E. L. Withers went to Asheville Tuesday.

Miss Hilda Way just left for Raleigh to teach expression at Peace Institute.

R. G. A. Campbell of Maggie was in town and renewed his subscription to the old reliable.

Unique Window Display At Waynesville Store

Much favorable comment has been made by persons passing the Waynesville Pharmacy on their window display. The Pharmacy has made the window a veritable miniature football field with even the yardage marked off. Behind the field is a large cardboard with the picture of the school's varsity players.

The game at the beginning of the season that caused sport scribes and everyone else to sit up and take notice of this Garden Spot of the World, is represented by the pigskin that figured so prominently in the game. The score Asheville 6 and Waynesville 7 is marked in conspicuous letters on the ball.

A "Yellow jacket" jersey, pants, head gear and football shoes that have dug deeply in the turf all over Western North Carolina where they have had the opportunity, the Jersey bearing number "22" and happening to have been worn all season by the sterling quarterback, Scott Reeves, that piloted the "Jackets" over shoals and treacherous rapids, is reposing on both sides of the "field." The school's colors draped around a picture of a player about to take off, but the player isn't half as good looking as any of our boy's on the team—completes the unusually attractive window dressed up and donated to the Waynesville High School's 1931 football squad that has played admirably and brought the distinction and honor to Waynesville of winning the western North Carolina high school grid title.

When TEETHING makes HIM FUSSY

One of the most important things you can do to make a teething baby comfortable is to see that little bowels do their work of carrying off waste matter promptly and regularly. For this nothing is better than Castoria, a pure vegetable preparation specially made for babies and children. Castoria acts so gently you can give it to young infants to relieve colic. Yet it is always effective, for older children, too. Remember, Castoria contains no harsh drugs, no narcotics—is absolutely harmless. When your baby is fretful with teething or a food upset, give a cleansing dose of Castoria. Be sure you get genuine Castoria with the name:
