istrict chairman of the organization. In the course of his remarks, Mr. Alley stated that he would report the Eleventh District 100 per cent organized when he attended the state executive meeting in Raleigh tomorrow, Friday, September 30th.

Mr. Wilborne told those present of his plans for organizing the party into one solid unit that would assure victory this fall.

Mrs. Thomas O'Berry, of Oxford, vice chairman of the state executive committee, spoke briefly on the work that the women are doing and are planning to do during the coming campaign.

Mrs. E. L. McKee, of Sylva state senator from this district, made a stirring appeal for cooperation and individual contact with those that are not registered and those not inclined to want to vote.

Among the speakers from Haywood were Cordell Russell, county chairman, Felix Alley, Waynesville attorney, Mayor D. J. Kerr, of Canton, and Carroll McCracken, of Canton, chairman of the Young Democratic Club of that city, and Doyle D. Alley, district chairman of Young People's Clubs.

Felix Alley was called upon and offered his services in any community at any time. He said that he knew that the Democrats were determined this time to drive Republicanism and Hooverism from the shores of this nation, and that next March Mr. Franklin D. Roosevelt would be head and master of the White House.

"Our goal is 1500 members, and we already have a start of 500," said Carroll McCracken, of Canton, in speaking about the young people's Democratic club. "Our prospects for victory are assured, I believe."

Mayor Kerr refrained from making a political speech, but offered his services in any way and pledged his cooperation to the party.

The counties represented and making reports were: Cherokee, Buncombe, Jackson, Polk, McDowell, Haywood, Henderson, Macon, Rutherford, Swain, and Transylvania.

One of the outstanding features of the meeting was the assurance of delegates from Republican counties that dissatisfaction was among the members of that party and that they were going to support the Democratic nominees for office in the coming election.

F. E. Alley, Jr., Named Chairman Of Roosevelt Business Club Here

F. E. Alley, Jr. has been named as chairman for Haywood county of the Roosevelt Business and Professional League, according to information received from A. L. Brooks, of Greensboro, state chairman of the league.

The original purpose of this league was to get Mr. Roosevelt nominated, and when it had accomplished this first intention, they organized to work to get him elected, which the leaders of the league are confident of at this time, it was said.

The membership of the league is composed of business and professional men and women who are interested in Mr. Roosevelt's election. The membership fees are \$2, this being a minimum, and more if the members feel like making it more, Mr. Alley said.

By becoming a member of this league each receives:

- First, a membership certificate from the New York office with a remarkable portrait of Governor Roosevelt.
- Second, an auto tag.
- Third, a membership button.
- Fourth, a definite contact for getting information and campaign literature.

Mr. Alley feels that there are many in Haywood county that will join this league and be "on the firing line."

In speaking further about the relation of the league to the national campaign work, the following letter was received from Mr. Farley, chairman of the national committee, who said:

"This organization is very closely affiliated with the National Campaign Committee and has its most hearty endorsement.

"We expect the league to enroll a great many members and to be an efficient and available adjunct in the election of Governor Roosevelt as President of the United States."

Mrs. W. A. Hyatt Named District Vice Chairman Of Democrats

At the meeting of officers and leaders of the Democratic party of the Eleventh Congressional District held here last Friday night Mrs. W. A. Hyatt of this city was named as a member of the state Democratic executive committee, being appointed vice chairman of the Democratic organization of this district. Mrs. Hyatt was selected for this office by Mr. J. W. Winborne, chairman of the state executive committee and Mrs. Thomas O'Berry, vice chairman, who were present at the meeting.

This district is composed of McDowell, Henderson, Henderson, Haywood, Jackson, Macon, Swain, Graham, Cherokee, and Clay counties.

Mrs. Hyatt is an active member of Democratic party. She has done much work in the interest of the party and in 1928 served as chairman of the Haywood County organization. She is at present district director of the United Daughters of the Confederacy and takes an active part in the Parent-Teachers' organization. She is also a charter member of the Community Club.

Mrs. Hyatt will go to Raleigh tomorrow where she has been invited to speak at a luncheon conference of the State executive committee at the Woman's Club Building. From four

organization and have made the plans, and the Waynesville fair is under the direction of W. D. Smith and his class of vocational agriculture boys and assisted by others. The Bethel fair is under the auspices of the Grange organization.

There will be no admission charges to any of the fairs.

Mr. Robinson, county agent, said in an interview to The Mountaineer, "I look upon community fairs as one of the best agencies for building up community pride and sometimes for building up community organizations."

