WEST BURRESS IS SHOT WHEN CHASING TRESPASSERS

Four Men Are Arrested And Placed In Jail Charged With Crime.

West Burress, 50, who was shot through the right lung Monday night while on duty as watchman of the Sherwood Forest, was reported by hospital authorities as "getting along nicely" late Wednesday.

Mr. Burress was running trespassers from the property when he was shot. After being shot he walked four miles to his home. The sheriff's department was notified and Fanning Burress, 26, nephew of the shot man and Luther West, 28 brother-in-law to Fanning, were arrested and placed in jail here charged with the shooting. Neither was given a hearing pending condition of Burress.

Tuesday night Rowley Pless arrested Jim Griffin and his son Paul Griffin on a charge of shooting Burress. The warrant was issued by Dewey Pless. Paul was released Wednesday morning and Lawrence Griffin, another son of Jim Griffin, was arrested by Sheriff Lowe and lodged in jail awaiting outcome of condition of Burress.

Authorities believe that they have the person doing the shooting since they still have four in jail.

Miss Anna DeGolly Buried Here Friday

Funeral rites of Miss Anna DeGolly, who died at her home in Mauney Cove near Waynesville, were held Friday morning at 11 o'clock at the home, the Rev. H. W. Baucum, pastor of the Waynesville Baptist church, officiating. Interment was in Turpin's Chapel cemetery about two miles from town.

Miss DeGolly came here with her twin brother, the late James R. DeGolly, from Pennsylvania about 20 years ago. Both lived to be 84 years old and neither ever married. Mr. DeGolly died about two months ago. They had no relatives in this county.

About two weeks ago, Miss DeGolly joined the Baptist church and was baptized in a special service in the afternoon, only a few friends being present.

At the time of her death, she was living at the home of C. R. Limer, whom she and her brother had some time ago adopted as their heir and to whom they had deeded the property they had accumulated since coming to North Carolina.

Canton Man Is Killed

By Truck In Salisbury

John Henry Clark, 24, of Canton, was fatally injured near Salisbury last Saturday when he was struck by some machinery, which a coroner's jury found, "was improperly loaded on a truck driven by W. J. Widonhouse, of Concord." The jury recommended that Widonhouse be held for further investigation.

The driver was placed under a \$1,500 bond. He stated that he did not know a man had been hit. Clark was said to be hitch hiking at the time he was struck according to an Associated Press dispatch.

Funeral services were held in Canton Monday.

Mayors Kerr And Howell To Play In Waynesville-Canton Football Game

Mayor Kerr To Make Initial Kick-Off For Canton—Howell To Carry Ball.

BOTH TEAMS IN FINE CONDITION

Meet On Local Field Friday At 3:30 O'clock. Hundreds Expected Here

Everything is ready for one of the largest crowds ever to attend a football game in the county to witness Mayor D. J. Kerr, of Canton, make the initial kick-off to Mayor J. H. Howell, of this city in the Waynesville-Canton annual football game here Friday afternoon at the high school field. Mayor Kerr is scheduled to make the kick-off promptly at 3:30 o'clock, a few seconds later Mayor Howell intends to return the ball to the goal line for the first touchdown. This feat, however, is questionable.

The two Haywood teams have completed final practice for the game and both coaches expect their teams to be in the best of condition for the most coveted game of the season. The element of rivalry is existing between the two teams, and the best playing of each is expected Friday.

The Mountaineer will enter the game as favorite, having won no games this season than the Black Bears, but past records mean little in a Waynesville-Canton game, as both teams are keyed to the point of winning the game, regardless of past records, or even predictions.

On another page in this paper there appears a page advertisement which gives complete facts about each team. For the Canton team, Coach Scarborough was uncertain as to who he would start in the game, and in the Canton line-up on that page the weights of the Black Bears appear to be somewhat light, but information received by The Mountaineer just before going

to press, from Canton, was that a much heavier team would start for Canton than the one given in the line-up on the football page.

Coach Weatherby has been giving his boys a series of new plays during the past few days, and indications are that quite a few new tricks will be displayed in the Canton game by the Mountaineers. The Mountaineers are in good condition after their game with Brevard last Friday. The Brevard team was trampled under a score of 52 to 19. The visitor's points coming after they had completed a series of passes and their end got loose for a nice 45 yard sprint for a score.

When Mayor Kerr makes the opening kick-off he will be taking the place of Captain Curtis, of Canton, and Mayor Howell will receive for Captain Wyatt of the Mountaineers. The first play, of course, will not be official, and it is understood that the two mayors will be started off the field immediately after completing their first play. Mayor Howell said he was liable to forget himself and go through the entire Canton team for a touchdown, while Mayor Kerr did the Mountaineer that he intended to kick the ball further than Mayor Howell could run so there you are, both consider they will outdo the other.

At any rate, it is going to be a great show to see the two-city officials in action, and a still greater show will be staged by the two cities when they look back for the championship of Haywood county.

