Mr. T. N. Massie, Sr., and Mr. T. War On Rats Is Being Planned For Fall

Rats which have in the past destroyed the stored harvest of farm crops in North Carolina are due for surprise this fall, according to plans now being made by some 59 county farm agents cooperating with A. E. Oman of the Federal Biological Survey, stationed at State College. Beginning November 17, a coordi-

noted campaign to eliminate thousands of rats in the western half of North Carolina will begin. On December 10, the scene of battle will be ranferred to eastern Carolina and FAINE

produce.
Mr. Oman is anxious for every Maryland game in Durham last week-end and visited his brother, Mr. Don-paign. He says one package of the boit costing less than a bushel of corn will save several barrels. He estimated that every half-can used will slay 50 or more of the vermin and there are three of the half-pound cans in the standard farm package.

The bait to be used has been pre-

pared under the supervision of the Biological Survey with red squill as the toxic ingredient. This is mixed at the ratio of 1 to 16 with meat, fish and cereal. The poison is slow acting so that it will not alarm the rat population until all have had a chance to eat some and those getting a bite will move away from the premises. The bait is relatively harmless to domestic animals.

This is a war against filth, says Mr. Oman, and farmers are urged not only to take part in this special campaign, but to make this work a regular farm practice each fall. The biologist has ordered 8.000 packages of the bait in his first order and says the outlook is for a use of all of this and possibly more.

The Farmers Say:-

That our place is important in their lives for several reasons. It is here that the Farmer finds the Seed that he wants, and the Feed that he knows is good—whether it be for animal or poultry. The Farmers like to come here to buy their heavy groceries, Flour, Meal, Coffee, Lard and such items because of the QUALITY of our goods and the ECONOMY in our prices

The Town People Say:-

As much of our place as the farmers. They say they have found that they can always depend upon getting the best there is from out store, and that it costs no more.

The Coal Users Say:-

That there is no coal like VIRGLOW, for lots of heat, little cinders and smoke. We receive many compliments on the quality of this coal that cannot be surpassed in any way. The majority of coal we sell in Waynesville Ls VIRGLOW-there's a reason-why not investigate why this is?

The Builders Say:-

They always know where to go to get anything in the lumber or builder's supplies. Complete stock of lumber, roofing builder's hardware, paints, etc. Others are saving large percents by buying builder's supplies from us. Why not you?

We are always anxious to serve the public, and as our many customers know guarantee satisfaction on all merchandise sold.
