Dunham To Operate Belle Meade Again

Kenneth Dunham, under whose management the Belle Meade playgrounds adjoining the Waynesville Country Club, enjoyed such a successful season last year, will again be in charge of this popular feature of the summer entertainment for both the tourist and the year round residents.

Mr. Dunham, who is a student at Tulane, will arrive the second week in June, and Belle Meade will be opened to the public shortly after.

Memorial Day Service Will Be Held At Three Sunday

Memorial Day will be observed on Sunday, May the 30th, with appropriate exercises held jointly by the American Legion and the Legion Auxiliary at Green Hill cemetery.

The program will begin promptly at 3:00. At 2:30 all members of the Legion and Auxiliary and all ex-service men are requested to meet at the American Legion home and march to Green Hill cemetery.

The program will be opened with the impressive advancing of the colors by the color bearers, followed by the pledge to the flag by the entire assembly. The first stanzas of "America" will then be sung. Invocation will be offered by the Legion chaplain, R. H. Gibson.

The principal speaker of the afternoon will be the Rev. R. P. Walker, pastor of the Presbyterian church, who will be introduced by Post Commander J. H. Howell.

Miss Ida Jean Brown will sing "My Buddy." Post adjutant, L. S. Davis, will have charge of the roll call. Benediction will be given by Dr. Walker, followed by taps.

After the program the graves of the soldiers in Green Hill will be decorated and all those attending are asked to bring flowers for this purpose, and to also wear the poppies bought the day before, as a further memorial to the World War veterans.

In case of rain the program will be in the assembly hall of the Legion Home.

Poppies Will Be Sold On Saturday

Saturday, May the 29th, will be Poppy Day. A day of remembrance and gratitude for all Americans. On that day they will have an opportunity to show that we remember and are grateful for the services of those who gave their lives in defense of those things which we cherish most deeply—America's ideals of freedom, justice and democracy.

On Saturday the citizens of this community, will be given an opportunity by the women of the Haywood unit of the American Legion Auxiliary to wear a red poppy, a little thing, yet great in meaning.

For 19 years the poppies have kept their watch by the graves of America's old War dead. Each spring they renew their tribute as millions of Americans wear them.

The women of Haywood unit are making extensive preparations for the observance of the day under the leadership of Mrs. Eli McGee, unit poppy chairman.

Every cent of the money received from the poppy sale will be used for the relief work by the Haywood unit, and "those who rest in Flanders Field" will be honored by service to the living.

Opinions Given By Local Citizens On Cooking School

(Continued from page 1)
Haywood County attend the cooking school at the Park Theatre this week.

MRS. HARRY RUNG—"When I was asked to go to a pre-view of the Cooking School picture Tuesday morning I hardly felt that I could spare the time at that hour of the day. But I did go and am thoroughly glad I went. I did not realize so domestic a process as cooking could be so clearly illustrated and explained as this picture proves it to be. In fact I like it better than the old way, where there is always a lot of confusion with people on and off the stage and where it is sometimes difficult to hear everything one wants to hear. There is none of that in the picture; you can hear every word and the illustrations are perfect—just as good as anyone could do by personal appearance.

"Modern refrigeration and kitchen equipment makes the kitchen these days such a delightful place to work that much of the drudgery of the old days some of us have known is entirely gone and cooking has become a real pleasure. This together with the modern wonderful packaging of food and the great variety of it truly makes the kitchen an inviting place to be and there are many valuable things shown in this picture from which we all can learn much."

Must Serve New Dishes To Please

(Continued from page One)
called. There will be several cans of the "Spry" shortening which is featured, with such luscious results, all types of Pillsbury products, several cartons of Coca-Cola, and other standard articles given daily. Interesting displays of food will also be featured in the lobby of the theatre.

10,000 Two-Color Folders Printed For Local C. Of C.

Ten thousand large folders have been delivered to the Chamber of Commerce to be used in their publicity campaign this year.

The folders are printed in two colors—black and orange on white grain paper.

New pictures were used throughout, and two new maps are also included. One map shows Waynesville's relative position in regards to Eastern America, and the other shows in detail, the immediate territory within a thirty-mile radius.

The folders cover four subjects: Homes, agriculture, industry and recreation.

Views of the industrial plants of the county, some farm scenes, local residences, park views, Lake Junaluska, street scenes and a picture of the court house are all included in the folder.

The folders were published under the direction of the publicity committee, of which Mrs. T. L. Gwyn is chairman. Members of the committee include: Paul Martin, Harry M. Hall, W. Curtis Russ, Paul Hyatt and W. H. Woodward.

