"SILENT PAGE" IS THEATER NOVELTY

THE management of a theater in a middle Western city has solved one of the problems of both the theater and the theater-goer.

Frequently in every theater messages come to the box office for someone in the audience. Usually it has been necessary either to interrupt the performance long enough to make an announcement from the stage or wait until the curtain ends the act.

This enterprising Western theater owner, however, has adopted a plan which is better than either of the older methods. He has made an electrically illuminated and portable signboard and with this contrivance an attendant simply steps from the wings to the stage, flashes the message direct to the person wanted and that ends it.

The sign is made of a shallow square box with a stenciled face. The words "Wanted at the Office" are stencilled in the permanent, fixed portion of the face. The name of the person wanted can be stencilled quickly on a small slide and slipped into a groove above the permanent portion of the face. The message is made visible by a hand flashlight, so adjusted to the bottom of the sign that its light is thrown directly into the box and in rear of the stenciled face.

The accompanying photograph shows the contrivance in action.

Indigestion

bad spells relieved

"NOTHING can take the place of Thedford's Black-Draught with us because we have never found anything at once so mild and so effective," says Mrs. Hugh Nichols, R. F. D. 4, Princeton, Ky.

"When the children have spells of indigestion and upset stomachs, I always straighten them out with a dose or two of Black-Draught."

"Several times I have suffered with bad spells of indigestion myself and found I would soon get relief if I took a course of Black-Draught. I was troubled with a bad accumulation of gas and severe pains across my stomach and lower bowels. Now when I feel a spell of this kind coming on, I head it off by taking Black-Draught—a dose every night for a few nights will prevent the trouble and save me much pain and suffering."

"My whole family uses Black-Draught for biliousness and constipation."

"It is a splendid medicine."

"The Gauge Room where the precision-measuring instruments are checked and tested by master gauges. This room is the very heart of the factory—here the accuracy of manufacturing operations is governed. The picture was drawn from life."
From the General Motor Institutional Advertisement entitled Accuracy.
