## BUSINESS MEN ARE OPTIMISTIC

(Continued from page 1)

that production reached the lowest point some weeks ago. The demand is now greater than the supply, which means that factories are now gradually increasing their activities on a sound and economical basis governed entirely by the present demand, thereby eliminating the possibility of overproduction which has been so detrimental in the past three years.

This, of course, will mean a gradual return to normalcy of our industries and after all, industry is the backbone of the business world.

The employment situation being an integral part of business and industry, will naturally adjust itself as fast as progress is made in the industrial field.

In the meantime, the cost of living has decreased almost enough to overcome the present low prices of labor which tends to assure us that the economic readjustment is rapidly nearing completion.

If all of us will get down to sane thinking and pull together 1932 will present the golden opportunity we have all been waiting for, after all, depression is more or less a state of mind, and if you don't believe it just offer something the public wants now and see how quickly it is snatched up.

Yours for a banner year in 1932.

## NOVELTY INDUSTRY TO INCREASE CAPACITY

which necessitated the adding on of a larger force.

This is only one of a few plants of its kind in the country, according to Mr. Liner, and because of the increased business he is planning to move the plant to a larger location and where the public will have an opportunity to see the products manufactured. He also plans to sell more products through the retail trade than before. Most of the business now is through wholesale channels.

The business, still in its infancy, did over \$12,000 last year. The business already sold this year indicates that 1932 will be the best year since the firm was organized. Mr. Liner expects the business to exceed \$20,000 this year.

Their numbers were appreciated and very much enjoyed. Other numbers were a piano solo by Mrs. R. H. Stretcher and vocal solo by Miss Charlotte Hatcher.
