HELP BLADDER

Results Guaranteed 25c

Drink six glasses boiled or distilled water daily. You know what hard water does to a teakettle. If poor bladder action causes getting up nights, frequent desire, scanty flow, burning or backache, help flush out excess acids and impurities by improving the elimination. Use buchu leaves, juniper oil and 6 other drugs made into green tablets. Just say Bu-gets to any druggist. In four days if not pleased go back and get your 25c. **Waynesville Pharmacy.** (Adv.)

**A Three Days' Cough
Is Your Danger Signal**

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled. Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle of Creomulsion right now. COUNTY AGENTS' COLUMN

W. D. SMITH

Within a few days the county agent office will have on hand Red Squill Rat

Poison. This is prepared under Government supervision and is the most effective rat poison known. We have used it more than once and find it gets results in most cases, if directions are followed. Many farmers have asked that we get this material for them. We will only get a limited number of packages, therefore, the first come, first served. Two of our orchard men have called for poison bait to put in the orchards for field mice. We have ordered a little extra. If any one wants this they should call for it at once.

A number have been asking where they can get good Angus cattle. The best source of supply that we know of anywhere in our territory is the area around Maryville, Tennessee. The famous John Hitch sale of Angus cattle will be held Friday, December 18. The sale will begin about 10:00 in the morning. The sale will be held at the Hitch farm between Maryville and Knoxville. The county agent and assistant county agents will not be able to attend this sale, due to the fact that we will be in Raleigh at the annual county agents conference. However, we hope that a number of our farmers who want to grow Angus cattle will go and get some of these splendid animals. We are delighted that so many of our farmers are determined to grow better livestock in Haywood county.

"CUTTING YOUR FIRE WOOD"
The old adage "You can't eat your cake and keep it too," does not apply to the farm timber crop when common sense is used in cutting the annual supply of fire wood. As a good farmer, you are interested in keeping every acre of your land "at work" producing an income and at the same time supplying the needs of the farm. Quite a few farmers are finding it good business to grow a better crop of commercial timber by practicing timber thinning.

The fire wood needs on Haywood county farms can be taken from these thinnings without the necessity of clearing more land. I feel sure that if you will walk through your woodlands you will see acre after acre where trees are too thick for good growth. By cutting out the crowded, diseased and crippled trees these acres will yield 5 to 10 and even as much as 15 cords of fire wood and leave a full stand of 20 to 600 trees per acre, according to age

**Many a Friend Recommends
BLACK-DRAUGHT**

People who have taken Black-Draught naturally are enthusiastic about it because of the refreshing relief it has brought them. No wonder they urge others to try it! . . . Mrs. Joe G. Roberts, of Portersville, Ala., writes: "A friend recommended Black-Draught to me a long time ago, and it has proved its worth to me. Black-Draught is good for constipation. I find that taking Black-Draught prevents the bilious headaches which I used to have." A purely vegetable medicine for relief of
CONSTIPATION, BILIOUSNESS

and size of timber. On other acres previously cut-over you will find many trees of a quality too poor for timber at time of logging and under these a good stand of reproduction fighting for ground space below and sun-light above. Cutting these cull trees now will serve the double purpose of furnishing fire wood and releasing the young trees for a future timber crop.

The winter season is wood cutting time. Why not do the job systematically? We are now planning for a number of timber thinning demonstrations on your farm or in your community? Let me have your request early.

NOTICE

**NORTH CAROLINA,
HAYWOOD COUNTY,
IN THE SUPERIOR COURT,
RUTH PENLAND
V.
WILLIAM PENLAND.**

The defendant above named will take notice that the plaintiff has commenced an action against him in the Superior Court of Haywood County for the purpose of securing an absolute divorce on the grounds of two years separation; the defendant will further take notice that he is required to appear at the office of the Clerk of the Superior Court on the 2nd day of January, 1937 and answer or demur to the plaintiff's complaint or the relief therein sought will be granted. This 9, December, 1936.

Carl Hallaur, vice president of the Bausch & Lomb Optical Company, of Rochester, N. Y., revealed last week, that the firm had rejected millions of dollars' worth of contracts to make artillery fire-control instruments for foreign armies.

CARD OF THANKS

We wish to thank our many friends, especially the Drs. Stringfield, for kindness and sympathy shown during our recent bereavement.

Mrs. John Francis and Children.

**Lady Took Cardui
When Weak, Nervous**

"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Statesville, N. C. "I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

**Relief Workers
Faced With Task**

Mrs. J. Dale Stentz, superintendent of the county welfare, spoke before the Waynesville Rotary Club last Friday, pointing out that the problem now facing welfare agencies was that of weeding out from the relief rolls those who are not trying to help themselves.

"Emergency relief was extended to all who applied when the plan was first inaugurated," she said, "but, now we find that there are too many who depend entirely on relief rather than their own resources to make a living. Our problem now is to make the distinction, and care for those who deserve help, and at the same time try and find something for the other group to make a living at."

**Opportunities In
BEAUTY CULTURE**

Another year is almost gone. Are you better equipped for the future than you were last year?

With the enormous increase in business of every kind there has followed an even greater demand for capable Beauticians.

Why not make your first New Years resolution to equip yourself for a good position as a Beautician.

PARENTS

who can not decide on a suitable gift for your daughter's Christmas. Give her a course in Beauty Culture. You will accomplish two things. You will be giving a valuable gift and also an opportunity for her to become self supporting.

We qualify you for North Carolina State regulations and you are fully capable of passing State Board examinations.

Our winter term begins on Monday, January 4. We are now taking reservations for this class. Write for full information and our special low rate to students enrolling in this class. Save 50% on tuition.
