"I have used Black-Draught . . . and have not found anything that could take its place. I take Black-Draught for biliousness. When I get bilious, I have a nervous headache and a nervous, trembling feeling that unfits me for my work. After I take a few doses of Black-Draught, I get all right. When I begin to get bilious, I feel tired and run-down, and then the headache and trembling. But Black-Draught relieves all this."-H. O. Hendrix, Homerville, Ga.
