The State Commissions of America put a limit of from 21 to 22 feet inside the ropes in late years. Some rings are even smaller but permitted by the commissioners.

Why Change Horses In Mid-Stream??

About 18 months ago Mr. Messer took the place as Chairman of the County Board of Education, and many changes have been made which we believe have been for the best in Haywood County. Why at this time make a change that will necessitate the re-organization and interference with plans that are already underway in the school system?

Mr. Messer has proven that he is efficient and capable of serving in the same capacity thes we has in the past and we believe a change would not be for the best at this time.
