### Will Coughing?

Creomulsion is the only medicine you can get for your cough, chest cold, or throat irritation, you can get relief from Creomulsion. Serious trouble with your cough and you cannot afford to take a chance with any remedy less than Creomulsion, which goes to the seat of the trouble and aids in the healing process. It soothes and heals the inflamed membranes and to loosen and remove the phlegm.

## 75 Million Russians To Cast Votes Soon

In the coming Russian election, which probably will be held in the middle of December, some seventy-five millions of electors will vote for upward of two million Soviet Deputies, from Supreme National Council—down to village and factory Soviets. For the first time in the history of Russia there will be a vote by secret ballot, which means a terrific change for Russia, which had no electoral right to speak of twenty years ago. It is said that the masses of the peasants are more or less bewildered by the innovations in their country and do not understand the new articles of the constitution.

## DAIRY COWS ON ROUGHAGE ALONE PRODUCE A PROFIT

Dairy cows in good condition may produce profitably on roughage alone when grains are scarce and expensive without ill effects upon the herd. Sixteen registered Jerseys at Lewisburg, Tenn., were allowed only legume hay and pasture, in a year produced more than 60 per cent as much milk and butterfat as when on roughage with a full-grain ration. In similar tests over a larger period, Holsteins also produced above 60 per cent as much milk and butterfat on a roughage ration as when on a full-grain ration. Although averaging from 200 to 300 pounds less in weight, the Jerseys consumed an average of 12 pounds more roughage each month for each 100 pounds of weight. Both breeds received only best quality hay. All cows were accustomed to a roughage-alone ration before the feeding tests were started.

### Strength During MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place. In such cases, Cardul has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.
