May 29, Miss Pauline E. Gordon, Extension Specialist in Home Management and House Furnishing, will hold a school in Waynesville for the contestants enrolled in the "Kitchen Improvement Contest." The women are urged to bring their husbands with them to the meeting.

4-H SCHEDULE FOR MAY

May 8, The 4-H county council will

NOTICE TO FARMERS

All farmers who plan to produce milk this spring and summer are requested to get in touch with this plant at once.

OUR DEMAND FOR MILK IS UNLIMITED

Pet Dairy Products Co.
Waynesville

COUNTY AGENTS' COLUMN

W. D. SMITH

The county agent office is busy this week distributing to the farmers of Haywood more than \$25,000 in checks. These payments are for better farming practices put into use during 1936. We have quite a few more checks to come in and will distribute them just as rapidly as possible.

We have not been able to check every area in Haywood County, but from the townships reporting we have found that Haywood County is considerable short on tobacco plants. It is very likely that we will be short to the extent of about 50 per cent of what was intended. We find that some farmers have exceptionally good plants when others do not have any at all. We hope that those who do have plants will look after them well and see that they are good stocky plants at planting time. If anyone has a surplus they should let it be known and see to it that these plants go to those farmers who are cooperating with the Conservation Program. We are sorry that some of our tobacco growers grew more in 1936 than their allotment, thereby cutting the size of their benefit payment just that much. Tobacco has brought a better price in the last three years as a result of co-operation. Good quality burley will bring a good price this year. We notice that the majority of our farmers say that they would not desire and do not intend to plant more than their allotment. We had one fellow to tell us this week that he should be allowed to grow 5 acres on his farm. If this were true and he should do this and every farmer in Haywood County or in the Burley Belt do likewise, burley would not bring 50 per pound.

In our conservation program, we should remember that legumes play a big part. Some of the farmers have put a slogan this way, and we wish to pass it on for the consideration of every farmer. "In every acre of corn during summer months grow cowpeas or soybeans and in every corn field have a cover crop for the winter

have a picnic at the home of Mr. and Mrs. G. C. Palmer. The members are asked to bring picnic lunch. Meeting will begin at 6:00 o'clock.

May 10, Canton and Beaverdam 4-H club will meet at the Beaverdam school at 10:00 o'clock.

Rock Hill club will meet at 2:00 o'clock at the school house.

May 11, Clyde club will meet at the Iron Duff school at 10:00 o'clock.

Fines Creek club will meet at 2:00 o'clock at the school.

May 15, The 4-H county council will meet at 10:00 o'clock in Waynesville at the court house. A tour is planned for the officers and local leaders and members are asked to bring picnic lunch, and please be on time.

May 17, Cecil club will meet at the school at 2:00 o'clock.

of either crimson clover or rye and vetch, unless that corn acreage is in wheat or small grain." This is a practice that will have to be brought about in Haywood County before we can begin to control soil erosion. We cannot row crop our hill and mountain sides a few months in the summer and leave them barren in the winter and retain fertile soil.

We had a fine meeting and banquet at the Methodist church Friday night. This was sponsored by the Chamber of Commerce. This was a great occasion for a number of reasons.

1. Our people got a good slant on aims of the Pet Dairy Products Company in cooperating with us in our dairy program.

2. Our business people of Waynesville showed a good spirit by coming out.

3. We appreciate the fact that a number of good business men from Canton came up and joined with us. Many of the fellows this week have expressed gratitude for the fine spirit that was shown Friday night. We hope that we can get together many other times and have the fine spirit of comradeship. We regret very much that Commissioner of Agriculture, Kerr Scott failed to reach here in time for the banquet. We were delighted however that Mr. J. A. Arcey and Mr. F. R. Farnham were here. Also our friend Mr. Gardner of the Guernsey cattle club.

There will be a small consignment of guernsey heifers and young bulls at Hendersonville on May 7. A few of our dairymen have already told us that they want to go over. We hope that a number of those who milk cows will go over for this sale. Perhaps you do not want to buy anything but it will be educational and do you good to be at this little auction sale. Let us hear from you if you desire to go. We expect to take over a number of our Haywood producers.

Every farmer who is in the New Farm program should remember that the supervisors who check his farm this summer will not be able to know about some of his practices unless they are pointed out to him. A good many farmers will be plowing under crimson clover within the next few days. When the supervisor comes around he will want to know which fields have been plowed under, where seedings have been done of legumes and grasses.

Do you have a neighbor who has not joined in the New Farm program. If you have talk to him and tell him that he needs to be in the program and will be benefited by doing so. We will do our best to serve every citizen of Haywood County. We can serve best when we have cooperation. We have had a good many to come into the office recently and fill our work sheets. Now unless a farmer sees to it that a work sheet is filled out for his farm, he will be left out of the program, for the county agent's office

TRUSTEE'S NOTICE OF SALE

NORTH CAROLINA, HAYWOOD COUNTY.

