Use of the Electric Eye

The electric eye has supplemed the human eye in a number of industrial operations. It is fully as empalde of telling the difference between darkness and light and has the added advantage of not going to sleep on the Job. Moreover, instead of just being side to say that, a body is either high or dark blue, it can tell exactly how blue it is,

"American Mother of 1936"

Mrs. James Smith and David Fowler

More thrilled by the knowledge she will go to New York (she has a son living there) than by the honor of being selected the "American mother of 1936", Mrs. James R. Smith, wife of a Claremont, Cal., orange grower, is pictured at her home with her grandson, David Fowler. Mrs. Smith will go to New York to take part in the Mother's Day celebration there of the Golden Rule Foundation, which selected her for the honor.
