## Poppy Day Will Be Observed 29th

Poppy Day will be observed in Waynesville this year on Saturday, May 29. The day when once each year people of America pay tribute to those who gave their lives in America's service during the World War, by wearing their memorial flower, the poppy.

The Haywood unit of the American Legion Auxiliary under the leadership of Mrs. Eli McGee, unit poppy chairman, will distribute the poppies that day. You will be aiding the war's living victims by the contributions you make for the flower.

The flowers offered for sale on Poppy Day are not, of course, natural flowers. Their petals are only paper and their stems wire, yet into them we have breathed the spirit of patriotic sacrifice as they bloomed under the hands of the disabled veteran and his family, who made them.

### Dog Poisoning In Hazelwood Seems To Be Ending

Between 50 and 55 dogs have been reported killed in Hazelwood during the past few weeks, with what is believed to have been poisoned meat and biscuits which were thrown in yards and in some instances on porches.

In an effort to catch the guilty person, or persons, rewards totaling \$100 are being offered by the town and individuals, according to advertisements appearing in today's issue, for information leading to the arrest and conviction of the persons spreading the poisoned foods.

Mayor Whitner Prevost stated that over 40 dogs had been burned in the furnace of the plants in Hazelwood, while something like ten or fifteen had been buried.

During the past few days no dogs have been reported as having died, and it is the general belief that the wholesale slaughter of the dogs has come to an end.

Wm. Chambers is offering a reward of \$25 for the arrest and conviction of the person or persons who poisoned his dog last Saturday night.

Police in Hazelwood have been carefully watching for the guilty parties, but have not made any arrests, it was said Wednesday.

## House Appropriated 5 Millions For Blue Ridge Parkway Wed.

### Seeking Parkway

CHAS. E. RAY, JR.

### Federal Survey In This Area Will Be Sought At Once

Congressman Zebulon Weaver wired Frank W. Miller here last night, that the House of Representatives, had late Wednesday, voted by an overwhelming vote, to restore the original appropriation of five million dollars for the Blue Ridge Parkway.

Late last week, the House appropriations committee reduced the budget recommendation for the Blue Ridge Parkway construction from five millions to two and a half millions.

North Carolina Congressmen got busy at once, and by the week-end reported that the situation was "well in hand."

The reason the fifty per cent cut was sought by the appropriations committee was in keeping with the President's economy movement to reduce Federal expenditures.

It is almost certain that a meeting of the newly formed Western North Carolina advisory committee will be called at an early date, by Chas. E. Ray, Jr., and a request made of the department of the Interior for a survey of the adopted route west of Asheville.

No statements were available last night on this, however.

### Haywood Is Part Of 10th District

As directed by the 1937 Legislature, the North Carolina Highway and Public Works commission at a meeting Wednesday divided the state into 10 administrative and maintenance districts. In recent years there have been five divisions divided into 25 districts.

Chairman Frank Dunlap said each of the ten divisions will have an engineer, an assistant engineer and three-district engineers and that each will be divided later into three districts. He said 10 engineers will be added to the personnel, additional duties being imposed upon the division and district engineers.

Haywood is part of the tenth district. Other counties in the district are Avery, Mitchell, Yancey, Madison, Buncombe, Henderson Transylvania, Jackson, Swain, Macon, Clay, Graham, and Cherokee.