Under and by virtue of the power of sale contained in a certain deed of trust executed by Mary C. Grasty and husband, James T. Grasty, to the undersigned, Trustee for J. W. Boyd, and default having been made in the payment as set forth in said deed of trust as recorded in Book 40, page 4, and having been requested by the holder of said deed of trust and note to sell said land. Now, therefore, I will sell to the highest bidder for cash on 15th day of May, 1937, at 10 o'clock A. M. at the Court House Door in the Town of Waynesville, N. C. the following described real estate: Lying and being in Waynesville Township, Haywood County, N. C., and adjoining the lands of Turner and others: Beginning at a stake in the North edge of the Public Road (which stake is 858 feet from N. W. corner of the Methodist Church lot when measured in a course running with the Turner line N. 4-10 E.) thence along the North edge of said Public road North 57-30 East 265 feet to a stake in the North edge of said street or road; thence along the North edge of said road North 50 East 50 feet to a stake in the North edge of said road; thence along the north edge of said road North 39 East 46 feet to a stake in the edge of said road; thence along the North edge of said road North 31 East 72 feet to a stake in the North edge of said road; thence North 81 West 308 feet to a stake in the Turner line; thence with the Turner line South 4-10 West to the beginning corner. Being the same lot of land that D. L. Ratcliff deeded to Mary C. Miller as recorded in Book 82, page 310, record of deeds for Haywood County. The said Mary C. Miller being at the time of the execution of this deed of trust Mary C. Grasty, having married since said deed was executed to James T. Grasty.

Reference is hereby made to Book 40, page 4, Deeds of Trust of Haywood County for the power of sale and conditions therein contained. This the 13th day of April, 1937.
GROVER C. DAVIS,
Trustee.

No. 579—April 15-22-29 May 6.

Fifty More Acres Tomatoes Wanted

(Contributed)
The cannery in Hazelwood can use about fifty acres more tomatoes for the season of 1937.

If you have not already signed a contract, see Frank Davis, local manager, and he will see that you get a contract. The company has the kind of contract this year that you have been wanting, and the local organization needs and deserves your support. All field practices are furnished you, and it has been demonstrated that, if followed, as much as ten tons of tomatoes can be grown per acre. The regional office has sale for more tomatoes than it will be able to obtain, and we would like to see Haywood farmers get behind this project and help build the market for themselves.

TRANSACTIONS IN Real Estate (As Recorded to Monday Noon of this Week).

- Beaverdam Township
M. R. McCown, Tr., to C. D. Stevens.
R. H. Davis, et ux, et al, to Lucy Neece.
Sibyl Wilson to George Morgan, et ux.
(Mrs.) Anna Boyd to E. Z. Boyd, et ux.
- Clyde Township
J. R. Davis, et ux, to Jane Kirkland.
- East Foke Township
F. T. Peden, et ux, et al, to L. A. Pless.
- Fines Creek Township
Herman Trantham, et ux, to Ellen Trantham.
- Pigeon Township
C. O. Cook, et ux, to Joan H. Medford.
- White Oak Township
G. C. Clark, et ux, to Lawson Hugh Messer.

does not have time to put someone in the field to beg others to come into the program. Furthermore we do not have the money. Those who wish to get into the 1937 program will have to do so before June 1, 1937, because we cannot accept work sheets after this date.

Uncle Jim Says

Grasses and legumes check costly soil losses and help provide plenty of cheap feed for livestock.

Today's Market

The following cash prices were being paid Wednesday by the Federation here:
Chickens, heavy weight hens
Eggs, dozen
Corn, bushel
Wheat, bushel

DEMANDS 3,000,000 JOBS

William Green, president of American Federation of Labor, week demanded a federal program that would provide at least 3,000,000 jobs for the unemployed in the 1937-38 fiscal year, and that it fell short by at least 1,000,000 jobs of providing for the unemployed where health and morale are in danger.

Wanted! FIFTY ACRES TOMATOES

The cannery in Hazelwood can use about fifty acres more of tomatoes for the season of 1937.

If you have not already signed a contract, see Frank Davis, local manager, and he will see that you get a contract. The company has the kind of contract this year that you have been wanting, and the local organization needs and deserves your support.

All field practices are furnished you, and it has been demonstrated that, if followed, as much as ten tons of tomatoes can be grown per acre. The regional office has sale for more tomatoes than it will be able to obtain, and we would like to see Haywood farmers get behind this project and help build the market for themselves.

It's Time to Screen-Up

Do not tolerate insects when you can have freedom by doing a little screening.

Our plant is equipped to make screens of any size in both doors and windows.

If you prefer, you can get the material from us and make your own.

We have the lumber, the wire, the hinges, the paint, the nails and even the tools to build them with.

"If It Is Made By Hyatt It Satisfies"

Are You Gardening For PLEASURE Or PROFIT?

In either event, you will need the proper tools to do the job. The right kind of tool not only makes the task easier, but results in a better garden.

NO MATTER WHAT YOU NEED TO WORK IN THE GARDEN WITH WE HAVE IT—EVERYTHING BUT THE LABOR.
