hours would stretch his poor wasted hands heavenward and when his youngest daughter asked what he saw that he was reaching for, answered that he saw God, and she said, papa, you don't. He said, yes I do, right there He is, can't you see Him? He also asked another daughter to sing. Said they were going to the cemetery, and for her to sing. He asked his companion to get ready. Said they were going to the cemetery and for her to get ready, that their funeral was going to be preached and some of the children asked him if he wanted to go. He said yes, he wouldn't miss it for anything. And when he was past speaking he took his companion by the hand and the tears were running down his cheeks, pointed up and smiled as if to tell her goodbye and when he was going. This should be a great consolation to the family and loved ones.

Brother Lish had been married twice, first to Julia Foster. To this union were born nine children, three of which have gone on before where he has now joined them with their mother. Next he was married to Sarah Arrington, to this union one child was born, a daughter. So he has left a wife, seven children and grandchildren and a host of friends to mourn his loss. We are sorry to lose him, but we are only planted on this earth for a little while then when the seed spring up and grow strong enough God sends His angel to transplant us in the beautiful garden of Eden where we shall never be choked by weeds or trampled on and bowed to the earth, but shall live and bloom forever, watered by the dew of life everlasting. Brother Lish has been transplanted into this beautiful garden where the tree of life is for the weary and peace for the soul. We trust all his children will prepare to meet him there.

Funeral services were conducted by Rev. Frank Arrington, interment at Arrington cemetery.

A FRIEND.

### Be Neighborly!

If you are one of those who have written for The Charles William Stores' Catalog of big bargains and have not received it we are sorry. The reason is, an amazing demand for this book has exhausted our supply. We earnestly ask you to borrow a catalog from one of our customers—there are many in your community—and we are sure they will oblige you... and us. Of our old customers we ask please help us and your less fortunate neighbors by loaning them your catalog for awhile. We could not foresee how great the demand would be for this catalog and as our Special Midsummer Sale Catalog will be published so soon—May 15th, it seems hardly practicable to print a fresh supply of the big book before the special sale catalog is out. We have all the big bargains that have made our catalog so popular and created the huge demand, but unfortunately we have no more books. However, if our old customers and new ones will cooperate with us they will render a real service to us and to their neighbors. We thank you.

The CHARLES WILLIAM STORES New York City Inc.

## Ford Highest in Quality Lowest in Price

The finest steels available are used in the manufacture of Ford cars. The plate glass for windshields and windows is as perfect as can be made. Upholstery material contains a larger percentage of wool than is ordinarily specified—even for much higher priced cars. The basic features of Ford design have never been improved upon by any manufacturer.

No other car offers greater dependability. The Ford car has won the favor of millions of users under every conceivable motoring condition. Its convenience is known and appreciated the world over; its performance is taken for granted.

Such quality is possible at Ford prices because every operation, from mining of ore to final assembly, is under direct control of the Ford Motor Company.

Iron is taken from Ford mines in Michigan; coal from the Company's mines in Kentucky and West Virginia. Glass comes from Ford glass plants; wood from the Ford timber tracts in the North. Raw materials and finished products are carried over the Company's own transportation routes; coke ovens, blast furnaces, a steel mill, foundries and saw mills—all are part of this complete organization. There are even salvage plants, paper mill, cement plant, etc., to transform waste materials into useful by-products.

In this way every possible economy is effected. Under no other circumstances could Ford quality be had at Ford prices.
