

Legion To Stage Big Celebration Here Armistice

Parade, Public Program, Football Game, and Barbecue Will Be Had

The local post of the American Legion has completed plans for an elaborate Armistice Day celebration here. Plans as arranged call for a parade at 10:30, the line of march being from the Gordon Hotel to the high school where a program has been arranged of which Judge Thomas L. Johnson will be the principal speaker.

In the afternoon a football game between the Waynesville and Brevard elevens will create much interest. In the evening all veterans and their families are expected to attend the barbeque at the Masonic Temple. Complete program will be published in this paper next week.

Poultry Short Course Planned For November

A specialized short course for poultrymen, hatcherymen and others sharing in North Carolina's newest diversified farm industry will be held at the North Carolina State College during the week of November 7 to 11, announces Roy S. Dearstyne, head of the poultry department.

Friday, November 11, will be hatchermen's day when the various problems of blood-testing, incubation, sup-

Deer Season In This Section Opened Tuesday

Bag Limit Is Two Bucks During Season. The Doe Must Not Be Killed

North Carolina hunters went forth Tuesday morning in an attempt to kill as many deer as the state law permits.

The season opens November 1, and closes December 13. Each hunter will be allowed to kill two bucks during the season. The does may not be killed at any time.

W. H. Beichler district supervisor of the state department of conservation and development, explained that the only deer in Western North Carolina in sufficient number for hunting are in counties bordering on the Pisgah national game preserve and the Mount Mitchell state game preserve.

The season on rabbits and quail will open November 20, and that on rough grouse on November 21.

—THAT former Governor Alfred E. Smith in his recent campaign for Gov. Roosevelt, said that the hope of the nation lies in the election of the Democratic nominee.

—THAT Herbert Hoover is planning another trip into the middle west in the near future in the last stage of his campaign. He continues his assault on Roosevelt, repeatedly stating that the Democratic nominee has "violated the truth."

—THAT the streets of Miami were flooded by a seven inch rain which fell there Saturday. No other point in Florida reported a drop of rain during the same 24 hours.

—THAT wheat is now selling for the lowest prices that it has sold since the 1652. (That figure is not a typographical error—sixteen hundred and fifty-two—280 years ago.)

—THAT the latest reports from the Literary Digest poll shows that Hoover has 1,095,274 votes and Roosevelt continues to lead by a large majority, having 1,648,237 to his credit.

—THAT The Asheville Citizen said Sunday that every shade but blue could be found in the autumn colors in these mountains. Travelers say that this section during the fall is the prettiest in all America.

—THAT Wallace B. Davis, No. 27,531 and J. Mack Rhodes, No. 27,529, are among the unemployed at the state prison. These two men are now serving sentences in the prison with connection of the closing of several banks in this section in the fall of 1930. Rhodes' sentence is 6 to 16 years and Davis' is 5 to 7 years.

—THAT three people were killed by an airplane crash at Mooresville Monday. A heavy fog enveloped the plane and it crashed into a country road. The three were returning to Charlotte after a week-end trip. The party was composed of two men and one of the men's daughter, 18 years old.

—THAT 170,000 textile workers in England walked out this week and refused to accept the new low wage scale the owners of the mills offered.

—THAT it has been estimated that about 650,000 voters in the state will cast their vote on November 8th, approximately 8,000 will vote in this county, election officials believe.

TREE PLANTING

Following the nation wide movement of planting trees in memory of George Washington, as a feature of the Bi-centennial celebration, the local chapter of the D. A. R., with members of the Woman's Club, Community Club, Civic League, and American Legion Auxiliary, will have a tree planting next Monday afternoon, November 7. Each organization will plant a tree along the driveway back of the court house.

Patriotic exercises will be held at 2:30 o'clock and the public is invited to attend.

The program will be as follows: Music, by High School Orchestra; Song, Star Spangled Banner; Invocation, Rev. Albert New. Short address, by Mayor J. Harden Howell.

Brief address, by Mrs. U. G. Speed. Dedication and planting of trees, by representatives of D. A. R. Chapter, Woman's Club, Community Club, Civic League, and American Legion Auxiliary.

Song, America.

Benediction, Rev. H. W. Baucom.

Ensilage in the trench silo dug in Chatham County this fall is keeping well and additional silos of this type will be constructed in the county next season, says the farm agent.

Mountaineers To Meet Hard Team At Black Mountain

Several Members Of Mountaineer Squad Are On Sick List Today

After walking away with the Franklin eleven here last Friday afternoon to the tune of a 58-0 score, the few remaining "ables" of the Mountaineers got down to hard work Tuesday after taking an afternoon indoors Monday on account of the rain. The team is somewhat "shot to pieces" because of injuries and sickness on the eve of one of the hardest games of the season, Black Mountain.

The Black Mountain team fell before the Asheville High team by the same score as the Mountaineers, and have been winning the majority of the games played this season.

The Mountaineers had a hard workout Wednesday and are scheduled to take a long signal drill Thursday. Tentative plans call for a post series game here Thanksgiving with either Marion or Marshall. Both places are trying to get the game here, either of which would put up some stiff opposition to the Waynesville team.

1200 Hear Reynolds At Democratic Rally In Canton Saturday

Reports That Champion Fibre Will Close If Roosevelt Is Elected Are False

CANTON, Oct. 29. (Special).—The huge deficit secured by the United States in its national government during the past four years, under Republican rule, is so great that the bonus asked for by World War veterans—men who served the nation in time of need—and other needful expenses, cannot, he said, Robert R. Reynolds, Democratic nominee for the U. S. Senate, told more than 1,000 Haywood citizens at Canton Saturday.

