What to do About Left-Overs

By Jane Rogers

LEFT-OVER vegetables—the cup of peas or half cup of carrots, present a problem in kitchen economy that often taxes the patience of the most thrifty housewife. Everyone likes to throw away good food, especially when there is a chance that it might be converted into some tasty dish and be made to serve for another meal. The problem is really not as complex as it seems. Almost any good cook book will offer a number of suggestions in the form of recipes calling for a cup of peas, a string of beans, or some cooked potato that can be made into a delicious casserole of vegetables, enough to form the main part of a lunch or an appetizing vegetable contribution for the evening meal. Muddled vegetable soup, or other possibilities, are also left-overs.

The three accepted seasonings, salt, pepper and a dash of sugar. Everyone knows the functions of salt and pepper, and the sugar peas a long way toward restoring the a recent flavor and restoring their natural sweetness. Containing starch have long recognized the value of sugar as a third seasoning in the preparation of fresh or canned vegetables—a secret which they keep for many years and which perhaps explains why the dishes of many of our famous hotel chefs have become nationally recognized for their distinctive quality.

Not prepared. I don't remember. I can't believe I can add what has been said.

Neighbor: Where's your brother, Freddie?
Freddie: Aw, he's in the house playing a duet. I finished my part first.

Printing?

Get Rid of That SORE THROAT!

Any little soreness in the throat grows rapidly worse if neglected. Crush some tablets of genuine Bayer Aspirin in some water, and gargle at once. This gives you instant relief, and reduces danger from infection. One good gargle and you can feel safe. If all soreness is not gone promptly, there's usually a cold with the sore throat, so be sure to take two tablets to throw off your cold, headache, stiffness or other cold symptoms. Bayer Aspirin relieves neuralgia, neuritis, too. You may use it freely, it does not hurt the heart.

NO TABLETS ARE GENUINE BAYER ASPIRIN WITHOUT THIS CROSS

Says WILL ROGERS

BEVERLY HILLS—Well all I know is just what I read in the papers. Now just what has been agitating the natives here lately in the way of printed matter? Mr. Hoover's speech couple of weeks ago is still fresh in the minds and editorials on our press, but no man should ever make a speech after someone at a dinner has read or recited, this woman did a kind of a cross between the two Lincoln's Gettysburg Address. You see it was Lincoln's birthday and the Republicans in New York were celebrating. It is hard to be for Lincoln the Republicans in N. Y. would give a short of a cause for celebrating. Well regarding Mr. Hoover's speech some woman read Lincoln's speech. It only about three hundred words long, and the plainest words. There's not a child or even a comedian that can't understand it. Well Mr. Hoover got down to long words. Honest Lincoln in it, well not made his speech as far as it has had any effect on other speakers. He left it as an example for no one ever followed it. You know this is to give you a pretty good idea of how things go over. Now the President got a train of speakers at all reference to him by the speaker, and a great deal of it was in his speech which was a failure as they put it to use. I just don't believe one word of it. You take an average of the world's speech, the ordinary man's speech, which is not better than a child's speech, and you'll find that it is a failure. I have played in an orchestra and over the years, I have seen many a man who is a failure in his own life, but who is a success in his own field. I have seen many a man who is a failure in his own life, but who is a success in his own field. I have seen many a man who is a failure in his own life, but who is a success in his own field.

Fishing Regulations Given By Eakin For Streams In The Park

J. R. Eakin, superintendent of the Great Smoky Mountains National Park, gave out last week the following statements:
For the information of the public the following trout fishing regulations in force in the Great Smoky Mountains National Park are stated:
Open season, Tennessee, March 2 to November 30.
Open season, North Carolina, April 16 to August 31.
Daily limit, 20 fish per person per day.
Size limit, brook trout 6 inches in length, rainbow trout 7 inches in length. Smaller trout must be released to the waters.
Fishing permitted only with rod held in hand. Set poles prohibited.
Night fishing prohibited.
Fishing prohibited in streams close to the purpose of restocking. All streams are plainly indicated by signs.
These regulations have been promulgated in order to secure better fishing. Rangers and patrolmen have been instructed to vigorously enforce them. Park streams have been amply stocked with small trout and if the fishing public cooperates good fishing can be secured in the park in two or three years.
Further notice Bradley Forestry Department of the North Carolina section of the park is closed for the purpose of restocking.
The following streams in North Carolina remain closed: Twenty-mile Creek, Foye Creek, and Deep Creek.
The following streams in Tennessee remain closed: Cosby Creek, Elkhorn Creek, and waters of Little River, Clinch Mountain, Pigeon, and West Fork of Clinch River.

"New" and the economist. "I shall make this my forest everything." "Hold on," yelled a man in the mill row. "The over the \$10."

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rin' to Go

If you feel sour and sick and the world looks punk, don't swallow a lot of salt, mineral water, oil, laxative enemys or chew on roots and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your illness and not being in your liver. It should pour out a steady stream of liquid bile to your bowels. If this bile is not flowing freely, your liver is clogged. It just deposes in the bowels and causes your stomach. You have a clogged liver. Get your bowels in a regular habit of moving and you'll feel a new world of joy and health. You'll be a new person.

A medicine that brightens people's lives

Fortunately for most of us, a state of happy health does not depend on strength. But like any other piece of machinery, the human machine must be properly regulated to run right. There is a simple means of regulating the system. It makes an amazing difference in the way your organs function and the way you feel. It pays most men and women to try this regulation. You may consider yourself in fairly good health today, and after only two weeks' regulating realize you were only half alive. This means of stimulating the system to new life is a prescription, and it is known as Dr. Caldwell's Syrup Pepsin. It's derived from fresh herbs, active senna, and pure pepsin. Every druggist keeps it on hand. Get some today, and take some tonight. Whole households have blessed this family doctor's prescription. It has saved old and young from sluggish spells—and from downright sickness. It's the only tonic you may need; the only laxative you need. It is the most likeable and remarkable medicine you ever tasted. Try one bottle of Dr. Caldwell's Syrup Pepsin and compare your condition with how you felt before!
