

Congratulations---

TO

Pet Dairy Products Company

ON YOUR

Proposed Expansion Program

AND YOUR

Coming to Waynesville

- You have selected an ideal community in which to center your activities for Western North Carolina.
- No finer water is available in the United States than right here in Waynesville.
- You cannot find better people from whom to buy your raw materials, than the people of Haywood County.
- No better year 'round climate is desired, than what we have in this area.
- Nowhere will you find people more willing to cooperate than we, the citizens of this community. Every natural advantage is here for the production of quality dairy products.
- We are indeed, yes very proud, to number you as one of our many progressive enterprises. We appreciate the faith you have shown in our town and county by investing your money here. Our citizens wish for you every success. We are glad to have you.
