City Board Refuses To Grant Permit To Build Service Sta.

Large Oil Concern Wanted To Build Station On Kenmore Hotel Site

The city board of aldermen refused to recognize a building permit which had been issued about a year ago for the erection of a service station on the site now occupied by the Kenmore Hotel on Main street.

The board recently passed an ordinance which prohibits the erection of any service station between the post office and the court house on Main street.

L. H. Jackson, Asheville real estate broker, and W. B. Shuford, owners of the property were present when the board made their final decision on the matter. Mr. Shuford did not seem surprised at the board's action, while Mr. Jackson saw it in a different light, saying that he had spent much time working up the deal between the owner of the property and the company.

Being the board members, the following citizens were present at the meeting: Charles E. Ray, Jr., W. H. Massey, E. J. Hyatt, and J. R. Boyd.

This action on the part of the board is the beginning of betterment of Waynesville through city planning, Charles Ray said, who has advocated a city planning and zoning commission for some time.

Two Firms Moving Places Of Business

The Personality Beauty Shop and the Fashion Shop, which have formerly been located in the Reeves building, have moved to the Massie building, next door to the Garrett Furniture Store.

The building has been completely renovated, and the interior presents a pleasing effect of a mahogany, ivory and light green decorative scheme.

The beauty shop will have eight booths, with a private drying room in the rear. The Fashion Shop will occupy the left side of the building, and has been arranged with special attention to the displaying of the dresses and millinery.

The patrons and friends of each business have been extended an invitation to call this week and inspect the new quarters.

Miss Emily Siler left on Wednesday for Raleigh, where she will be a freshman at Peace Institute.

Resources Of First National Bank Is Now Almost Million

Over \$200,000 More On Deposits Now Than At Same Time Last Year, Cashier Says

"Just fifteen thousand dollars short of a million dollars in resources," was the statement made public this week by J. H. Way, Jr., cashier of the First National Bank here.

This figure is a new high mark for the local banking institution, it was learned.

Not only is the \$985,000 in resources a new high figure, but deposits in the bank are over \$200,000 more now than at the same period last year, according to Mr. Way.

There is now on deposit in the bank here \$864,000.

Mr. Way attributed the increase in deposits to two things—a general increase in business and better business conditions, and more confidence in banks by the public.

Officers of the bank are: J. R. Boyd, president, D. Reeves Noland, vice president, and J. H. Way, Jr., cashier.

Last Rites Held For A. C. Singleton

Interment was in the Bethel cemetery near the graves of his two brothers, John and Anderson, who died several years ago. Nephews served as pallbearers.

Mr. Singleton was a veteran of the War Between the States, and is the last of the Singleton brothers, often spoken of as the "Three Musketeers," of Haywood county.

With his brothers he took the side of the Confederacy and joined the same company in June, 1861. They fought side by side through the four years of the war. With the army in Northern Virginia, they were in most of the big battles, including Gettysburg, Fredericksburg, Chancellorsville and surrendered together at Appomattox.

After being discharged together at Appomattox, they returned to Haywood county, and located in the same neighborhood, where they resided until a few years ago when A. C. Singleton came to Waynesville to live.

Surviving are the widow and nine children: Ben, of Canton, Will, of Candler, Oscar, of Pigeon township, Mrs. Lon Chambers, Mrs. J. W. Singleton, Mrs. W. A. Moore, Mrs. Nettie Thompson, all of Pigeon, and Mrs. Orle Singleton, of Brevard.

Verlin Campbell Has Large Yield On 60-Acre Potato Field

Verlin Campbell can rightly claim the title of "potato king" in Haywood county, and probably in all Western North Carolina. Mr. Campbell has 60 acres planted in potatoes at Maggie and expects to get at least 5,000 bushels.

He has in normal years gotten yields of 10,000 bushels on the 60 acres. His patch is at an elevation of over 5,000 feet. His crop suffered during the dry season, but not to the extent of others. It is believed that Mr. Campbell will have more potatoes than all of the other farmers in Haywood put together.

Last week he brought to Waynesville two large potatoes, one weighed three pounds and three ounces. The other weighed a pound and three-quarters.

His potatoes are priced and selling at \$1.50 per bushel.

Mr. Richard Queen has gone to Cullowhee this week, where he will enter the Western Carolina Teachers College.

\$8,000 Stadium Will Be Dedicated Friday

This is the new Township stadium, recently completed at a cost of \$8,000. It will seat over 1,500 comfortably and will be dedicated at 8 o'clock Friday afternoon before the Waynesville-Sylvia game. The stadium is a WPA project.

The township stadium will be dedicated Friday afternoon just prior to the Waynesville-Sylvia football game, with a special dedication program of 15 minutes.

A public address system will carry the short talks of the speakers to the expected large crowd in the stadium that will comfortably seat 1,500 people. Highlights of the game as well as music will be given over the loud-speaking system.

The program will include a history of football at the high school by W. H. Prevost, mayor of Hazelwood.

Charles E. Ray will speak on the subject of the stadium as evidence of community cooperation.

J. H. Way, Jr., mayor of Waynesville, will present Coach C. E. Weatherby to the crowd and also give the coach the football that will be used in the game. Coach Weatherby will in turn present his 1936 squad of 36 players.

Immediately after the presentation of the squad, the first kick-off of the 1936 season will be made.

Many of the students will be dressed in white for the occasion, and a huge American flag will decorate the stadium.

The stadium is 10 feet high, and 200 feet long. It is made of rock and concrete, and was a WPA project, costing \$8,000. It is provided with locker rooms, and showers for both home teams and visitors.

DeCatur Phillips was in charge of construction, and 37 men worked on it several months.

In Friday's game, the Mountaineers will present a slightly heavier team than last year, with Ben Bryson and Cecil Yount acting as co-captains of their team.

Little is known of the Sylvia Hurricanes, and Coach Weatherby has put his team through hard practice this week, and has them in tip-top shape for the opening game.

The probable line-up for Friday's game, and the weights of the Mountaineers is as follows:

Player	Pos.	Weight
Chafin	end	141
Cathy	end	141
Bryson	tackle	187
Ewing	tackle	164
Stringfield	guard	189
Sawyer	guard	160
Byrd	center	137
Smith	quarter	128
Hill	half	137
Yount	half	152
Reeves	full	162

Fred Crawford left during the week for Newport News, Va., where he has accepted a position with the Newport News Ship Building and Dry Dock Company.

Crawford was to have played professional football with the Brooklyn Dodgers this season, but owing to an injury to his leg last year while playing with the Chicago Bears, he did not think it advisable to get in the game at this time.

Mr. Conner Medford, former citizen of this county, but who has been living in the state of Washington for the past thirty years, is on a month's visit with relatives here.

Mr. Medford had not been back here since going to the west, thirty years ago, until his arrival last week, and he says everything has changed so here that he hardly knew the country. He is a younger brother of ex-Sheriff W. R. Medford, of Lake Junaluska.

Miss Helen Sisk, after spending the summer with her parents, Dr. and Mrs. C. N. Sisk, has gone to Durham where she will resume her work at Duke University.
