#### SCHOOLS CLOSED

The Clyde district schools closed Friday, February 14th, for one week, due to the severe weather conditions which have made roads impassable in many places. In some cases the roadbeds are gone; in other sections deep and slippery mud and rising waters have greatly affected travel. Because of these hindrances, the county superintendent and board of education decided that school should be suspend-ed until these conditions are improved. Unless further bad weather intervenes, schools in the district, including the high school, will open again Monday morning, February 24.

### P. T A. MEET POSTPONED

The regular meeting of the Clyde Parent-Teacher association, which was scheduled for Thursday of this week, has been postponed until Thursday, February 27th. At this meeting the annual Founders' Day program will be observed. Clyde teachers will participate in the program and a social ular girl, Ruby Haynes; most popular hour will follow. All members are urged to attend this and other meet-lete. Betty Penland; the best boy ings of coming better informed with the school program. Mrs. Orville Haynes is the local president and has been lighly commended for her untiring efforts in keeping the unit progressive.

## TO PLAY POSTPONED GAMES

All athletic activities on the school program have been postponed due to the closing of the school for the week. However, all basketball games on schedule will be played before the season closes.

CONNATSER THANKED

# It has become known here that the

teachers of Haywood county have expressed their appreciation to the president of the county association, S. E. Connatser, Clyde principal, for the intellectual, interesting, and appropriate programs that he has so well presented to the teacher-group at their regular county meetings. Mr. Connatser has been very fortunate in obtaining some of the outstanding masters of education in Western North Carolina to speak on these occasions, making the meetings of great significance to the teachers who are keeping pace with the changing curriculium in this age of advance-ment to a higher intellectual and spiritual education.

ARBOR DAY PROGRAM PLANNED Arrangements are already under-way for an Arbor Day program being sponsored by the local P. T. A mem-bers, which is to be the basis of the April meeting. The district 4-H Club members will take part in the pro-gram, having actual charge of the the planting of trees and shrubs on the high school playground. A large attendance is expected for this pro-gram. Miss Mary Davis is chairman

of the playground committee. GRADE OFFICERS ELECTED The two seventh grades of the ele mentary school, under the direction of Hilda Haliburton and Steve Ferguson

teachers, met Friday afternoon for the purpose of electing class officers and superlatives. Officers elected by the student body: president, Dotson Pal-mer; vice-president, Frank Cathey; secretary, Jimmy Haynes; treasurer L. Ellen Chaney. Superlatives: prettiest girl, L. Ellen Chaney; most hand some boy, George Brown; most pop-ular girl, Ruby Haynes; most popular the association, thereby be-better informed with the studious girl, Pauline Killian; the Killian; the most studious boy, Frank Cathey; best all-round girl, Hilda Brown; best allround hoy, Samuel McCrary; class baby-girl, Geraldine Robinson; class baby-boy, Boyd Burch; the laziest girl, Elsie Parks; the laziest boy, W. L. Seay; the sweetest girl, Roberta Norris; the cutest boy, James Keever;

lass colors are blue and white; the lass flowers chosen, blue iris and dogwood. NEW APARTMENTS BUILT

The Clifford Brown Apartment is he newest addition to Clyde's residential section. On the famous old Haywood Institute property, which was recently purchased by Mr. Brown, a modern brick structure has been built onsisting of two flats. The William Haliburton's, of Canton, occupy flat number 1; the Gerald Fishes' flat number 2 Mr. Brown, it is understood, will

build one other apartment house of two flats, or a brick bungalow, on the rest of the property; construction to begin when the weather moderates. We feel sure that if Mr. Brown continues his building program that Clyde will come into her own, as all we need for a larger population is houses for the new-comers.

VISITING IN WAYNESVILLE Misses Margaret Terrell, Bernice Its smart to buy good shoes Misses Margaret Elizabeth Mc and keep them repaired. Ser-Cracken are spending the week in Waynesville, there being no school here until next Monday.

# Clyde 4-H Club **Members Hear 3 County Speakers**

# (By James Walker.)

'Opportunities Ahead for Rural Youth," was the topic for Clyde 4-H Club at the February meeting held at the high school last week. The club members took an active part in the program by singing, joining in the 4-H club pledge and the pledge to the flag. Talks made by members: John Rogers on "Why Choose Farmdangers involved awaited decision at exactly 12:12 and continued steadily for one of the ing" Fannie Davis on "Home Makng;" and James Walker on "A Fair beal to the Farmer," were of interest o the club. agent, made announcements and disributed project record books. S. R. Mitchiner, assistant county agent, made a talk on "Opportunities Ahead for Rural Youth." He urged the boys

and girls to make the most of their ial and workmanship guaranopportunities. He stressed the im-portance of conserving and the value teed. of improving our soil, and illustrated

this part of his talk with pictures. "Home Improvement" was discuss ed by Miss Smith, home demonstration agent. In her talk Miss Smith suggested to the club members things they could do to help improve their homes, inside and out. She stressed things which the club members could carry out, such as cleaning the yard, putting out shrubbery, making repairs inside and outside of he house. She closed her talk with the definition of a home: "Home is comething that belongs to the heart It means human companionship hared love, joy, and sorrow; and where these are found, we find a home. A home is found in a certain place, among material things, but not of materials."
