Wednesday, July 7, 11 a. m., address, Dr. Alva W. Taylor. 8 p. m., motion picture.

### Work Started On World's Largest Building, Russia

After nearly five years of delay Soviet engineers in Moscow, have started laying the concrete foundation for the great palace of the Soviets, projected as the world's biggest and highest building. The palace as presently planned promises to be as bizarre a memorial to the Bolshevik revolution, as Ivan the Terrible's unique monument to himself, in the Red Square, the famous St. Basil's Cathedral. The building proper, which is to rise 1,050 feet, will serve as a pedestal for a 325 feet statue of Lenin shown with his right hand pointing forward in oratorical pose.

### Varied Programs At Lake Mark Opening Of Season

Marking the close of the initial days of the Methodist Assembly under the new management, the present week will witness the close of a Bible conference in which outstanding Bible scholars and translators have taken part.

Bible Week will be followed by Christian Citizenship Week and indications point to another high record in point of attendance and program interest. Outstanding speakers on the Citizenship Week program include Dr. Humphrey Lee, dean of the school of religion, Vanderbilt University, Nashville, Governor Clyde R. Hoey, programmed for an address Friday evening, July 9; Dr. Alva W. Taylor, of Nashville, educator and widely known lecturer on social and economic questions; Dr. W. P. Few, president of Duke University and Dr. W. S. Fitzgerald, Duke University professor, scheduled to speak on Sunday, July 11 at 11 a. m. and 8 p. m., respectively.

The 1937 season of the Junaluska Assembly got off to a good start last Sunday with the traditional celebration of Haywood County Day. The Honorable Josephus Daniels, Ambassador to Mexico, and the Rev. Clare Purcell, of Gadsden, Ala., were heard in the auditorium at 11 a. m. and 8 p. m., respectively. The Junaluska departmentalized church school got under way with more than 100 enrolled in the various divisions, under the general superintendency of G. C. Speidel. Afternoon activities included a "hillbilly" program of mountain music sponsored by the mountain mission of the Salvation Army, which conducted a ten-day leadership school here. The children's story hour was led by Miss Edith Long, supervisor of the Ivey Playground here. More than 2,000 persons attended Sunday services.

During the present week special emphasis has been given the Bible and more than usual interest centered in the week's program with Dr. James Moffatt, of Glasgow, Scotland and Union Theological Seminary, New York City, conducting study courses in the Gospel of John. Moffatt's version of the Bible in modern speech has made him a notable figure throughout the religious world.

Supplementing the Moffatt program, Dr. H. E. Myers and Dr. Kenneth Clark, Duke University professors, spoke from the platform on Old Testament and New Testament themes on Monday and Tuesday evening respectively, of the present week.

The first musicale of the season will be an auditorium attraction Friday at 8 p. m., under the direction of Professor Walter Vassar, head of the voice department of Greensboro, who is in charge of the assembly's music department. Mr. Vassar will be assisted by the following persons: Mrs. James De LeGwin, of Greensboro, soprano soloist; George Allen, Atlanta, tenor soloist; Miss Martha Moore, Glen Alpine, alto soloist; Mrs. Q'Zella Jeffus, of Fort Worth, Texas, organist; L. T. New, bass soloist; Mrs. Vassar, pianist and the following student helpers: Misses Nellie Alexander, Kannapolis, Mary Louise Thacker, Greensboro, Virginia Smith, Greensboro, sopranos; Misses Ellen Singleton, Durham, Nancy Byrd Miles, Greensboro, and Margarette Godwin, New Bern, altos.