Unemployment And Relief Will Be Given Close Study

The Senate committee on Education and Labor have voted to report favorably the Murray-Hatch resolution calling for the appointment of a Federal commission to study the general problem of unemployment and relief. The action was regarded as an important step preliminary to the expected fight in the Senate over the relief appropriation of \$1,500,000,000 which the House will approve this week.

luck is running well this week, it would be advisable on account of the prizes to attend all three occasions. And if you aren't lucky, don't worry, it will be time well spent just to learn something new about making that dish that has long had such masculine appeal—apple pie.

Large Crowds Are Attending Revival At Baptist Church

Dr. J. B. Weatherspoon, of the Southern Baptist Theological Seminary, of Louisville, Ky., is conducting an eight day revival for the Rev. H. W. Baucum, at the First Baptist church, which began at the morning service on last Sunday. At the evening service the other denominations of the town joined in worship at the Baptist church.

Daily services held at 10 a. m. each morning and at 8 p. m., are attracting large numbers from all the congregations of the town.

Dr. Weatherspoon is a forceful speaker, and his messages are brought

Dr. Truesdale And Family To Visit In Columbia, S. C.

Dr. and Mrs. R. S. Truesdale and daughter, Miss Bobbie Jean Truesdale, will leave tomorrow for Columbia, S. C., where they will attend the commencement exercises of Columbia College.

On Sunday Dr. Truesdale will preach the baccalaureate sermon. Mrs.

with such sincerity, that all who hear him are greatly impressed.

He took for his topic on last Sunday morning, "Behold I stand at the door and knock," and at the evening hour, "Choose you this day whom ye will serve." On both occasions he made a strong plea with the Christian people to make a more definite choice between Christ and the nameless gods of today.

Truesdale will attend the banquet of the college, which is the alma mater.

Dr. and Mrs. Truesdale made Columbia for many years, and his pastorate there the former of two Methodist churches.

In the absence of Dr. Truesdale the pulpit of the First Methodist church will be filled on Sunday morning by the Rev. R. E. Stakhouse, of the per South Carolina conference.

WATKINS NEWS

VOL. 1 ECONOMICAL TRANSPORTATION NO. 1

Published Every Thursday by Watkins Chevrolet Company, Inc.

What about the health of your automobile? During these warm days you often feel sluggish and have to make yourself put one foot before the other. That is one form of spring fever. Well, cars have spring fever, too.

You can't expect a motor to be peppy, and rearing to go unless you have looked after its health.

Now when you get sick, or under the weather, you consult the best physician available. That is what you should do about your car's health. Consult a garage whose

mechanics are specially trained for their work. Our mechanics have had special training under the most exacting teachers. This, together with long years of experience enables us to diagnose your car's ailments quickly.

Now that the traffic lights are on again in Waynesville, you will need a quick pick-up—we suggest that you let us tune your motor and fill the tank with Fire Chief gas.

You will also need good brakes—we have the equipment to give you the best.

Do you wash behind your ears? Now we admit that that is a rather personal question, but

probably as far back as you can remember you were taught the value of cleanliness. We wash more than the exposed surface of your car—inside, outside, on top, underneath—yes, we actually wash behind its ears. And this extra service costs no more than an ordinary wash job, but you'll soon notice the difference.

A small cut on a tire today might mean a blow-out and a serious accident tomorrow. Excessive heat from hot highways is hard on tires—better see us and let's talk about a new set.

Most motorists are gamblers—no; in the real sense of the word,

but they will take a chance. Always taking a chance on whether the motor is in good condition is sometimes expensive. It takes but a short while to give one a thorough check-over and the assurance is worth much more than the small cost.

This is a fast world we are living in. Some are going so fast that they do not have time to make friends—there is a time in every person's life when friends are needed—better stock up now.

"I COVER the Philadelphia WATERFRONT"

The TRUE Story of Bill Wilson, a Philadelphia reporter, who found "scoops" can be made in more ways than one.

IT'S MY JOB TO GET THERE FIRST WHEN THERE'S NEWS ALONG THE SCHUYLKILL AND DELAWARE

LONG AND SHORT RUNS, CHASING NEWS... A HOLD-UP... A FIRE...

MAYBE IT'S AN ACCIDENT, OR A FERRY SMASH... BUT, BELIEVE ME, THEY ALL EAT INTO MY FUEL TANK

I'VE STOPPED AT PRETTY NEARLY EVERY SERVICE STATION AND TRIED THEM ALL...

ONLY TO LEARN A TANKFUL OF ESSOLENE CARRIES ME ON TWO OR THREE MORE STORIES THAN THE REST

AND THAT NEWS IS AS VALUABLE TO ME AS MAKING A "SCOOP" A WEEK

WRITTEN testimony of thousands of motorists is your assurance of extra mileage with Essolene. This regular priced motor fuel gives more miles per gallon than even most premium priced gasolines and no gasoline at any price gives more.

Essolene is different... so different it's actually been granted a U. S. Patent. Different, patented, loaded with extra miles. Try one tankful and see why Happy Motoring starts at the Esso Sign.
