Waynesville Furniture Plant To Begin Operating

Building And Loan Officials Are Most Optimistic For '36

President Prevost Predicts A Building Boom Here This Spring. All Directors Re-elected

The seventeenth annual meeting of the stockholders of the Waynesville Building and Loan Association was held here Tuesday evening, with 1032 members present, was termed as efficient to have been the best and optimistic spirit prevailing than similar meeting of the association since its organization in 1922. S. H. Bushnell, showed that those who owned \$10,000 in real estate and savings in safety, were in cash and of 50 families in Waynesville.

Directors were unanimous in supporting the plan set by President R. L. Prevost, who has a capacity of 100,000. The first showing of 1032 as electors of officers at the 1935 meeting evening, was the present. Present:

Directors were and over: R. L. Prevost, E. J. Hyatt, S. H. Bushnell, S. A. Allen, O. H. Singleton, W. H. Mullins, J. R. Boyd, L. M. Lilliam, T. C. Johnson, and J. W. Ray.

Short talks were made at the meeting by E. J. Hyatt, L. M. Richardson, J. W. Morgan, J. R. Boyd, and J. W. Ray. President Prevost, in commenting on the report and year's work, said: "This is a wonderful statement, and most complete. In looking over the local situation, I size it up that we are going to have a building boom this spring. There is not a vacant house in Waynesville, and not a vacant room in Hazelwood. I look for at least 25 new homes to be built this spring and summer, and many people are going to look to this organization for assistance. What I propose is that we sell more shares in order that we may be in a position to grant the requests for good men that are sure to accompany this building boom."

The directors plan to make a drive for additional shares within a week.

Ben Howell Has Arm Cut Off In A Cutting Machine

Howell, former Haywood county man, had the misfortune of losing his left arm a few weeks ago, feeding a feed cutting machine in his father's farm near Stuart, Va. Mr. Howell's father is still well.

Reports received here were he was getting along nicely, after being treated at the hospital in Staunton, Va. The arm was amputated just below the elbow, having formerly lived on Jonathan Creek, and moved to Virginia about two years ago. Ben lives with his parents.

Vinson Morrow Gets Average Of 30 Cents For About 3,000 Lbs.

Another Haywood farmer reported last week that his average for his tobacco crop this year was far ahead of that of last year—Vinson Morrow, of Gove Creek.

Mr. Morrow had three acres, and 2,300 pounds. All of his crop was sold in Moretown, Tenn., and he averaged \$30.75 per hundred.

He had 622 pounds that sold for 30 cents; 434 pounds that brought 36 cents and 148 pounds that sold for 34 cents. His lowest was 20 cents.

Mr. Morrow's average last year for tobacco was 23 cents.

New School Bus Put In Use Here

County Superintendent of Education, Jack Messer, returned last week from Hickory, bringing back a new school bus. This one will take the place of a worn out bus that has been in use in the county for several years. This makes 23 buses in the county at this time. Two were received during the fall. The buses are made by Dodge, and the bodies made at Wilson. They cost about \$1,200 each, and are paid for by the state.

Mr. and Mrs. R. V. Erk have returned from a several weeks visit to St. Petersburg, Orlando, and other points in Florida. Mr. Erk reported that St. Petersburg is having the best season of any resort visited.

Speed Passage of Bonus Bill

Despite warning of Henry Morgenthau, secretary of the treasury, when he appeared before the Senate finance committee, left to right, Senators Harrison, Couzens and Keyes, that passage of the compromise "Baby bond" bonus bill might increase to \$11,300,000,000 the necessary treasury financing in the next 17 months, the committee sped the bill toward passage.

2,500 Attend The Drawing Of Prizes During Week End

CLOSE OF TRADE JUBILEE BRINGS HUNDREDS TO TOWN. SIX PRIZES ARE GIVEN AWAY

At least 2,500 people came to Waynesville last week-end believing that their luck was good enough to win for them one of the six prizes that were being offered in trade campaigns by two stores.

Today 2,494 are of the opinion that they do not have much luck when it comes to holding the lucky number at a public drawing, and some feel as the man who said: "If it were raining sugar my plate would be upside down."

But everyone seemed to enjoy the two events one Friday afternoon, and the other Saturday, during the hard downpour of rain.

On Friday, some 1,500 marched in the evening for adjoining C. E. Ray's Sons and anxiously awaited the calling of the top lucky numbers, who would claim prizes of \$60, \$25, \$10 and \$10 in cash. In each event, the persons holding the lucky number were present.

The prizes from C. E. Ray's Sons were won as follows: \$60, by E. L. Gray; \$25 by Hugh Riddle, of Waynesville; \$10, by W. H. McLeod and the \$10, by W. H. Synder.

Saturday afternoon, long before noon, came the prizes, and the people began gathering at Massie's Department Store. The tables in the store were covered over, and the aisle space jammed to the limit, while the overflow crowd completely filled the lobby, the sidewalk, and in spite of the heavy downpour, blocked half the streets.

Conservative estimates were that at least a thousand attended the drawings.

For the first prize four tickets were drawn before one was claimed.

The fourth number was claimed by Mrs. Bob Messer, of Jonathan Creek.

She was awarded the living room suite for the radio, Mrs. Vaughn Potts, of the Fairview Road, held the lucky number.

The second prize was claimed by