Addressed by an audience estimated at 1,200, which packed the Canton high school auditorium and entrances, the Asheville attorney spoke strong condemnation of many G. O. P. policies and practices, and, as he has done in previous addresses, pointed to present conditions as an example of Republican qualifications and right to govern the nation.

"Thirteen millions of people are unemployed—the nation has the greatest deficit of any country in the world—and trade has been ruined abroad because 48 foreign countries have realized with equal stringent measures on commerce since the Republicans passed their Hawley-Smoot tariff bill," Mr. Reynolds declared.

He spoke for more than an hour and was frequently forced to pause in his address by outbursts of applause. An interesting feature of the meeting was a statement by David Kerr, general operation superintendent of the Champion Fibre company here, that a circulated report that the Champion Fibre company would close its plant and cease operations should the Democratic party win in the November election, was a "premeditated falsehood."

Mr. Kerr, who is mayor of Canton, said he was making his statement following a conference with Reuben B. Robertson, president of the company.

Robert W. Griffith of Canton, introduced Mr. Reynolds. Mr. Griffith was introduced by Mayor Kerr.

National Education Week To Be Observed During Next Week

November 7-13 is American Education week. All women of the Federated clubs, educators, and the public are urged to rally to the cause of education.

On Sunday evening, November 7, at 6:45 p. m. over the N. B. C. network, an educational radio broadcast will be presented, under the auspices of the National Educational Association. Miss Frances Hale, vice-president of the association will have charge of the program. The theme will be, "New Trends in Education," Facing Present World Problems."

Dr. J. Elmer Morgan, editor of the National Educational Association, will be the chief speaker during the broadcast. On Sunday, Nov. 13, at the same hour, a similar broadcast will be given, the theme being, "The Training of Our Youth." Tune in on these broadcasts. You will probably get a new vision of our educational problems, and how they may be solved.

The various schools have arranged a series of programs to be given during the week. Show your interest and appreciation of your children and school's efforts by attending these programs.

It has been said, "with the exception of those agencies giving actual relief, the libraries of the United States are perhaps our most important institutions during times of business depression." We have in our community, a library, which is ministering to the public under great handicaps, because of the lack of funds and the need of additional books. During American Education week, rally to the need of your library. If you are not a subscriber, pay your dollar now and enjoy the benefit of what the library has to offer. If you subscription has expired, renew.

In North Carolina, two million of our three million inhabitants have no library service. Sixty-two per cent of our people have not yet been reached with books and wholesome reading material. Recognized library standards require the circulation of five books per capita, while North Carolina circulates one book per capita. The standard requires a minimum of one dollar per capita, per year for libraries, while North Carolina's income for this cause is only six cents per capita.

The club women and educators, as well as the general public, will, I am sure, heed the call of education, while the field of service is white unto harvest.

Hallow'een Is Passed Quietly Here Monday

No Arrests Or Disturbances Are Made. Rain Prevents Usual Celebration

Chief of police, Fred Caldwell, reported that Waynesville celebrated the quietest Hallow'een in many years here Monday night, when a heavy rain fell throughout the night, which prevented the usual "spooks and devils" from their usual prowling on the holiday of spooks.

Chief Caldwell stated that no arrests were made and very few brave weather on any celebration whatsoever.

Outside of the windows on Main street and a few windshields being thoroughly soaped, no damage had been reported. Citizens not inclined to take part in the observance of the celebration reported that they "enjoyed the rain," in more ways than one.

The production of an average of 20 bushels of barley an acre in Clay County last season has led to increased plantings over the county this fall, says the farm agent.

A recent milk survey in Union County indicates that more than enough is being produced to warrant a cheese factory being established at Monroe.

Ask Your Doctor Two Important Questions

How Many Minerals Does the Body Contain? Why Are Minerals and Vitamins So Essential to Bodily Health?

When your doctor names the Mineral elements of the body write down the list carefully. Take this list to your druggist and ask to see a bottle of LEE'S MINERAL COMPOUND, the marvelous new formula that is bringing health to thousands. Compare the Doctor's list with the label on the bottle and you'll find, without exception, every one of the essential Minerals are contained in this famous compound. That's the reason for its amazing success. It's Nature's own way to health.

NATURE DEMANDS HELP. When any of the essential Minerals are deficient, Nature demands help. Harsh laxatives, "patent" medicines and "pain killers" won't do. You must feed into the body those missing elements that Nature demands. LEE'S MINERAL COMPOUND, the new scientific formula, contains a balanced supply of Minerals, in combination with vitamins and it is surprising how quickly the system responds to this Natural health building formula.

OUR WONDERFUL BODIES. Strange as it may seem, these wonderful bodies of ours consist of a very limited list of fundamental chemical elements. It is now known that only eleven minerals and five gases are needed by Nature in building the strongest man or the most beautiful woman.

CLEARs THE SYSTEM. LEE'S MINERAL COMPOUND, with Vitamins, sweeps the system clean of impurities, drives out dangerous "toxic" poisons, eliminates excessive acids that destroy health, supplies the body with essential minerals, builds rich, red blood, new strength and energy, restores the appetite and aids digestion.

OUR BODIES ARE ROBBED. All of these essential Minerals and gases are present in natural foods but improper cooking and an unbalanced diet rob us of these vital elements. The system becomes charged with acid. Indigestion and Constipation follow. We become nervous and irritable; subject to headaches, fail to get the proper rest at night, become weak and listless and good health deserts us.

MAKE THIS 10 DAY TEST. Convince Yourself! Stop dosing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest drugist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up"; but a natural method of restoring health and energy.
