If the Colonel Ever Awards a Medal for Usefulness

THROUGH STATE CAPITAL KEYHOLES

By: Bess Hinton Silver

FUTILE—Dr. John T. Burrus, Senator from Guilford, thinks the chairman of the State Highway and Public Works Commission and the Commissioner of Revenue should be elected by the people instead of appointed by the Governor and has bills introduced to make such a change. But the High Point doctor isn't betting any big stakes that his proposals will become law. On the other hand he is inclined to be resigned to their defeat. Senator Burrus defeated Capus M. Waynick, present chairman of the highway body, in the Democratic primaries last June.

GAS TAXES—From this point it looks like everybody and his brother is trying to get his hand into the pocket of the automobile driver, by diverting highway fund revenues. Motorists and truck owners have expressed in no uncertain terms the opinion that any surplus gasoline taxes should be applied to repairing roads or reducing the cost of license taxes. You will not be able to tell who wins until the General Assembly adjourns sine die.

TOLLS—This General Assembly came to Raleigh determined to make all bridges free as the roads and it didn't take the members long to remove the tolls from bridges across the Chowan near Edenton and the Cape Fear at Wilmington.

NOT TOO SOON—Guesses on the date for final adjournment of the Legislature are beginning to vary widely as the joint finance committees continue deliberations on the biennial revenue bill. Legislative prognosticators profess to foresee unanticipated delay on the revenue bill in House and Senate. These unquoted wise-men sense unexpected storms as the result of rapid passage over many sections of the money bill in committee.

GOVERNOR—Lieutenant Governor A. H. Graham isn't saying much for publication but you can make a note on your cuff that he hasn't withdrawn from the 1936 gubernatorial race. Trading the even tenor of his way Mr. Graham is nevertheless laying the foundation for his campaign next year.

SNEEZES—Head and chest colds, just like those down on the farm, have been disturbing members of the General Assembly. To date, none of the members of the upper branch of the Assembly have been in serious condition except Senator Johnston although hoarseness on the part of Senator Spence, of Moore, delayed consideration of the Automobile drivers' license bill for several days.

REORGANIZATION—Members of the present Legislature are in a mood for such a waste of time as was imposed on the 1933 session by Senator Larry Moore's committee on reorganization of the State government.

BLACK EYE—Members of the General Assembly often get in bad with the home-folks by published accounts of short sessions of the House and Senate. Newspapers fail to record the hours that these same members spend in committee meetings ironing out the knots in legislation in order to avoid lengthy debate in general sessions. Many legislators are members of half dozen or more

committees and spend long hours going over bills in order that time may be saved when general session convenes.

SALES TAX—The three percent general retail sales tax isn't so hot as yet. Opposition apparently is greater than in the early days of the session and opponents have substitutes that appeal to many legislators. The administration is still confident of reenactment of the sales tax but the revenue bill hasn't been ratified. It's a pretty safe guess that you'll have the privilege of paying the sales tax to keep the schools open another two years but not if Representative McDonald, of Forsyth, and Representative Lumpkin, of Franklin, can stop it. They have proposals which they say will produce needed money but a lot of people doubt their estimates.

AUTO TAGS—If all goes well you will not have to pay as much for your auto license plates next year as you did this January. It's pretty well agreed that the Legislature will cut the cost of auto tags and it looks like the minimum will be about \$9.00. It now appears you will buy your next year's tag on a basis of 40 cents per hundred weight instead of 55 cent as formerly.

MONEY BELT
ATLANTIC CITY—Raymond R. Royal, of Wildwood N. J., salesman demonstrated for potential customers his money belt optimistically described as theft proof. While motoring home after the demonstration he was held up by three men who took his theft-proof belt and the \$500.00 it contained. Police said the hold up men had seen him showing off his device in Atlantic City.

NEW JERSEY—Harold G. Hoffman is Governor of New Jersey, but a certain third grade pupil in Paterson doesn't know it. Asked to name the governor in a recent examination the pupil wrote "Hauptmann."

WASHINGTON, D. C.—The nation did better by itself in the way of cigars and cigarettes last year than it did in 1933. The Treasury Department reported that cigar production increased from 4,344,752,333 to 4,597,192,588 and cigarettes jumped from 111,763,441,149 to 125,611,688,759.

NEW YORK EDITOR VISITS IN THIS COMMUNITY
A. B. Christen, of New York, was the guest of Mrs. Helen B. Matthews at Broadview Sunday. He is editor of Esso Tours and Detours, a nationally distributed monthly publication of Standard Oil Company.
Mrs. Matthews writes all the articles pertaining to this section which appear each month.

No Talking at "Dinner"
The Shakers of Ohio, now extinct, leaving only the name Shaker Heights to remember them by, in their own way took their meals as seriously as the caloric-conscious persons of our own day. No loud talking was permitted while they ate, and only such conversation was allowed as became necessary for the serving of food.

At The Churches

WAYNESVILLE PRESBYTERIAN

Dr. R. P. Walker, Minister
The people of this church is most appreciative of the good congregations during the cold winter months. No, the house is not crowded but we are having more people at the church service than in other winters. You know it not only helps you, but it helps the church, it helps the preacher for you to attend at this season of the year. Please make a most earnest effort to be in your place at church next Sunday morning.

You are also invited to Sunday school, Christian Fellowship and our week prayer service.

This is the month of great birth days. In January we thought of Lee and Jackson, in February our thoughts turn to Washington and Lincoln.

With these thoughts in mind, the church next Sunday will be on Proclaim Liberty, which is our national day. We are glad to have you attend all services of the church.

It is not to be noted that palm trees grow in Jerusalem at the time of Christ. They were very unusual in the upper hills, and probably there were none in the city. Jericho was the city of palm trees in the low region along the Jordan river.
