#### THE HOME PAPER

The local newspaper in the United States is each year getting on a firmer foundation and becoming more and more useful to its home community

It is the home newspaper which boosts the town, year in and year out, which takes the lead in every enter prise which has for its purpose the upbuilding of the community.

We frequently hear it said that the old-time independent spirit of thepaper is gone, that its editorial poliy is now subservient to the business office. Yet this is not true. There is more unselfish idealism in the average newspaper than in any other business enterprise. It frequently Davis, a son, February 27, 1932.

# Ringing The Toll Of The Wringer

Years ago they abolished wringers in laundries. The water nowdays is extracted from the clothes by whirling them in a rapidly revolving disk. .The centrifugal force causes the water to leave the clothes. Your clothes are not rubbed in any way. That's another reason why laundry-washed clothes last longer.
