## Famous Avon Players To Give Plays At Lake This Week

"Merchant of Venice" and "Othello" Will Be Presented At Lake Junaluska

Much interest is being shown in the announcement of the Shakespearean Players on Friday and Saturday nights. The Merchant of Venice will be presented on Friday night and Othello on the following night.

The management feels much elated over securing these players and feels that these nights of entertainment will be among the best of the season.

The Avon players are of national reputation, and coming from New York City bring the best of the legitimate stage. Joseph Selman, director of the Avon Players has many years been prominent in the casts of New York successes. As a stage director he has been most successful in securing the best results from his artists. Recently several companies have appeared presenting Shakespeare in one drab backdrop, in which all scenes are played. This is not the method of the Avon Players.

We believe that the color and romance of these plays can be fully appreciated only when the characters are seen in the costumes and settings in which they might have lived. In addition to many elaborate and beautiful sets, the Avon Players carry much modern lighting equipment. The value of lighting effects in creating the mood and atmosphere of a scene is inestimable. There are fourteen men and women in the cast and each is an artist. We congratulate Junaluska on securing this entertainment.

## Letter To The Editor

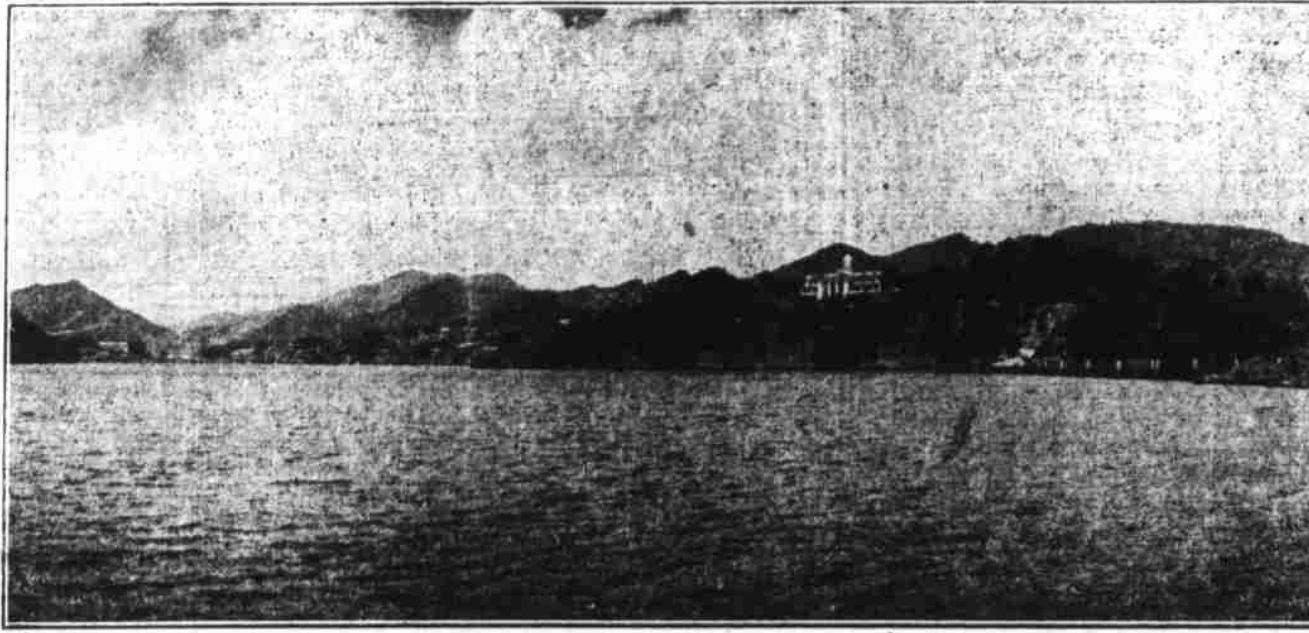

Pottsville, Pa., June 15, 1936.  
Mr. W. C. Russ, Editor.  
Waynesville, N. C.

My dear Sir:  
I attended a Woodmen Circle meeting at Lake Junaluska nearby your city and was very much impressed by its beauty and your city where your people extended every courtesy to us. Naturally interested in politics, visited your beautiful court house building and outstanding to me were the ten commandments inscribed on the wall which is a lesson in itself, especially more so within a court house. This example should be followed by other towns and cities in the United States.

What I would appreciate of you is to write me and advise just how the vote for Governor went, as I left there Saturday it was being taken. To me in traveling through your state on this Saturday it seemed like McDonald.

After coming home from Lake Junaluska I went to the Republican convention at Cleveland and was present at the nomination of Governor Alf M. Landon when a tremendous demonstration was made.

In closing I wish to say that you have beautiful surroundings which

## Lake Junaluska Has Ideal Setting

## 195 Are Enrolled At Duke Summer School

Probably one of the best barometers of the continued increase in the attendance at Lake Junaluska is that reflected in the Junaluska Summer School, affiliated with Duke University. Under the very capable and efficient direction of Dr. Paul N. Garber the summer school enrollment has increased more than fifty per cent.

In 1934, the first year of Dr. Garber's administration, there were 127 students enrolled. In 1935 the enrollment had increased to 159 and the number of students now attending the Junaluska Summer School is 195.

With enlarged curricula the possibilities for this school are almost unlimited, and we do not feel it amiss to predict that within the very near future an annual enrollment of 500 students will be attained. Dr. Garber has surrounded himself with an outstanding faculty assuring thorough yet sympathetic consideration of educational problems.

you all should be proud of. It is a beauty spot of our country. Hoping I will again have the opportunity to visit Haywood county, I am

Very truly yours,  
JOHN E. BEDDON,  
Prothonotary.

P. S.: Schuylkill County, Pa., is in the heart of the anthracite coal field, 777 square miles, population 235,500. Total wages earned according to statistics last year \$39,614,000 of which \$30,102,200 was earned in and about the coal mines.

## THANKS VOTERS

I desire to thank my friends for the good vote which they gave me in the recent primary. I take my defeat like a true Democrat, and assure you of my continued loyalty to the party.

Sincerely,  
A. HOWELL.

## Bishop Gribbin To Preach At The Lake

Sunday morning at eleven o'clock Bishop Robert E. Gribbin, Bishop of the Western North Carolina Diocese of the Episcopal church will preach. Bishop Gribbin is one of the outstanding speakers of the South, and will bring a great message to our people.
