Dahomey is one of the colonies or provinces of French West Africa. It embraces the former native kingdom of Dahomey and some other territory. With a coast line of about 70 miles, between Togoland and Nigeria, on the Gulf of Guinea. The colony has an area of 41,502 square miles and a population of over a million of which the European number more than one thousand. The town of Porto Novo is the capital and principal business center.

Five Largest Ports

Considering only harbors having upon their shores cities of commercial importance, the five largest in area are: Port Phillip, Melbourne Harbor, Australia, approximately 400 square miles; Yokohama, Japan, 200 square miles; New York city, 175 square miles; San Francisco, 79 square miles; Bombay, India, 60 square miles.

Hurling an Old Game

Hurling dates back to the times when Gaelic athletes engaged in contests before Queen Taithe and her court, on the plains of Tara. The game is said to be the first of all games played with a ball and stick. Baseball, hockey and all similar sports have developed out of hurling, but the old game itself is just as exciting as its modern offspring.

Try Cardui for pains, cramps, nervousness due to a run-down condition. Thousands of women testify Cardui benefited them. It does not benefit YOU, consult a physician.
