French Broad Dam **Would Make Power** Too High Says Bock

Survey Is Being Made Of French Broad Valley, Might Find Where Power Could Be Made Cheaper

(Special to The Mountaineer.) Ca.l A Bock, assistant chief entherities today made the following announcement concerning a dam on announcement concerning a dain on the French Broad River near Ashe-

wille: Tennessee Valley Authority has been importuned by many peo-ple to prepare designs for a water power dam and regulating reservoir on the French Broad just above Ashe-The topography of this site affords a natural reservoir basin which considered for its physical aspect alone is one of the best of un sites in the Tennessee Valley. However, the preliminary data available at the present time regarding this proposed project appear to indicate that the cost of water power produced there would be so much greater than the cost of similar power prother locations, that we are forced to the conclusion that the cona dam at this site is the most of not economically justified at the pres-

The Authority is at present havrng arries out a topographic sur-vey of the whole valley and it is posthe may ultimately closered one or more sites in this and where it will be profitable at as future time to construct a hyelectric plant or storage reser

was project In the meantime no improvements if any other kind need be held up o. delayed on account of the discussion of the suggested Asheville dam, A sunference with the North Carolina State highway officials has developed that the present highway construction plans are entirely consistent with possible future developments of reservoir sites in this region and that highway was can proceed without delay. The IVA will continue Sutton, both of Jonathan. to keep in close touch with highway plans and other major projects that may need co-ordination with the be-t economic development of our water resources, and will continue to promote the development of these resources so far as it is able by the compilation of records of stream flow and other data and surveys.

LESS MILK USED WHEN NOT FRESH

The rapid souring of milk handled carelessly has been given as a chief reason why milk consumption is low

on many farms. Un-anitary and slightly soured milk is not palatable and it is easy to see why farm families whose milk is not cared for properly do not drink as much milk as they should, says A. C. Kimrey, extension dairyman at Stat, College, To keep milk clean and fresh, it

should be strained through at least three thicknesses of fine cheese cloth immediately after milking, Kimrey

bring the milk rapidly to the tem-

On farms where ice is kept the On farms where ice is kept, the wood County in Book 21, at page 17 milk should be placed in the ice box wood County in Book 21, at page 17 milk should be placed in the ice box default having been made in the pay

be used. The cream can be poured from the bottles and kept for churning or other purposes. The rapid cooling of milk in bottles will cause the cream to than is the case when milk is not vessels, such as buckets or cans.

Milk thus handled is completely stated from dust, odors or other forms of contamination. It will be found much more convenient for the hou effire to handle milk bottle, than in the usual way, Kimrey said

RETTERS to the Editor

Editor The Mountaineer. Waynesville, N. C.

Dear Sir: I wish you would state in your paper, that Dr. Albert Osborne, a native of Haywood county is soon to visit his home town. Dr. Osborne Visit his home town. was born near Cove Creek, more than forty years ago his father a Primi-tive Baptist preacher. At the age 14 young Osborne's parents moved to Kentucky, where he was educated the famous Mountain University Berea College, During his school days at Berea, a missionary family sited the college and offered to take him to India after his term at college, if his parents gave their sanction. His parents were not mis-sionary inclined and did not want him to go with Missionary Baptist missionaries to India. However, young Osborne's strong desire to go and being of age 18, he went and lived in the Baystard Jungles as missionary

This is probably his first visit to Haywood county since he left when a boy, but I am sure it will be interesting to the natives of the county

to know he is visiting the section.

If any of the churches schools or men's clubs would like to hear him, write him in care of Y. M. C. A. Asheville, N. C.

Cours very truly C. W. FAWCETT 26 George Street, Charleston, S. C.
