4-H Club Boys Report Great Time On Recent Camping Trip

(Reported.)

We left home Monday morning and were to meet the trucks at either Waynesville, Clyde, or Canton. We left Waynesville about 10:00 o'clock, Clyde about 10:30 o'clock and Canton about 11:30 o'clock. We got to camp about 2:00 o'clock.

The first day we only had three sandwiches for dinner because we got there so late. After dinner we played play-ground baseball and pitched horse shoes. Late that evening we went in swimming and stayed in until supper time. After playing games a while we went to bed and got up next morning about six o'clock.

Tuesday we cleaned things up and played the rest of the time. Things went along smoothly until Van Haynes, pulled Field Haynes in the water with his clothes on. That night Dr. Sisk made us a talk on health which was enjoyed by all.

Wednesday we went to the Test Farm. Mr. Clapp showed us through the grape vineyard, then an onion field, where a man was picking them. He showed us some of their different kinds of chickens and demonstrated trap door nest to us. This nest enables him to keep an accurate record of how many eggs each hen lays. The ones that walked back to camp marched like soldiers. Wednesday night Mr. Byers came to our camp and had supper with us. After supper he made a very interesting talk.

We organized a ball team and called them the Yankees and Cubs. A close and interesting game was played each day.

Thursday morning was rainy and we stayed in and each wrote about the camp. Thursday evening we went to Robert E. Lee Hall, and to Ridgecrest and Montreat.

Friday we went to the Test Farm and looked over some cows, pigs, horses, mules, and pasture rotation. About one o'clock we left for home.

GOLF TOURNAMENT

There will be a golf tournament at Lake Junaluska golf course, qualifying through Tuesday, August 11th. Play off will be Wednesday, 12th through Saturday 15th.

Groceries Plus

Groceries and meats become foods when cooked. You consume them personally. Necessarily they are of personal interest to you.

Sanitation is of paramount importance. This applies especially to meats including chickens. They must be handled with care at every stage.

Quality must be high and consistent. This is secured through standard brands.

Prices must be relatively low. Values must be good.

Having these things, you have groceries - - plus. Price alone is not sufficient.
