Use of Kelp
Kelp is the name given to the ash of certain seaweeds, which are gathered and burned, in California and other places, for the sake of their iodine, potash, soda, magnesia and other content. About a ton is obtained by burning 20 to 22 tons of seaweed, and its iodine content may vary from 1 to 6 per cent. The iodine, combined with other elements in the seaweed, is extracted by chemical processes and used in various industries.

For Representative

Believing that a cautious and conservative administration of the affairs of our Government, both at Raleigh and in Waynesville, is the taxpayers only hope for an immediate and certain relief, I strenuously oppose expending the people's money, except in case of an absolute and legitimate necessity.

To the above I pledge myself and my efforts, soliciting the aid of my friends and fellow Democrats in my effort to be a servant of the people of Haywood County. Representing no clique, no faction, with a deep rooted desire to be a faithful, honest and loyal representative of the interests of all the people of Haywood County, I again appeal for your support in the Primary next Saturday, June 2nd.

MY RECORD TO GUIDE YOU

I solicit the support of Haywood county voters in the Democratic primary. I ask for your vote on the basis of my past record for there is no better way of choosing than by considering past service. I have faithfully discharged the duties of the sheriff's office in trying times and have devoted all my time and efforts to enforcing the law and performing every duty prescribed by the laws of the state.

There is a wise proverb which advises one, in homely wording, not to change horses in the middle of the stream. In my heart I believe the good people of Haywood county will endorse my record as sheriff, for I have worked with the one idea of making a good sheriff. If you approve my record, then give me your support and I promise to continue giving all I have to the job.

I Thank You.

Very Much Improved After Taking Cardui
"I have suffered a great deal from cramping," writes Mrs. W. A. Sewell, Sr., of Waco, Texas. "I would chill and have to go to bed for about three days at a time. I would have a dull, tired, sleepy feeling. A friend told me to try Cardui, thinking it would help me—and it did. I am very much improved and do not spend the time in bed. I certainly can recommend Cardui to other sufferers."
Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.
