The Human Side O' Life

Incidents and Observations Anecdotes and Humor

By UNCLE ABE

I went to the movies few nights ago—'Twas when treasure Island was on you know; Had just got seated when—saw there, seat! They turned on that awful Krazy Kat. Krazy is right, it's crazy as can be—Just too darn crazy for suitin' me. I'm going no more, now get that pat. When I know they're puttin' on Krazy Kat.

he ran his hand down into his pocket an' 'back to'ards me so quick I thawt I wuz shot. But I wuz not shot, 'cept with a dollar Bill. "Thair ye ar," sez he, So—

If ye want to Kyore all my ills Jest shoot me with them dollars bills; 'Cause dolley bills beats doctors' pills. For Kyorn' all yore Unkle's ills.

Another man to make ye feel good is Jim Long. Hav been drivin' aroun' sum with him on business lately. Jim shore is a good feller—"al wool an' a yard wide"—Also a yard thick. Sumtimes I feel almos' like huggin' his neck, but if wuz to try I koodn't git to it.

I guess ye've noticed, Mr. Editor, what a cheerful Dispozoun mos' fat takes hav—allus a-laffin' an' talkin' fit t' kill. Sumtimes I wisht I wuz fat; but not as big an' fat as theolug gal that wuz ove at the Fair. I know she must feel beefy whenever she gets near cattle. If I wuz that big an' fat I'd ast the Good Lord jest to give hide, hair an' hoofs so's I kood jine the herd.

I noticed in the deer ole Mountingeer that Mark Leatherwood had moved to the Big Bend. Now I wonder whir Mark is goin' to park his yar at Mt. Sterlin' or Max Patch?

EAST WAYNESVILLE HOLDS SECOND P. T. A. MEETING
Tuesday evening, beginning at seven thirty o'clock, the East Waynesville Parent-Teachers Association held its second monthly meeting of the year. Due to the resignation of Mrs. Smiley Carver, Mrs. Doyle Alley was in charge of the meeting.

The report of the nominating committee composed of W. Thos. Reeves, Mrs. Hubert Burnette and W. L. McCracken, was read, nominating Mrs. G. F. Boston as president, Mrs. Anne Tutwiler, vice president, and Mrs. S. H. Jones for treasurer. All nominations were accepted and elected by the association. These officers will fill the unexpired terms of Mrs. Smiley Carver, who will soon move to Canton, Mrs. Clark Medford, who moved to the Central Elementary district, and Mrs. Frank Leatherwood, resigned.

Mrs. Doyle Alley gave a summary of the district meeting for the Western district, composed of thirteen counties. This was held in Candler, October 2nd. Bethel and Lake Junaluska associations were commended for having largest number of delegates to this meeting from Haywood county. Haywood county again tied with Buncombe county in the award of the silver cup for number of standard and superior associations. During past year Lake Junaluska won a standard certificate which caused the tie in this contest with Buncombe; Haywood county won the banner for the largest percentage of membership increase during the year. It was announced that the next state convention will be held in Asheville, in April, 1935 and all members were urged to bring new making preparations to attend. At this meeting Miss Mildred Crawford suggested that a fund be raised for the victims for music appreciation as advised by the state department of education.

A committee was named to perfect plans for the annual Halloween carnival. Mrs. Roger Medford was placed on the hospitality committee to fill the vacancy created by the election of Mrs. G. F. Boston as president. Following business session a brief program of entertainment was furnished. Ruth Turner, of the sixth grade, recited "The Raggedy Man," and Miss Ha Greene rendered piano selections. The adult attendance was thirty-eight, and the first grade, represented by eleven persons, won the half holiday which is given monthly to the grade having the most parents and other friends present at the meeting. W. Thos. Reeves, Ch. of Publicity.

Well, Well, Well! What about the difference in the disposition of the folks we meet jest in a little space of time maybe? For instance, when I wuz a-workin' on Mane Street last week one man wuz not as curious an' Kunsiderate to me as I thawt he wud be seem' that I am afflicted wud ten Discezes an' wuz full of curtesy to him.

So I turned down into Depoe St. with a down Kast look until I met Mr. Ballinger, a Concrete mixer or sumpun—hoom I spoke to about takin' the Deer ole Mountingeer. "Jest been thinkin' about it," sez he, "an' I'm durn glad ye kum along." Then sur-

Timely Questions And Answers On Farm Problems

Question: Can skim milk or buttermilk be substituted for any ingredient in a laying mash?

Answer: Yes. Both skim milk and buttermilk may be used in place of the dried milk products as well as the fish meal and meat meal. Three quarts of skim milk or buttermilk should be used where only the dried milk products are substituted. Where the dried milk, fish meal, and meat meal are left out of the ration four and one-half gallons of skim milk or buttermilk should be substituted. The success of this substitution depends upon the regularity of feeding the milk and unless there is ample supply for constant feeding no substitution should be made.

Question: How long should a hog be without food before killing?

Answer: The animal should not be fed for at least 24 hours before slaughter, but should have plenty of fresh water. This makes it easier to get a good bleed and the meat cures out better, when the small blood vessels are free from food particles and blood. Before the animal is killed keep it as quiet as possible as excitement produces a feverish condition which prevents proper bleeding and causes the meat to sour while in cure.

Question: Is it too late to sow vetch and oats as a winter hay crop?

Answer: No. Vetch may be sown on almost any soil up to October 15 and oats may be sown anytime up to November 1. In using vetch, however, be sure that the land is inoculated for legume growth. Seed should be put in as early as possible to prevent winter injury, especially where overdone. This injury may be partly overcome by seeding with an open furrow drill or by using the Norton, which is an early cold resistant variety, or the Lee and Virginia Gray varieties, which are late and cold resistant. The Carolina variety of vetch is more resistant to disease than hairy vetch and also makes a good grade of hay.

See That All Winter Grain Is Protected From Insect Damage

Carbon disulphide or carbon tetrachloride may be used effectively to kill insects in stored grain this winter says C. H. Brannon, extension entomologist at State College. A barrel or other container which can be made air tight will be suitable. Fill the barrel with grain, pour in half a cupful of the chemical, then fasten two thicknesses of heavy wrapping paper on the barrel top. If the seed is heavily infested, a full cup of the disulphide or tetrachloride may be used. After two or three days, examine the seed. If any insects are still alive, repeat the process. The seed should be kept in air tight containers until ready to plant, or insects will reinfest it. When ready to plant, spread out on the floor and the gas will evaporate in a short time. Storage bins may be used to treat seed in large quantities if the bins

are fairly air tight. Twenty pounds of the disulphide will be enough for each 1000 cubic feet of space in the bin. After pouring it on the seed, cover with sacks to help hold in the gas. The treatment should be applied in the middle of the day when the temperature is warmest, as greater efficiency is obtained at 75 degrees or higher. Air slacked lime may also be used to treat grains for insects. In treating quantities of seed, equal parts of lime and seed should be used. For small amounts, the ratio of lime should be larger than that of the seed. Brannon advises.

Crossroads Merchant: "No, sir I ain't a goin' to advertise." Stranger: "Why not?" Merchant: "I tried it once an' it nearly ruined me. People came from miles away an' they bought durn near all the stuff I had."
