**Canton Is Preparing To Help 260 Needy Families This Winter**

**Red Cross Flour And Cloth Is Received There To Be Distributed**

Faced with the problem of caring for exactly 260 needy families at present and with indications pointing toward at least 500 destitute applications before cold weather prevails, Associated Charities officials at Canton were Saturday calling upon the citizens for additional aid.

Four hundred bags of government flour were received at the charities headquarters here, yesterday, according to H. Arthur Osborne, chairman of the bureau, who declared that additional food was necessary to supply the needs of many applications which had been filed by families in the need of substantial foodstuffs.

Working diligently through the summer and early fall months, approximately 1,500 cans of vegetables and other food has been prepared by volunteer workers within the local headquarters and are ready for distribution, according to Miss Carrie Lill, bureau supervisor.

**CLOTH RECEIVED**

While the local association has ordered 150 barrels of Red Cross flour, only 400 hundred bags had been received this week Miss Hill announced. Five hundred yards of gingham, 400 yards of outing and a quantity of chambray for shirt material was received Friday, it was announced.

Other cloth is expected to arrive the first of next week, according to Miss Hill, who said Saturday that many additional yards would be necessary to fill the ever increasing demands of destitute families in this territory.

Associated Charities officials further announced that women of the various churches of Canton had volunteered their services along sewing channels. These ladies will make many kinds of garments for the needy who are unable to prepare them themselves, it was said.

Women of the community and the churches they represent who had volunteered their services Saturday are: Mrs. F. W. Vettes, of the St. Andrew's Episcopal church; Mrs. D. J. Klopp and Mrs. H. D. Seerest, of the M. E. Church, South; Mrs. J. E. Boney, of the Canton Presbyterian church, and Mrs. R. D. Columbia of the First Baptist church.

**Tannery Cutting Plant Begins Work**

(Continued from page 1)  
The Hazelwood plant has been shipped away in the same form as it came from the animal. The machinery already installed, and that to be installed is most expensive.

The leather now being put out by the cutting plant is ready for either new shoes or repair work. Shoe manufacturers are demanding that the soles used on shoes be cut at the factory where the leather is made. The soles are being cut every size and width for all shoes.

Mr. Richeson stated some time ago that the local plant manufactures four million pounds of leather annually. The new cutting plant is the only one of its kind on the entire Southern Railway System.

Besides employing hundreds of men at the plant, the company buys from the farmers of Haywood thousands of dollars worth of tanning bark each year. The money derived from the sale of this tanning bark is an important item in the lives of the farmers in this county.

The England-Waitoa Company at Hazelwood was one of the first manufacturing plants to get into operation in this county. For over 42 years the plant has been working continuously, and is perhaps the oldest industrial institution in the county.

Mr. Richeson brought out the fact that the company had stood the test of time, and that the future of the company was looking bright for many years of activity in the county. The officials of the company have already taken an active part in all civic affairs and always support any project that will tend to improve conditions or the betterment of the community.

**Madison Education Head Will Answer Charge In 30 Days**

Marshall—No action in filing an answer to the complaint of D. M. Robinson, principal of the Beech Glen school, will be filed until his thirty days are almost up. Superintendent C. M. Blankenship stated Saturday morning. He was asked by the County Board of Education to resign a week ago.

"I will file the answer, you're mighty right I will. But I have thirty days and it may be on about the twenty-ninth," he declared.

"My lawyer is so busy now and shall be for some time, that we can't draw up the answer. Some time within the thirty-day limit the answer will be filed. It may be about the middle of November and it may be about the last."

The complaint filed Friday afternoon by Robinson was served on Blankenship later that evening by Sheriff C. M. Burnett. This leaves the matter as it now stands until the answer is filed by Blankenship.

Blankenship was given a hearing on charges of improper conduct. Robinson was appointed by the board to succeed him, but Blankenship has refused to surrender the office.
