Ruth Ray's **Beauty Shop**

The New 1964 Post ac is now deplay at the showroom of the Smoky Mountain Motor Inn. at the Depot The new cars are the first to be received here by the tiem who were recently appointed agents for Pontiac and Buick. W. C. and Earl Messer are owners and manager of the motor company and agency.

The Smoky Mountains Motor Inn was opened here last summer, and since that time has built up a fast growing business of general repairing as well as sales.

One of the features of the company is the sale of Diamond Brand Tires. This company is district agent for the territory west of here for these tires, and sales records show them to be increasing in copularity.

Several weeks ago when offered the arency for Bunck and Pontiac the two Messer Brothers quickly signed the contract with General Motors, Corp., and are now ready to serve their patiens with the new cars as well as service for these two rurs and all other makes.

The repair department of the Motor Company is one of the features of the business. Being under the supervision of Rufus Gordon, well known local mechanic, the firm unhesitatingly stands back of every job that leaves their shop. The increase in business during the past few months is significiant of the fact that service at a small cost is rendered.