Mr. Robinson is assisting in making plans and arrangements for all the fairs. He is very optimistic over the number of exhibits and brand of the displays this year.

Another citizen of Waynesville discussing the fairs for the coming week said, "I feel that every citizen should attend the fairs for two reasons, first, the exhibits to always strive to improve, it encourages those that prepared the exhibits to always strive to improve them."

Poet's CORNER

TOO MUCH OF EVERYTHING

Too much oats and too much wheat,
Too much corn and too much heat,
Too much cotton and too much oil,
Too many hours we don't toil,
Too many highways, too many cars,
Too many people behind the bars,
Too much poverty, too much wealth,
Too many people in ill health,
Too much politics, too much booze,
Too many wearing high-heeled shoes,
Too many loafing, too many bets,
Too many failing to pay their debts,
Too many living beyond their means,
Too many buying canned corn and beans,
Too many sowing their wild oats,
Too many candidates out for our votes,
Too many hiring their washing done,
Too many playing bridge for fun,
Too many people looking to Uncle Sam,
Too many people don't give a damn,
Too many buying goods on time,
Too many people don't save a dime,
Too much ball, too much play,
Too many politicians on big pay,
Too many taxes, too much spent,
Too many folks spend every cent,
Too much reform, too much law,
It's the darndest mess you ever saw!

MY TASK

'Tis not for worldly praise of fickle friends
That keeps me striving for my goal,
But yet, to heal an aching heart
Or reach a hand to some poor, fallen soul.

I think that I might even bear the fearful thing
Of losing friends when they are seeking gain,
Or I would even risk my ebbing life,
If I could lift a soul from self—conceit and sinful strife

But, oh—the gripping sadness when I know
That some one feels himself resent for silly show,
I'm sorry for the one who throws away his life,
And takes a great delight in petty strife

—LORENA ROGERS.

Club Is Formed By Champion Fibre Forman

Ringed with enthusiasm coupled with a genuine business spirit, the Haywood County Foremen's Club was recognized last Monday night in the Champion Y. M. C. A. and changed to the Champion Foremen's Club with William Robinson as president.

The former organization was composed of members representing Haywood county industrial plants but under the reorganization plan of Monday night the body will be composed of only Champion Fibre Company foremen and officials.

Reuben B. Robertson, Sr., president of the Champion Fibre Company, spoke for thirty minutes along business and co-operation channels. He sanctioned the re-organization but admitted that the Haywood county association had served a great and important purpose.

LARGE FREIGHT BILL

The Champion Fibre Company president further explained that the company shipped approximately 2,000 tons of freight daily for which the company paid the Southern railroad in excess of \$1,000,000 annually. He further said that Southern railroad officials had declared the Champion Fibre Company to be the largest individual shipper of freight on the Southern railroad at present.

In concluding his speech which was devoured by the 150 foremen and officials attending, Mr. Robertson said: "If we observe the law to action and reaction, we shall find our burdensome periods of life are always the forerunner of better things. All rage in its varied scenes is but a living example of this great fundamental law. Out of the storm into the sunshine; out of the thicket into the clearing; out of the valley into the heights. We are humble now, but we can make this experience a stepping stone to better things, which are surely coming."

Mr. Robertson was cleverly introduced by Mayor David J. Kerr, who said that the reorganization of the club was another important step along progress channels for the Champion Fibre Company's foremen and executives. He said further, that the representation present attested the spirit with which the meeting and reorganization would continue to prosper.

OFFICERS ELECTED

In addition to President William Robinson, the following new officers were elected: T. L. Jamison, vice-president; G. C. Suttles, secretary, and Perry L. Cogburn, was re-elected treasurer. These officers were unanimously elected following the report of the nominating committee composed of William Battison, B. M. Stamey and W. S. Platt.

Musical entertainment was furnished during the meeting by the Smathers brothers string band composed of John, Luke, George, and Harold; also by Harry Fisher who sang "Trees" and "The Desert Song" accompanied at the piano by Mr. Houseman. The "Friendly Four" colored quartet also furnished several negro spirituals which resulted in much applause.

BYERS PRESIDES

Frank W. Byers, wood yard foreman, presided over the meeting assisted by J. E. Slaughter and G. C. Suttles.

Mayor D. J. Kerr, general operating superintendent of the Fibre Company, will preside over the October meeting of the reorganized club, it was announced.
