Hazelwood Is Beaten By Balfour Team, 6-3

Last Game Of Season Will Be Played At Hazelwood Saturday With Tryon

Hazelwood Ball Club lost to Balfour Saturday of last week by a score of 6 to 3. This is the second time this season that the Balfour club has beaten Hazelwood, making three defeats for Hazelwood for the season's playing. Beacon Hill's defeated Hazelwood one game. The game Saturday was played very loosely, with errors cropping out from time to time. Jackson, for Balfour, pitched a very good game, holding Hazelwood to seven scattered hits and striking out eight men. Burrell also pitched a good game, but the breaks were always against him. Capps, Mace and Peeler led the Balfour hitters with two hits each, while for Hazelwood Burrell, Kuykendall and Putnam succeeded in getting two hits for four tries each.

Saturday of this week will end the schedule for the season. Tryon will play at Hazelwood in what promises to be one of the best games of the season. A large crowd is expected to turn out for the game.

ment complications. From Brevard through to Pisgah National Forest is an expensive proposition to obtain a high grade road. We hope to secure forestry appropriations to assist in this. Our representatives in Congress ought to work for a larger proportion of forestry funds for North Carolina. The section of Route 284 from Cove Creek to the Tennessee line is largely within the park boundaries and the National Park service desires to construct the roads within the park boundaries.

"5. Route 286 from Franklin to Bryson City may require some re-location before a permanent improvement is made on account of future water-power developments. In the meanwhile we are keeping this road under good maintenance.

"6. The proposal to build a road from Balsam Gap via the old Hood road to Soco Gap is one that will have to wait. I see no prospects of an early construction of this road.

"7. With reference to Route 288 from Bryson City to Deal's Gap being maintained as a state highway, I am advised that future power developments may require a re-location of some of this road, and, therefore, no program of improvements should be undertaken until all of these matters are settled.

"When traffic develops to the point of widening Route No. 10 west of Asheville I am hopeful that funds will be available for this purpose.

"We are still in the condition of declining revenues both from gasoline and tag taxes and naturally must be cautious about expenditures."

Mr. and Mrs. H. M. Bowles arrived in Waynesville Wednesday afternoon from Durham. Mr. Bowles has attended both sessions of summer school at Duke University and Mrs. Bowles went to Durham after spending the first six weeks visiting her parents in Irwinton, Georgia.