While interviewing Coach Scarborough early this week, one of his backs was watched for a few minutes, and if this young man displays the same brand of ball he will Friday that he did in practice Monday, the Mountaineers will have a tough Black Bear to catch. He was wringing and twisting his way through the line, and could shoot passes like bullets—it might have been his "lucky day" then again he might have been his "natural self"—anyway, there'll be hundreds on hand Friday at 3:30 o'clock to see.

Robbers Blow Open Safe After Boring Through The Floor

New robbery methods were used sometime between Saturday night and Monday morning to enter the office of Blackwell-Hushnell Wholesale Grocery Company near the depot, when a series of holes were bored through the floor large enough to admit the robber or robbers, who gained the door of the large safe in the office to obtain about \$25 in small bills.

A sack of beans was found near the safe which had evidently been used to dig out the sound when the safe was bored. Papers that were in the safe were strewn on the floor, but none were missing.

A check-up of the stock did not show anything missing, which tended to show that the thieves were after cash.

The local police were notified early Monday morning by Mr. Bushnell. They went to work immediately on the case.

The thieves were rather bold to pierce the hull of a safe as large as that throughout the night.

Macon County Republican Bolts Party When Democrat Lets Him Borrow Pants To Get To Polls

The election is over, but from Franklin comes the following story, which, no doubt, is the most unique of the entire campaign. The Franklin Press says:

W. G. Barker and Jim Clark were scouring the countryside of Macon county to round up Democratic voters and get them to the polls. They came upon a man working in a field.

"Voted yet?" Barker inquired.

"No," the man replied. "I ain't fit to go to the polls." He pointed to the torn, ragged pants he was wearing.

"These are the worst times I ever saw. I've always voted the Republican ticket, but I'll never vote it again as long as there's breath in my body."

To Mr. Barker, who is one of the staunchest Democrats in the county, it was an opportunity to do some good missionary work.

"Well," he ventured, "if I lend you my pants will you go and vote the Democratic ticket?"

"I sure will," answered the other fellow, whose name Mr. Barker declined out of pure neighborliness to reveal. "But there's new twins up at the house and my wife can't go."

But Mr. Barker is a justice of the peace and he got an absentee from the man's wife. Then he went out into the brush, removed his pants and stood shivering for half an hour or so while Mr. Clark took the former Republican to the polls to cast his first Democratic vote.

R. E. HIPPS, 59, DIES AT CANTON TUESDAY NIGHT

Was Former Member Of Legislature From This County. Ill Only Few Hours.

R. E. Hipps, 59, former member of the lower House from Haywood county, died at his home in Canton Tuesday night about 9 o'clock after an illness of only a few hours. Death was caused by a heart attack.

Mr. Hipps was well known throughout the county and Western North Carolina. He was known to his friends as "Bob." Mr. Hipps had retired from business in Canton, where he had made a success at his business. He operated a farm near Canton during the past few years and was recognized as one of the leaders in community affairs of his section of the county.

The deceased was defeated in the June primary for reelection to his office by Harden Howell, of this city.

Surviving are his wife, Mrs. Sallie Hipps, three daughters, Miss Lucile Hipps and Miss Marjorie Hipps, both of Canton, Mrs. Norma Buran, of Asheville, one son, Robert, Jr., of Waynesville.

Haywood Industrial Accidents Reach 167 In '31; Cost \$8,588

Decrease In County Is Shown In Report Over Same Period Last Year.

Raleigh, Nov. 15.—Haywood county reported 167 industrial accidents in 1931, as compared with 167 in 1930. The injured workers received \$29,000 in compensation in 1931, as compared with \$18,982 in 1930. While medical costs, going to doctors, hospitals and druggists, in 1931 amounted to \$10,487, as compared with \$8,588 in 1930, the comprehensive biennial report of the N. C. Industrial Commission just issued shows.

Of the total 467 accidents the past fiscal year in this county, 314 were medical only; that is, the workers lost less than one week of time and received no compensation for the loss, having medical bills paid only; two resulted in death, 5 left the worker with some partial but permanent disability, and 146 were disabled, but for a limited period, the report shows.

The Compensation Act is justified, it is pointed out, in that the several counties of the State are relieved of many charity cases heretofore resulting from industrial accidents—that many civil terms of the courts, with attendant costs, paid from county funds if it is claimed, have been saved. The physically handicapped worker now receives 60 per cent of his average wage for varying periods of time commensurate with his disability, permitting him to earn some while continuing to live off his changed condition. To assist him in this rehabilitation these cases are followed up by the Vocational Training Board. During disability the very best medical and hospital care is furnished. Thus the over-hardened charities organizations of the counties during the depression have been relieved of the care of the worker injured in industrial accidents. The total compensation paid for approved for the year 1930-31 was \$679,072.00 and for 1931-32 was \$710,542.00.
