Founder's Day Is Observed By P.T.A.

Address By Mrs. Wagenfeld, and Mr. Huff, Together With Play Made Splendid Program

The Hazelwood Parent-Teacher Association met Monday evening at 7:30. The meeting was in the form of a broadcasting program with television used at various points. Sam Knight announced the program over station P. T. A., Hazelwood. In keeping with the Founder's Day celebration Mrs. E. C. Wagenfeld, president of the local organization, spoke on the "History of Founder's Day." She told of the beginning of P. T. A. work thirty-nine years ago when leaders of different fields and fathers and mothers from the humble to the highest met at Washington, D. C., with one common aim—the highest welfare of children. This ideal has lived on through the gradual changes that have marked the way.

After tracing the growth of the organization and paying tribute to the founders, television was used. The curtain was pulled and five candles of blue and gold were lighted—in memory of Alice Burney and Phoebe A. Hearst, founders of P. T. A., in North Carolina and one for the National, State and local organizations.

The next part on the program was an address on "Safety on the Highways," by Mr. W. H. Huff, manager of the Standard Oil Company in this district.

Mr. Huff in his splendid address emphasized the three "C's" in safety—Be Careful, Be Courteous, and use Common sense.

Some very appalling statistics were given. In North Carolina in 1935 automobiles killed an average of 3 people per day and injured 40 meaning you had one chance out of a hundred of being killed and seven chances of being injured.

Mr. Huff also stated that three-fourths of the people killed were adults, between the ages of 15 and 64 years and one-ninth were children between the ages of 5 and 14 years.

Vivid pictures of actualities were given and incidents were related showing the danger of carelessness on the highways. In his closing remarks he said that we should be sure to have the drunken driver taken care of and we should exercise the three C's until they become a habit.

The last part on the program was a play, "The Weather-vane Elopes," given very beautifully by Miss Hester Anne Withers' dramatic club, consisting of the following: Emily Siler, Haseltine Swift, Rosemary Rippeote, and Marguerite Murphy.

Mrs. Herman Duckett and small daughter, Wilene, of Crabtree, are visiting the former's parents, Mr. and Mrs. Tom Rogers.

Mr. Jim Phillips and daughter, Edna, of Sylva, are visiting the former's sister, Mrs. W. H. Snyder, and Mr. Snyder.

Born to Mr. and Mrs. Ira McClure, Friday, February 7, a son, Mrs. McClure is the former Miss Willie Lee Winchester.

Mrs. Josephine Nichols is quite ill at the home of her son, Mr. Seymour Clark.

Mr. Wilburn Walls, who has been very sick at the home of his sister, Mrs. Phil Massey, has been taken to an Asheville hospital for treatment. He was accompanied by Mrs. Walls, who will remain in Asheville for some time. Mr. Walls has been sick for several months.

Mr. Gay Dewesse has returned from the Haywood County Hospital where he had his arm amputated due to an accident several weeks ago.

Born to Mr. and Mrs. Haywood Saunders, Sunday, February 16, a son.

Highway Sign Has "Hazelwood" Misspelled On Road

A job for the Booster Club, or some individual in Hazelwood, is to call attention to the state highway department that the sign on the highway, designating the city limits of Hazelwood is incorrectly spelled.

The sign reads, "H A Z L E W O O D". Within a few feet, on down the highway, is the large sign erected by the business men of the town, with the name of the town spelled correctly.

The sign on the depot is also spelled according to the way adopted by citizens of the town years ago.

Bethel And Clyde To Meet Tonight

The Bethel high school basketball team will clash with the Clyde high team on the Bethel court, Thursday night, February 20. The Bethel boys, while expecting a hard game, expect to even the season with Clyde by taking Thursday's game. These boys have been steadily improving throughout the season, and, with a few shifts in the line-up, have reached that point at which they will make the sailing very rough for all opponents from now on.

The Bethel boys are concentrating their activities this week on stopping Leatherwood and Harris, high scorers for Clyde, and polishing up their own offensive weapons to such an extent that they can whip Clyde thoroughly, Thursday night.

RUMOR OF DANIEL'S RESIGNATION

A report which has been going the rounds for sometime in Washington, D. C., that Josephus Daniels, ambassador to Mexico, might quit his post during the spring, has recently been gaining momentum, with many who are close to the Ambassador believing he may quit his job in the Aztec country. There are many guesses as to what he will do if he resigns. There is the continued talk of his running for the Senate—and some suggestions regarding his becoming a member of the President's cabinet.

Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Halleville, Texas, describes. She writes: "My health wasn't good. I suffered from cramps. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." — H. Cardui does not help YOU, consult a physician.

Seed Judging Team From Bethel Win Third Place In N.C.

The Bethel high school seed judging team won third place at the state-wide Young Tar Heel Farmer's crop identification and seed judging contest, held in High Point, February 12. Glenn Chambers, Bill Hyatt, and Steve Cathey made up the Bethel team.

This contest was begun three years ago, and at first only representatives from the schools in the western counties were allowed to participate. This year the contest was state-wide, with forty-eight teams participating, as opposed to the twenty-two of the last two contests. Bryson City and Bethel respectively were winners of the first two contests. Cary high won first place this year, with Bryson City second, and Bethel third.

The people who composed these teams were judged on their ability to identify and classify 148 different seeds. Mr. McClain, the agriculture teacher at Bethel, put the boys on Bethel's team through a period of intensive training before they entered this contest, and, according to the reports, they ranked close to Bryson City and even to the winning Cary high.

A silver loving cup was given to the winning team, and one to the highest scoring individual. The members of the team winning first place were given gold medals, the second team silver medals, and the third team bronze medals. In addition, a banquet was given to the three winning teams.
