

Manufacturers Fall Before League Champions

Hazelwood Unable To Check Enka In 6th Inning Sat.

And Blalock Were Outstanding Players For Manufacturers In 14 to 7 Score

By Gordon Hendricks.
The league leading Enka team continued its way to another Industrial League pennant last Saturday by defeating the Hazelwood Manufacturers 14-7. The game was very close until the last of the 6th inning, when the Manufacturers began to lose accuracy, and committed several errors which were directly responsible for Enka's victory. The game was played on the field.

Leading 6 to 5 at the middle of the 6th inning, it looked as if the Manufacturers had the champ's number. Putnam yielded a home run, triples, a double and a single in one frame. He was backed by errors, and loose play all around. Even in this sudden storm, there were several Manufacturers who remained steady. Wyatt, Clark, and Blalock being the most noticeable. Hazelwood outplayed the Enka team, and Putnam out-pitched his old "Smoky Joe" Hall until the 6th inning.

Following is a play by play description of the game:
FIRST INNING
Hazelwood—Scruggs flied out to center field; Blalock tripled to right; Fisher sacrificed; Blalock scored; Putnam got on by an error on first; Scruggs struck out.

Enka—Cooper walked; C. Merrill flied out; Norman bunted; Monday safe on fielders choice; Allen went out to center field.
SECOND INNING
Hazelwood—Putnam went out 2nd; Andy Wyatt rolled out, 3rd; Inman singled to center field; Blalock singled; and Scruggs struck out; and the Manufacturers turn at bat. Enka—Morgan went out short to center; Candler safe on error on 1st; Merrill walked; Hall walked; Blalock scored; Candler and Merrill popped out; Norman retired the side.

RD INNING
Hazelwood—Blalock fanned; Fisher flied; G. Wyatt flied; Morgan fanned; and H. Merrill fanned.
FIFTH INNING
Putnam rolled out; Scruggs struck out and Inman struck out; Hall rolled out; pitcher to center.

Manufacturers To Play Strong Team In Canton Sat.

Next Saturday the Manufacturers will journey to Canton for a game with the team there. After last week's defeat by the Enka champions, the Manufacturers are out for revenge. Because of the defeat last Saturday, the Manufacturers are not out of the running for the first half honors. Enka comes here for the last game of the first half, and if the Manufacturers can win at least four of the remaining six games before the Champs come here, they still will have a shot at the title in the last half.

There were actually more people from Waynesville and Hazelwood at last Saturday's game than there were from Enka, and there was a nice crowd at the game. While of course there is no stronger rivalry between Hazelwood and Canton than there is between the Manufacturers and any other team in the league, the games between these two teams are always close, and anyone who makes the trip with the team can rest assured that they are in store for a good ball game.

Allens Creek Is Winner In Soft Ball, Over Way.

After getting off to a 7 run lead in the first inning of the soft ball game between Waynesville and Allens Creek, the Allens Creek team swamped their opponents 17-6. Both teams seemed to have plenty of power at the plate, but Allens Creek held a decided edge in the defensive part of the game. Taylor was the defensive star for the winners, while Stentz was very probably the most outstanding player on the Waynesville team.
Waynesville: Stentz, Bill Phillips, and Platt.
Allens Creek: Mull and Collins; Shook; (Allen's Creek 17)

Fishing License For 1937 Made In Shape Of A Fish

Number Of Places In Haywood County Have Fishing Licenses For Sale

Licensed North Carolina fishermen will at least begin their outings this year under a good omen in the form of a new type of permit button shaped like a fish.

The state fishing license buttons this year will be of metal in the form of a bream, one of the most popular of the game fishes in North Carolina, according to an announcement today by J. D. Chalk, state game and inland fisheries commissioner.

Last year, an innovation in the form of the first metal license button was issued for the state hunting and fishing license. This special feature, according to Mr. Chalk, stimulated materially the sale of this type of license, and similar results are expected from the new type of fishing license.

The new plate is bronze colored, about two inches in length and one and a quarter inch in depth. At the top it carries the year for which it was issued and a facsimile of the State seal. In the center are words, "North Carolina State Resident Fishing License," with the number of the tag in the bottom center.

The season for warm water fish will begin on June 11 in Western North Carolina counties. Trout fishing in Western North Carolina which opened on April 15 will continue until September 1.

The following list gives the selling agents of licenses in Haywood county:

- Waynesville—Alexander's Drug Store, R. G. Coffey.
- Hazelwood—Ralph Summerrow.
- Saunook—John Hawkins.
- Clyde—Clyde Pharmacy.
- Canton—Nantahala Hardware Co., and Haywood Hardware Co.
- Woodrow—E. B. Rickman.
- Sunburst—Dave Turner.
- Fines Creek—R. G. Rathbone.
- Cruso—W. B. Poston.
- Cataloochee—Jarvis Palmer.
- Big Creek—Jake Sutton.
- Maggie—K. P. Lowe.
- Dellwood—Moody & Mehaffey.
- Lake Junaluska—Ed Potts.
- Waynesville, Route 2. R. W. Howell.

could be obtained

This is merely a suggestion. If the boys were really interested, a representative or two from each team could meet and work out plans. It would be best if each team got some older person interested in them.

It would mean a lot of fun for every boy concerned, and a little talent might be uncovered. And at the end of the regular season, an All-Star team from all three of the entrants could be picked and some out of town teams met.

Balsam Street Defeats Hazelwood

Lower Hazelwood fell before Balsam street (upper Hazelwood) by the score of 19-7 in a junior baseball game on the local diamond here Saturday. The lower Hazelwood sent four hurlers to the mound in a vain effort to stop the Balsam street runs.

Holsenback started for the winners, but retired in favor of L. Woodard in the fifth inning.

McMahan and Carrol Truitt were outstanding for the defeated team, while Woodard very probably turned in the best all-round performance for the winners.

Balsam street: Holsenback, L. Woodard, and Moore.

Lower Hazelwood: T. Troutman, C. Truitt, G. Johnson, McMahan, and T. Fisher.

GORDON HENDRICKS

Charlie Munday, who caught for the Asheville Tourists two years ago, was behind the plate for Enka last Saturday, but didn't appear to have a thing on Clark, local receiver. Clark was credited with 1 hit in four times at the plate, while Munday went hitless.

Both catchers were credited with one wild throw... but at that, the Manufacturers stole more bases than Enka.

There were more people from Hazelwood and Waynesville at the game than from Enka and vicinity; but they were quiet for some reason, even when Hazelwood was in the lead.

Wyatt and Clark, although they failed to come through in such fine fashion at the plate, were the mainstays on the defensive.

The entire Enka line-up is composed of veterans; some of them such as Hall, Allen, Norman, and C. Merrill having several years behind them in the Industrial League.

Coach Weatherby was absent Saturday, but will be with the team next Saturday at Canton.

Blalock came through nicely in the pinches, hitting two triples, one with men on second and third. He made one error, but otherwise tended his territory nicely.

Manager Shields put the boys through a snappy batting and infield practice before the game, and had his outfielders chasing flies; it looked as if the boys were going to have a good day.

In the past week, there have been at least four games of baseball played between junior teams of Hazelwood, Allen's Creek and Waynesville.

Say, boys, why not organize a junior league? The two Hazelwood teams could combine, and a swell little three-club league developed, with Allen's Creek, Hazelwood, and Waynesville as the teams in it.

The games would not necessarily have to be played on the Hazelwood diamond, but it would be best if it
