Democratic Donkey Makes Debut

One of the events which typified the carnival spirit of the Democratic national convention at Philadelphia was the appearance of a somewhat frightened but tractable donkey, representing in realistic fashion the symbol of the national party.

It Happened Here

By Tom Reeves

"I am nothing, if not critical!"... "Reputation is an idle and most false imposition: oft got without merit, and lost without deserving..."

"Good name in man, and woman, dear my lord, Is the immediate jewel of their souls; Who steals my purse steals trash; 'tis something, nothing; 'Twas mine, 'tis his, and has been slave to thousands; But he that filches from me my good name Robs me of that which not enriches him And makes me poor indeed."

These are only a few of the quotations recalled as I heard Othello given in Junaluska's auditorium. It is an opportunity to attend programs sponsored by James Atkins. People come for long distances, to hear and see some of them; few of us go one mile to hear the same.

During a recent trip to Cullowhee I was very much impressed with changes there... all improvements which have taken place within the past ten years could not be mentioned... from mud to cement explains much of it... from clay banks to beautiful flora... from a hillside football field to the place where it should have always been... and we suggested the oval near churches when my one hundred and forty-five pounds acting as the school's first quarterback... I was campused for leaving the dormitory to attend a dance... then dancing even with sisters was not allowed... now dancing every day... really, it seems like a new place to me... and if you do not like Western Carolina Teachers' College, may I suggest that you analyze yourself... the school, the people, the community, climate, scenery (natural, and placed there by fond parents of beautiful daughters)... and make it a place you cannot and do not desire to forget...

Rumors in the sporting world had Coach Weatherby going to W. C. T. C. This, however, is only a rumor. From his own mouth (and a very good sized one) the most outstanding athletic director of the local high stated he did not care for the place under present conditions but would be back to drive the Mountaineers through a splendid schedule. According to report, Coach C. C. Poindexter will go to Canton High, but this cannot be verified since "Poindexter" could not be reached by mental telepathy... If it's true, I'm anxious... yes, more than ever, to observe the county championship game...

Why do teachers continue to go to summer school after all certification requirements are met... to learn, perhaps to dream... to keep from growing stale... but most of all that feeling in one's bones... others wish to plan the garden... others get the wanderlust... teachers get that summer school feeling...

Seventeen Years of SAFETY SERVICE

1936

If you are a borrower—did you ever think—did it ever occur to you that every dime you pay on your loan is just that much saved—that it is just one more step towards independence when your earning power begins to wane—when old age gets you as get you it will?

When you're paid out—you own your own home—that's a big satisfaction—you and yours have a roof over your heads for the rest of your lives—you're mighty independent.

We've just gone through a depression—a discouraging experience, to say the least, but how much easier it would have been had you been paid out—had you owned your own home—had there been no rent to pay—just consider that and resolve that you'll never be caught again—and then carry out the resolution.

This association stands ready to help—but you must do your share.
