### Putnam Pitches His Sixth Winning Game Of Season

Beacon Almost Upset Score In Ninth Inning. Hazelwood Players Play Good Ball

By Gordon Hendricks.

Hazelwood's Manufacturers came through in fine fashion here last Saturday to register their fourth victory in the second half, with "Lefty" Bob Putnam allowing only 10 scattered hits and pitching superbly in the ninth. The Beacon aggregation was first blood, scoring their only run in the second inning as a result of two singles and a wild pitch. The Manufacturers came back, however, in the third to even matters by means of an error, a single by Ed Wyatt, new first baseman, a single by Field Captain "Dutch" Fish and a walk by Blalock.

On the sixth inning, Clark doubled and two men already out, and came in when Putnam won his own ball by a single to right field.

**Ninth Inning Scare**

In the ninth frame, with the Manufacturers still leading 2-0, S. Patton and H. Patton singled for Beacon, with only one man out, it looked as if the score would be at least tied. Bymer hit into a double play, but he hit a hot grounder to Inman, who tagged the base for the benefit of S. Patton, and then threw out at first. This was third out of the double-play of the game.

## SLANTS ON SPORTS

GORDON HENDRICKS

Golf is in again... the Waynesville Country Club tournament this year is expected to attract the largest number in its history... the course is in fine shape despite the fact that over a hundred persons have been playing it daily for the past two weeks.

Club-swingers of every description have been touching up their games for the past few days now, for the tournament... Some very good golf should be presented in the first flight.

The course has been crowded every day, but it is in surprisingly good shape, thanks to Mr. Long... and those daily rains haven't hurt any toward keeping things green.

Well... two more games and the Industrial League season will be over... it looks now as if there isn't a team that has a chance to catch Enka... Hazelwood is in second place, but Enka would have to lose both their last games for us to win.

The boys really played fine baseball over at Beacon Saturday, and with a revised line-up at that! Putnam hung up his sixth victory, as compared to five defeats... he has pitched in more games than any other pitcher in the league, with the exception of Joe Hall, of Enka.

Clark, with two hits in four times at bat, one of them being a double, the only extra-base hit of the game, was the leading Hazelwood hitter... Brown was next with two singles in five trips to the plate.

Beacon's line-up had seven left-handed batters... that seems to explain why they have been hitting so well against right handed pitchers.

Only one free trip to first base was allowed... Rhymur walked Blalock in the third inning to force in a run.

The Industrial League all-star team will be announced within the next three weeks... At least two, maybe more, of the Manufacturers will be given serious consideration.

Two more games, both of them at home, will end our season... Beacon comes here this Saturday, and Green River will visit Hazelwood the following week.

Just think... it won't be so very long now until the boys begin to kick and pass, block, tackle, and charge... it looks now as if Coach Weatherly will have to break in a lot of new material, but trust him to come up with the best eleven that is possible for him to get together.

Good definition of Salesmanship: "The art of selling products that will not come back to customers who will."

### First Of Series Of Weekly Boxing Matches Started Under Auspices Of American Legion

Boxing fans will have an opportunity of seeing five boxing matches here Friday night at the Masonic Temple, when the first of a series of fistie events are staged, under the auspices of the American Legion.

As far as local fans are concerned, the 4-round event between Dewey Patton and Fagg Sawyer is expected to be the highlight. Both are rated at 180 pounds each, and promoters are of the opinion that this will be a close bout.

The battle royal between five negroes will be the entertaining feature of the night.

A six round bout will start the event, and will see Jimmy Staples, of Huntington, W. Va., meet Johnny Touchstone, of Greenville, Tenn. Each weigh 145.

The second go will be between Bud Carrier and Tony Watson. Carrier is from Greenville, Tenn., and Watson hails from Baltimore. Both weigh 130.

Six rounds are slated for Stacy Reeves, 165 and Jack Dawson, 160. Reeves is a Greenville fighter and Dawson is from Johnson City.

### Burnsville Too Much For Independents Last Week

Hazelwood Independents were beaten by Burnsville Saturday at Burnsville, 10-4. Louie Byrd started on the mound for the Hazelwood team, but gave way to Troutman when he weakened in the sixth inning.

This game will probably wind up the Independent's season, except for a series which they will play the Hazelwood Manufacturers after the Industrial League season is over. Hazelwood fans are looking forward to this series.

### New Hospital For Vets Planned For This State

It became known recently that the board of hospitalization of the Veterans administration had decided to build a new \$1,500,000 veterans' hospital in North Carolina. The report was sent to the president who forwarded it to the director of the budget for general study as to whether the finances of the Veterans' administration were adequate for the new hospital. If the budget director gives his approval the President will announce that the new hospital will be built in this state.

### Big Entry List Is Expected. 3 Flights Planned

Indications Are That A Number Of Outstanding Golfers Will Enter Contest

By Gordon Hendricks.

Qualifying rounds for the annual Waynesville Country Club goal tournament are slated to begin tomorrow, August 20th, with one of the biggest fields in the history of the tournament expected to enter.

The management is offering a much better group of prizes this year, and this fact alone has been the object of considerable interest. For first prize, a complete set of wood clubs is being offered, with a box of twelve Spalding Tournament golf balls as the prize for the runner-up.

In the second flight, a brown leather traveling bag is the main attraction, with a box of Fairway golf balls for the runner-up. The third flight winner will receive a gladstone traveling bag, and the runner-up will get a box of fifty-cent golf balls. A putter will be awarded for the lowest qualifying score.

### GOOD GOLF EXPECTED

The first flight should be interesting indeed, since the list will include the names of some of the best golfers in the section. Robert Hendricks, winner of both the Rotary tournament and the Country Club tournament last year, Paul Anderson, recent winner of the Rotary tournament this year, Aaron Prevost, former winner of the Rotary tournament and Ed Romph, of Miami, who played several exhibition matches with Jack Toomer, club professional, are expected to be among those to enter.

The tournament will be run off in the usual manner, according to a statement by Jack Toomer. Present plans include three flights only.

### Hazelwood Second Team Split Games

Earl Massie's Hazelwood Scrubs defeated the Canton High school team last Friday, 11-3, with Woodard on the mound for the winners. After the Hazelwood second team had scored freely in the early innings, there was no doubt as to who the winner would be.

On Saturday, this same team journeyed to Speedwell, and was beaten in a very close and exciting game by a score of 6-4. Massie pitched the entire game.

### NAPOLEON NEVER AT ST. HELENA

More books have been written about Napoleon Bonaparte than any other person in history since 30 A. D. The smallest detail of his life has been analyzed and interpreted hundreds of times. Geoffrey Goldsmith, a Washington, D. C., lawyer, claims that he has uncovered enough evidence to prove that Napoleon was never at St. Helena, and the prisoner who was there was an imposter.

Some people die at thirty, but are not buried until eighty.
