INTERESTING EVENTS AT THE ELEMENTARY SCHOOL

On Friday afternoon, November 27, the second grade pupils of the Central Elementary School will entertain their parents. The grade will do this in lieu of the half holiday they won by having the most parents present at the regular Parent-Teacher meeting. The pupils will present a short program to the mothers after which refreshments will be served.

Wednesday morning, November 25, at ten-thirty o'clock, the seventh grade will present a Thanksgiving program. This program will come as one of the regular weekly chapel programs. Patrons and friends are cordially invited to attend.

The cafeteria in the school is proving to be a great asset. Mrs. Coin serves excellent menus at the most reasonable prices. It is possible that if the mothers investigated these menus and prices there would be more who would have their children buy hot lunches.

Citizenship activities for the month of December will center about the theme "The Care of Public Property." This particular phase of citizenship cannot be stressed too much as there are thousands of dollars lost every year in this state alone in damage done to public buildings, careless or wanton setting of forest fires, etc. The students will make posters, give reports and at least one talk by someone outside the school will be given and in general everything will be done to increase respect for the care of public property.

The vote stood 298 for the Council—and only 4 for the College of Bishops. All in all the Asheville conference was a constructive conference. Dr. C. M. Pickens for three years Presiding Elder of the Waynesville District, goes to a great church in Charlotte, while Dr. L. B. Hayes of Central Church, Shelby, comes to Waynesville District. Dilworth church, Charlotte, will get a great preacher in Dr. Pickens and Waynesville District will not suffer a loss in the coming of the versatile Dr. Hayes with his charming wife and little son.
